

Comments from Parents

I have completed nine of the courses. I can't get enough! We have had 33 foster kids through our house in the last nine years. With each child comes their own unique set of problems. These courses are really opening my eyes to each of these individual problems. Thank you so much!

- Rhonda, Idaho

I am so enjoying FPC. I am better able to pay attention to instruction. It has answered so many questions I have had over the years, and I enjoy the personal feel of each course.
