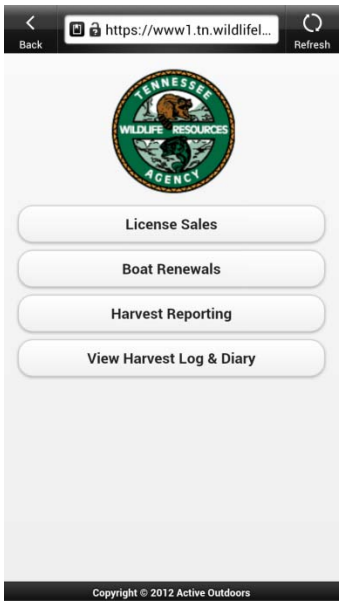
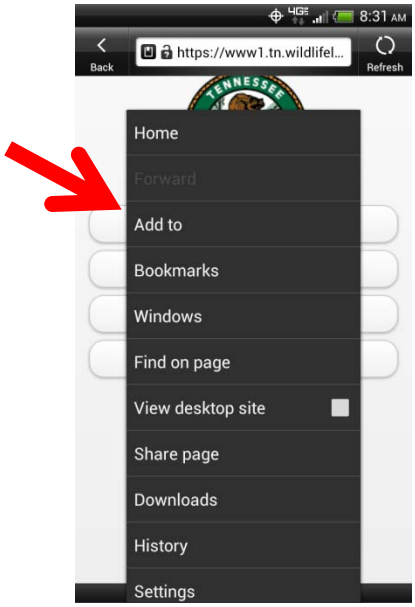
Adding a bookmark to an Android Home screen

Each Android phone is a little different so here are a few ways to add the TWRA Mobile Application Link to your Home Screen.

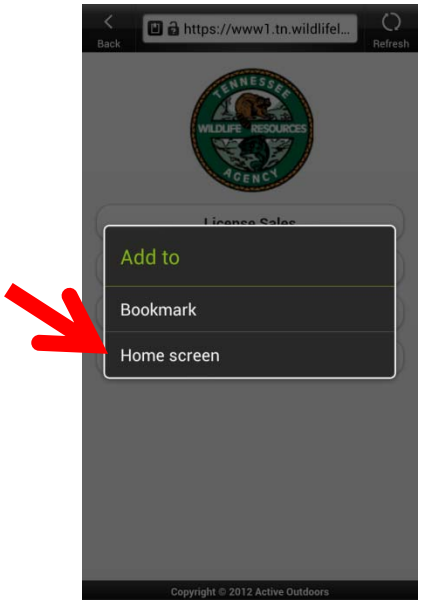
- Bring up the Internet Browser on your phone.
- Type in GoTWRA.org in the address line and press “Enter” or “Go”.



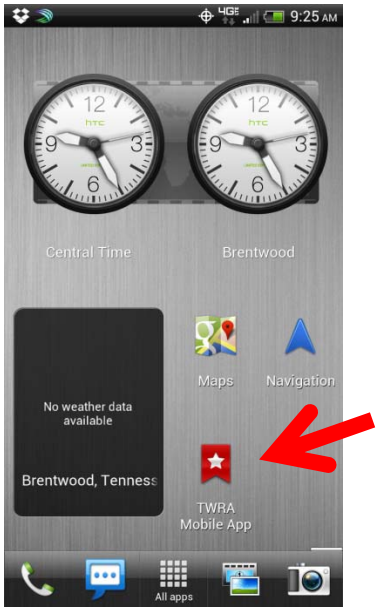
- Once the page is loaded press the “Menu” button on your phone. Choose “Add To”.



- Select “Home Screen”.



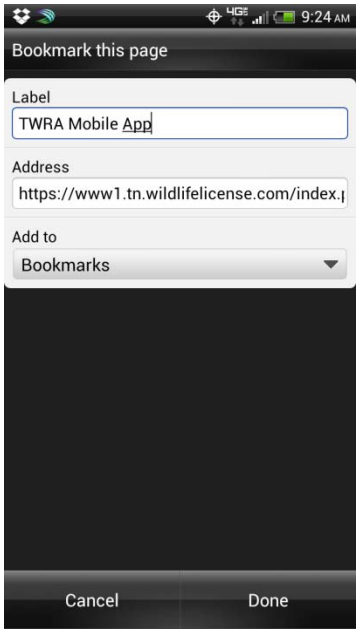
- Locate the link on your Home page.



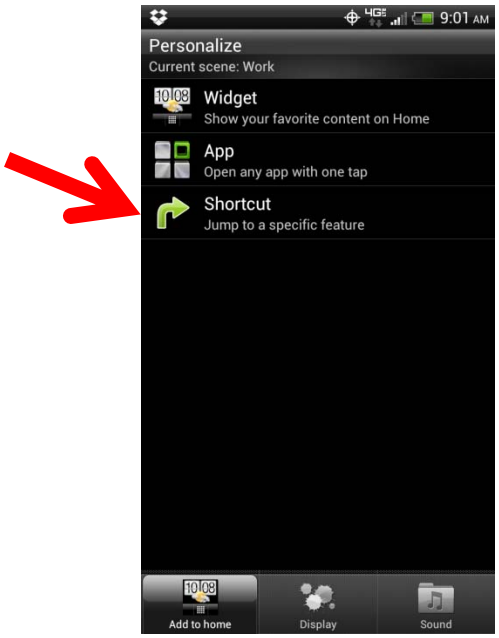
The Icon may look different depending on which Android phone you are using.

Here is another way to add the link to your home screen on an Android phone.

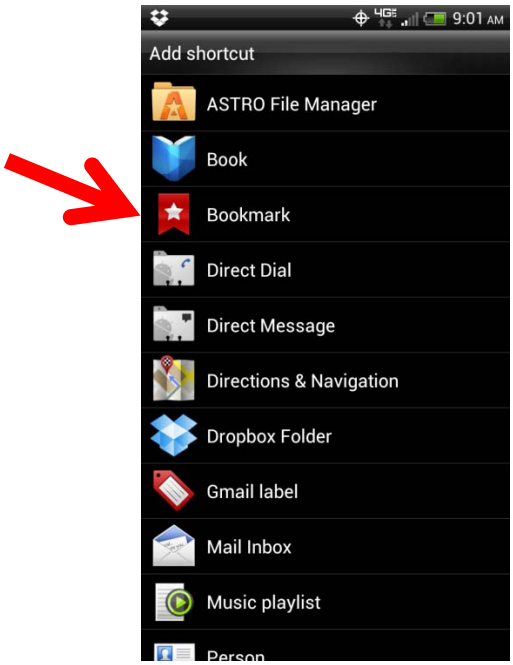
- Create a bookmark of the TWRA Mobile App page in your Internet Browser.



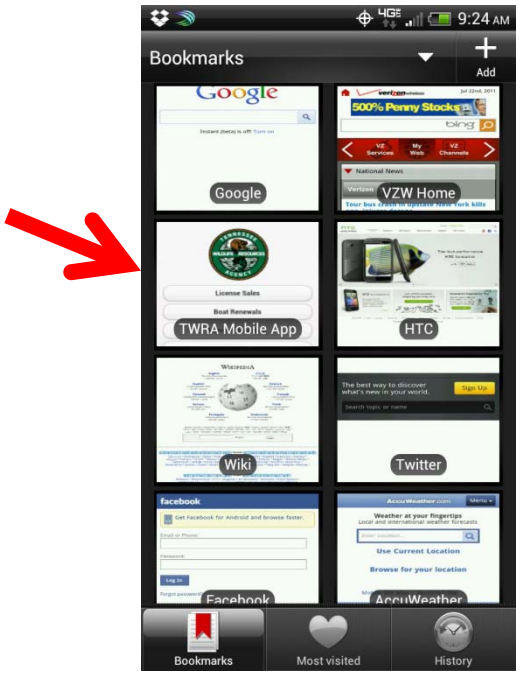
- Go to the home screen you want to add the link to.
- Long-press in an empty space to bring up the “Add to Home Screen” menu.
- select “Shortcuts”.



- Select “Bookmark”.



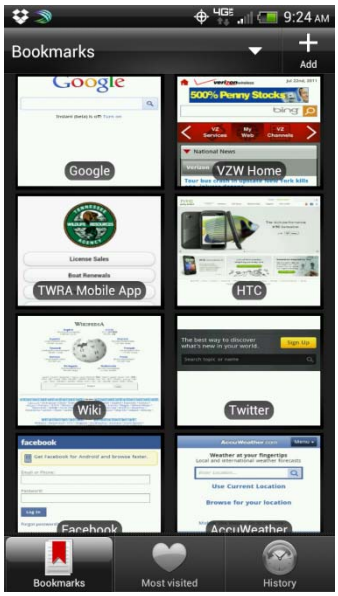
- Choose your bookmark.



The icon you get will be the standard bookmark image or a small overlay of the site's favicon.

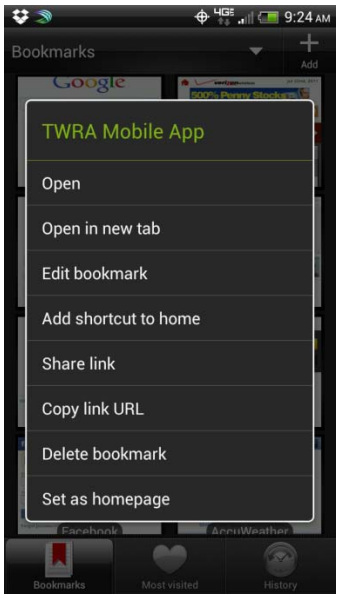
You can also add the shortcut directly from you Internet Browser bookmarks.

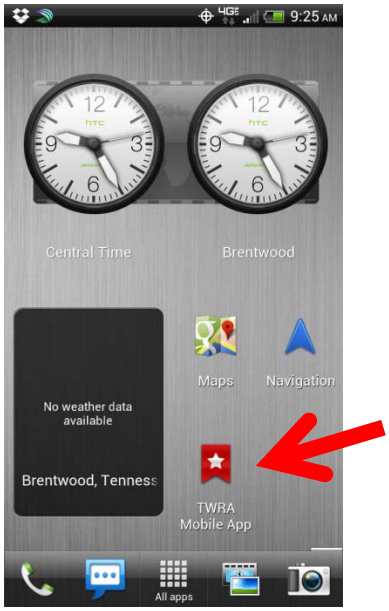
- Create a bookmark of the TWRA Mobile App page in your Internet Browser.
- Open the browser "bookmarks" screen.



- Long-press the bookmark you want.

- Select “Add Shortcut to Home”





You now have a Shortcut to the TWRA Mobile Application on one of your Home Screens.
