

YOU are invited!!

South Fork Holston River Watershed Event

Hands-On Exhibits!

Get involved in YOUR watershed!

- MONDAY, NOVEMBER 2, 2015
- 7:00 pm (ET)
- Sullivan Central High School
131 Shipley Ferry Road
Blountville, TN 37617

*If you live, work or play in the South Fork Holston River watershed, then please come on out and join us to hear about the great work that is being done to protect our water resources and **learn about ways for you to be involved too!***

Door prizes! 
Refreshments! 

WHAT IS A WATERSHED?? It's simply a land area that drains into a particular stream or lake. EVERYONE lives in a watershed!

A healthy watershed is important because those waters supply your drinking water, water for agriculture, habitat for plants and animals as well as recreational opportunities like swimming, fishing and boating.

The South Fork Holston River drainage area is almost 1,200 square miles!! It includes parts of Carter, Greene, Hawkins, Johnson, Sullivan and Washington counties.

It is up to all of us to protect and improve the water resources where we live!
