Narratives

Disaster Damage:

Effects of the Disaster--Between April 30 and May 2, more than 22-inches of rain fell in the western portion of Tennessee. Feed by massive rainfall and run-off from creeks and streams, the large rivers in the affected regions attained record crests. Many of the record flood levels were set. Through the weekend and into Monday morning, the Cumberland River at Nashville rose more than 33 feet, cresting at 51.86 feet on Monday evening, May3. This crest was approximately 4 feet higher than the previous flood control era peak(47.64feet, March1975), and 10 feet higher than the original forecast issued Sunday morning. More than half of the state had reports of flood damage and approximately a dozen tornadoes in the storm touched down across the state. Twenty-four citizens were killed statewide, primarily by rushing water from flashflooding.¹

As a result of the May flooding, as many as 10,000 individuals were displaced and more than 1,500 homes were destroyed in Tennessee. Around the state, 102 bridges, 239 roads, and 19 water treatment plants were impacted or damaged.

TEMA's operation center coordinated distribution of 2.5million gallons of potable water to impacted communities and coordinated 3,000 state response personnel from 25 state departments and agencies and 1,000 mutual aid responders from unaffected jurisdictions. In the state, more than 20,000 local jurisdiction personnel responded to the disaster,as well as volunteers.

Since then,more than 65,000 individuals have registered for FEMA assistance. To date,more than \$269million in FEMA assistance has been provided to individuals in Tennessee. As a result of the storms and flooding, 49 counties (including entitlement counties) received Presidential Disaster Declarations for some kind of federal assistance.

President Obama declared Davidson County a Federal Disaster Area on May 4, 2010 (FEMA Declaration Number:FEMA-1909-DR). Massive damage occurred to private property and public buildings as well as infrastructure. Damage and economic losses are expected to be in the billions.

Recovery Needs:

Short Term Needs--The State of Tennessee short term disaster recovery needs were addressed through a mechanism coordinated through the Tennessee Emergency Management Agency(TEMA). TEMA assisted the local jurisdictions that were responsible for first responsebycoordinating with FEMA to supplement the efforts of the local teams through the establishment of Joint Field Offices. For Individual and Public Assistance, TEMA and other state agencies coordinated teams that included staff from various state and federal agencies that assist citizens, businesses, local governments and other entities impacted by the disasters to provide immediate assistance with their short term needs.

For the May 2010 disaster, the amounts of short term assistance totaled \$212.4 million, plus \$885,000 in unemployment benefits.

\$164 million was approved for Tennessee families in direct assistance through FEMA's Individual Assistance Program.

\$121.1 million in low-interest loans for individuals and businesses wasapproved by the U.S. Small Business Administration (SBA).

\$46 million was obligated by FEMA for Tennessee infrastructure repairs (eligible roads, bridges, utilities and other infrastructure damaged)

In the 40 counties declared for individual assistance, 67,954 Tennesseans had registered.⁴

20,919 residents visited Disaster Recovery Centers operated jointly by FEMA and the State of Tennessee

Emergency shelters, transitional housing needs for homeless individuals and families, and activities to prevent low-income families from becoming homeless due to this disaster were addressed during the short-term recovery period immediately after the disaster. Those needs will also be considered during the long-term recovery period. The State will work with the Tennessee

Housing Development Agency and their Continuum of Care organizations to provide necessary services through programs such as the Emergency Shelter Grant program and the Homelessness Prevention and Rapid Re-Housing Program. The needs assessment by the third-party administrator will assist ECD in determining what needs for these populations remain.

(2) Long Term Recovery Needs--In addition to the areas' short term needs which were generally addressed as outlined above, the affected jurisdictions also have long term recovery needs in the areas of housing, infrastructure and economic revitalization which can be partially addressed and leveraged through an emphasis on the CDBG activities outlined in the November 10, 2010 Notice. Other eligible activities may be undertaken that assist in the alleviation of unmet infrastructure and economic revitalization needs. The details are included in the proposed rating and selection criteria. A third-party administrative entity will assist the Department in assessing the long-term recovery needs of the affected communities. This assessment will include public meetings, surveys of local government officials or other methods and will occur as soon as possible after the administrative entity is under contract with the

Recovery Needs:

eDepartment.

