Curriculum is defined as a **complete** course of study for a particular content area or grade level. Curriculum must be official, online, or written curriculum, which gives the basic lesson plan to be followed, including objectives, sequences, and materials.

The department does not endorse or approve any particular curriculum and it is the role of the parent to decide which is best for their child.

To learn more about choosing a curriculum and supplemental materials required by the curriculum, see the "Use of Funds" chapter of the Individualized Education Account (IEA) Parent Handbook.
