

Preschool Information for Children 3-5

Preschool educational services are available to children with disabilities ages three through five who are eligible under the Individuals with Disabilities Education Act (IDEA). If your child has been receiving services through Tennessee's Early Intervention System, your Service Coordinator, with your permission, will schedule a transition meeting with the school system to discuss next steps. For information regarding services for children aged three through five who may have a disability, parents should contact the Special Education Coordinator or Child Find Office of their local school system, or contact the principal of their zoned elementary school. Requests for information and evaluation may be made in writing. For further information please contact:
