

State of Tennessee
SWC #436: Lamps, Batteries, and Scrap Metal Recycling Services
Cost Proposal

General Instructions for submitting a price response:

Respondents will find four (4) tabs on this spreadsheet. There are instructions provided on this Tab. Respondents should see individual tabs for specific instructions on completion.

- Tab 1 - Instructions
- Tab 2 - Lamps and Ballasts
- Tab 3 - Scrap Metal
- Tab 4 - Prompt Pay Discount

Contract Award Structure: Respondents will find three separate Categories for bid on this Cost Proposal:

- Category 1 -Lamps and Ballasts
- Category 2 - Batteries
- Category 3 - Scrap Metal

Respondents are *required* to bid *all line items* within a Category; however, Respondents are *not required* to bid in all Categories. Failure to bid all line items in a Category may result in a Respondent being deemed unresponsive. Up to three Respondents may receive awards from this solicitation. Award for Categories 1 and 2 will be based on lowest cost. Award for Category 3 will be based off of the highest percent bid over the current American Metal Market pricing. The State reserves the right to award these
