

New Source Review newspaper advertisements for construction permit applications, September 8, 2016. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: September 7, 2016, or September 8, 2016. Public notices are generally published every week. The previous publication of public notices was September 1, 2016.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is Comcast of AR/FL/LA/MN/MS/TN, Inc., and DBA Comcast Oakland Hub with a mailing address of 2047 Max Luther Dr., Huntsville, AL 35810. They seek to obtain an air contaminant permit (Division identification number: 24-0098-02/971986) for a 100 KW diesel powered emergency generator engine located at 160 Doss Circle, Oakland, TN 38060. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Abbas Yavari is the assigned Division person.

For the Fayette County "Fayette Falcon"-- publish once on Wednesday, September 7, 2016.

The applicant is Colgate-Palmolive Company with a mailing address of 200 Centennial Court, Morristown, TN 37813. They seek to obtain air contaminant permits (Division identification numbers: 32-0238-06/71193; 32-0238-07/71208) for the construction of two (2) Emergency Generators located at the 200 Centennial Court, Morristown, TN 37813. This proposed construction would consist of one (1) diesel-fired engine (275-hp) and one (1) diesel-fired engine (355-hp); each with associated equipment used to produce power. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. B. Hall is the assigned Division person.

For the Hamblen County "Citizen Tribune" -- publish once on Thursday, September 8, 2016.

The applicant is Richardson Lumber Company, Inc. dba Waverly Wood with a mailing address of 650 Sawmill Lane, Waverly, TN 37185. They seek to obtain two (2) air contaminant permits (Division identification numbers: 43-0047/ 971801 & 971802) for the modification of woodworking operations located at the same address. This existing operation consists of equipment used to produce pallet lumber, railroad cross ties, and grade lumber. A cyclone is used for emission control in manufacturing the pallet lumber. The requested modification consists of permitting the woodworking operations separately and increasing the maximum material input of each operation. There would be no physical construction. Regulated air contaminants would be emitted by this source. Ms. J. Pratt is the assigned Division person.

For Humphreys County "News Democrat"-- publish once on Wednesday, September 7, 2016.

The applicant is Kroger Limited Partnership I dba Kroger Fuel Center #U-628 with a mailing address of 2620 Elm Hill Pike, Nashville, TN 37214. They seek to obtain an air contaminant permit (Division identification number: 73-0254-01/71927) for construction of a Gasoline Dispensing Facility located at 1820 Roane State Highway, Harriman, TN 37748. This proposed operation would consist of three (3) underground storage tanks, 18 nozzles, and associated gasoline dispensing equipment. Submerged filling would be used for gasoline emission control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned Division person.

For the Roane County "Roane County News"-- publish once on Wednesday, September 7, 2016.

The applicant is Interlink Communications Partners, LLC dba Charter Communications with a mailing address of 6399 South Fiddler's Green Circle, Suite 600, Greenwood Village, CO 80111. They seek to obtain an air contaminant permit (Division identification number: 89-0153-02/71928) for the construction of an Emergency Generator located at the 118 Powell Road, McMinnville, TN 37110. This proposed operation would consist of one (1) generator with a diesel-fired engine (242 kW) and associated equipment used to produce power. Due to the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned Division person.

For the Warren County "Southern Standard"-- publish once on Wednesday, September 7, 2016.

The applicant is Nashville Ready Mix, Inc. with a mailing address of 605 Cowan Street, Nashville, TN 37207. They seek to obtain an air contaminant permit (Division identification number: 95-0413 / 971956) for construction of a concrete batch plant located at Commerce Farms – Highway 109, Lebanon, TN 37090. The proposed operation consists of aggregate stockpiles, two storage silos for cement and cement supplement, and associated equipment used to produce transit mix concrete. A central dust collector with fabric filter bags is proposed for emission control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. J. Pratt is the assigned Division person.

For Wilson County "Lebanon Democrat"-- publish once on Thursday, September 8, 2016.