Public Comment:

PUBLIC COMMENTS

The Department supports citizens in the disaster areas to participate in the development of the State of Tennessee Supplemental Disaster Recovery Action Plan.

(a) Following the opportunity for citizens and local governments to comment on the draft Action Plan, the Action Plan will be updated and amended and then submitted to the US Department of Housing and Urban Development (HUD). The Action Plan will set forth the method of distribution of funds for the HUD-funded program. Members of the public, especially persons of low and moderate income, are invited to review the draft Action Plan prior to its submission during normal business hours of 8:00 a.m. to 4:30 p.m., Monday-Friday, at the Tennessee Department of Economic and Community Development, 312 Rosa Parks Avenue, 10th Floor, Nashville, Tennessee 37243. The draft Plan will also be available on the ECD website at http://www.tn.gov/ecd/BD_CDBG_block_grant_program.html

(b) Comments are invited at the following address: ECDDisaster.Flood@tn.gov

PUBLIC COMMENTS RECEIVED

In accordance with the provisions spelled out in Section R above, the Department published the proposed Action Plan from June 7, 2011 through June 14, 2011 on the Tennessee Department of Economic and Community Development CDBG website and solicited and considered all comments received. The Department received no public comments.

Additionally,

(a) The Housing and Community Development Act emphasizes efforts to involve citizens, especially low- and moderate-income citizens, in all aspects of the CDBG Program.

(b) Applicants for and recipients of CDBG Disaster Recovery funds must certify that they will follow this plan that requires that local units of government will provide for and encourage participation in the planning, implementation and assessment of their CDBG

(c) Complete plan can be found at www.tn.gov/ecd/CDBG

Progress Toward National Objective Targets

Overall Progress Narrative:

TNECD assumed complete responsibility for the administration on these projects this quarter. Staff has been working closely with the grantees to determine where they are in the process and how projects are moving along. TNECD approved plans and specifications and change orders, payment requests, etc for the projects. All environmental reports have been completed. All funds released. Eight projects have been closed out.

Activity Description:

Provide emergency backup power at the wastewater treatment plant; installation of a 1,000 GPM wastewater pump for the wastewater pump station; installation of discharge piping at wastewater pumping stations; and the restoration of stream banks.

Location Description:

The construction will occur in the City of Milan.

Activity Progress Narrative:

Air Pollution Control Permit issues for the installation of a 50KW Generator at Humboldt Hwy Wastewater Pumping Station, and delivery of the generator has resulted in delays in installation. The sub-contractor will install the transfer switch at the Milan Public Utilities Operations Building once he is back on the job to install the generator. Per the engineer the sub-contractor should be prepared to install the generator mid-October.

Total Funds Expended	\$0.00	\$0.00
City of Waynesboro	\$0.00	\$0.00
Match Contributed	\$0.00	\$0.00

Activity Description:

Improvements at the water treatment plant to the chlorine tank room, main plant building and yard, filter backwash lagoon, raw water intake and raw water meter, and the "big basin" clarifier.

Location Description:

The construction will occur in the City of Waynesboro.

Activity Progress Narrative:

The project was bid on November 1, 2013. Ronald Franks Construction Co., LLC received the bid. Change orders 1, 2, and 3 have been approved. Kim Eakes is currently working on change order number 4 and will submit around the first week of October. The administrator will forward this change order to ECD. This project should wrap up around the end of November.

Total Funds Expended	\$0.00	\$0.00
Jackson County	\$0.00	\$0.00
Match Contributed	\$0.00	\$0.00

Activity Description:

Build a new fire station for the West End District, and build a new ambulance substation and purchase a new ambulance for Dodson Branch

Location Description:

The construction will occur in Jackson County.

Activity Progress Narrative:

Funds have been released and the project is in the plans and specifications stage. A request for additional funds (which was denied) and other local factors have slowed the process more than desired. The specs for the ambulance have been mailed to ECD for approval. Plans and specs for the two buildings are still in development and are expected by the first of November.

Activity Description:

Sanitary Sewer Rehabilitation.

Location Description:

Construction will occur in Town of Rutherford.

Activity Progress Narrative:

2,000 linear feet of sewer line has been viewed. The project engineer believes this is more than adequate to identify places requiring repairs. The City Council meets on 10/20/14 to vote on proceeding with line repairs. Engineer and administrator will then submit plans and specifications, solicit bids, and begin construction during March 2015.
