

STATE OF TENNESSEE
CENTRAL PROCUREMENT OFFICE

**REQUEST FOR QUALIFICATIONS # 32110-16200
CLARIFICATION # 1
FOR FACILITIES MANAGEMENT SERVICES**

DATE: APRIL 15, 2016

THE STATE WOULD LIKE TO ISSUE THE FOLLOWING CLARIFICATION FOR RFQ # 32110-16200:

Questions have been received regarding whether there are restrictions on competing for a State Facility Management (FM) Services procurement and a yet to be released State procurement for Leasing Services (for a limited portion of the State's 3 million square feet of leased offices and warehouses scheduled to expire in 2016-2021 that the State chooses not to self-broker). All eligible parties are encouraged to participate in the FM and future real estate related solicitations, as the state believes it is in the best interest of all taxpayers to promote maximum competition for procurements. The only State restriction is that the Awardee(s) of the Leasing Services contract(s) cannot be awarded a Facility Management Services contract. There are no restrictions on potential respondents participating in both solicitations.
