	<b>Other:</b>			

Instructions:

- Column 1- Check all waste streams being reported.
- Column 2- Typical waste streams. If not listed, please write in.
- Column 3- Estimate the approximate amount of waste recycled or disposed of (i.e., 100 four foot lamps, 10 gallons, 10 pounds)
- Column 4 Indicate whether the waste material was recycled or disposed of. If the material was not recycled please provide a brief note on why it was not recycled. Examples: "No recycler available", "Too costly," "Cost Prohibitive," etc.
- Column 5- Provide the name of the waste recycling or disposal company.
