The Roots-N-Shoots of the Tennessee Division of Archaeology

In 1971, Mack Prichard was named as director of the newly organized Tennessee Division of Archaeology. Mack worked closely with members of the Tennessee Archaeological Society, and other avocational societies in the quest for knowledge and preservation of these Native American and historic sites. This presentation will highlight the early days of the Division of Archaeology and will include many Native American and historic sites that have been preserved. You won't want to miss this presentation!

Thanks to Ward Weems for his presentation on the Old Stone Fort at our April meeting.
