**TDOC BED SPACE AND OPERATING CAPACITIES
ON
August 31, 2016**

TOTAL BEDS AVAILABLE

Institutional capacity designed and constructed for housing inmates sentenced by courts. This category includes general prisoner population, segregation, classification, and special programs, e.g., mental health and health.

**TDOC OPERATING CAPACITY
(DESIGNATED CAPACITY)**

Operating capacity is based upon the number of total beds available and the designated use of certain beds. The OPERATING CAPACITY indicates the population which should be assigned to the institution on a regular basis. The underlying logic is to exclude from capacity beds for special purposes such as medical or mental health reasons, disciplinary segregation, protective custody, and maximum security. The Department's operating capacity is currently set at 98% of total beds available.

POPULATION

The POPULATION reported is the assigned count on the last day of the month. It includes inmates on furlough, out to court for appearances, in the hospital, or on escape status. All of these are expected to return to in-house custody.
