F1000T4f

10' Highway Class Rubber Track Paver

| Part Number | Description | List Price |
|--------------|-------------------------------|------------|
| 4812 2426 60 | F1000T tractor without tracks | \$543,828 |

Track Options (one track required)

| Part Number | Description | List Price |
|--------------|---|-------------|
| D717 9085 00 | Chevron rubber track - <i>Special Order</i> | \$19,088.89 |
| D717 9080 00 | Smooth rubber track | \$19,088.89 |

FT1000T4f Standard Features

- Cummins QSB6.7 T4f diesel engine
- Center drive auger system with 17 in. dia flights
- Centralized auto lube system
- Full working lights
- Rotating beacon
- Uptime kit
- 34kW hydraulically driven generator
- Proven danfoss hydraulic components
- Independently controlled auger and conveyor sonic feed system
- Dual swing out operator stations
- Vandalism covers

Optional Equipment (Tractor)

| Part Number | Description | List Price |
|--------------|---|------------------|
| TBD | Outboard auger drive system | Price on Request |
| 4812 2001 96 | Umbrella (each) | \$235.29 |
| D717 9005 00 | Layton truck hitch (replaces standard 10' push rollers) | \$18,240.84 |
| 4812 2001 19 | Carlson hydraulic auger tunnels | \$8,194.40 |
| 4812 2228 38 | Bolt-on tunnel extension kit (includes components and braces for up to 51" on both sides) | \$3,878.20 |
| 4812 2228 47 | Wide width paving kit | |
| 4812 2244 89 | 11-inch auger extensions (set of 2, left and right) Note: order separately thru parts: left-D722181900, right-D722182000 | \$4,096.88 |
| 4812 2244 90 | 17-inch auger extensions (set of 2, left and right) Note: order separately thru parts: left-D722182100, right-D722182200 | \$4,211.76 |
| 4812 2244 88 | 34-inch auger extensions (set of 2, left and right) Note: order separately thru parts | |
| 4812 2477 19 | Top, con-leveling system P-32 grade & slope w/ (2) controllers, (2) sensors, brackets and requires order of Power Cables | \$23,495.29 |
| 4812 2478 04 | Topcon P-32 Power Cable for F1000 series paver (quantity 2 required) | |
| D717 9015 01 | Top, con-noncontact SAS averaging ski w/beam, mounts, cables and (3) sensors (requires system V) | \$24,032.94 |
| TBD | MOBA grade & slope system | Price on Request |
| TBD | MOBA Big-Ski averaging system | Price on Request |

Screed (one basic screed required)

| Part Number | Description | List Price |
|--------------------------------|--|------------------|
| <i>Front Extendable Screed</i> | | |
| 4812 2002 93 | Carlson EZ IV 1019 – front, extendable screed (<i>basic working width 10' to 19'</i>) | \$130,859.04 |
| TBD | 12-inch Screed extension with heat (<i>set of 2</i>) LH & RH for EZ IV | Price on Request |
| TBD | 18-inch Screed extension with heat (<i>set of 2</i>) LH & RH for EZ IV | Price on Request |
| TBD | 24-inch Screed extension with heat (<i>set of 2</i>) LH & RH for EZ IV | Price on Request |
| TBD | Wide Width Kit (<i>recommended for 22' or wider</i>) | Price on Request |

CRUSH

Atlas Copco

SOIL ROLLERS

CA1300 D

54" Soil Roller - Smooth Drum

| Part Number | Description | List Price |
|---------------|---|------------|
| 4812 1414 95* | 54-inch soil compactor ROPS smooth drum | \$110,134 |

*Standard US Package

CA1300 PD

54" Soil Roller - Pad Foot

| Part Number | Description | List Price |
|---------------|---|------------|
| 4812 1415 11* | 54-inch soil compactor ROPS pad foot drum | \$117,899 |

*Standard US Package

CA1300 Standard Features: US Package

- Back up alarm
- Hydraulic pressure check points
- Brake release
- Lockable hood
- Drum 54 in x 39 x 7/8 in (1371 x 1000 x 22.8 mm)
- Main battery disconnect
- Electrical controlled parking brake
- Neutral start switch
- Electronic throttle control
- Rear axle limited slip
- Engine Kubota T4f V3307, 75 hp @2200 rpm
- ROPS, including seat belts
- Emergency stop, hand operated
- Tachometer
- Flow divider
- Warning light: engine oil pressure
- Gauge, Diesel fuel
- Warning light: low fuel level
- Interlock
- All weather tires
- Horn
- Hour meter

Common Options*

2016 FREIGHT POLICY

Freight policy intended for all orders for Atlas Copco Road Equipment.

Machine along with added options standard shipping rates are 3% of Standard Dealer Net Price. Any additional discounts and programs to machines does not apply to the standard freight rates.

Note:

- Stock replenishment (SR) orders for Parts/Accessory totaling \$10,000 net or more ship Free Freight via carrier of our choice if ordered via Parts Online/Shop Online*.
- Freight charges only valid when shipped to one destination in the continental United States; split shipments and shipments to Alaska, Hawaii, Puerto Rico or international destinations will incur additional charges on transportation of our choice.
- Shipments to destinations in the Caribbean must be through a U.S. based freight forwarder.
- We are unable to ship collect for items shipping internationally.
- Expedited freight will incur additional charges.
- Customer pickup must occur within three business days of notification or order being complete.

Emergency/Break Down (BD) Orders: Only applicable if available and shipped from US warehouses

- Orders received between 3:00 PM and 5:00 PM E.S.T. – ship same day actual expedited freight charges plus \$25.00 fee.
- Orders received after 5:00 pm E.S.T. - \$250.00 Emergency fee plus actual expedited freight charges.

Claim for shortages:

- Must be made within 30 days from invoice.

**Parts Online/Shop Online-The Atlas Copco internet ordering system
Freight policy subject to change at any time.*

2016 FREIGHT POLICY FOR SMALL PACKAGE SHIPMENTS

Atlas Copco Road Equipment is pleased to announce our new freight policy relating to small package shipments. Below are the guidelines which will be followed. Small package shipments are defined as those weighing 150 pounds or less. If a shipment is over 150 pounds and needs to ship by LTL carrier, actual freight charges will apply. The rates per zone and map (illustrating the zones by region) are available @ <http://www.atlascopco.us>.

(This policy applies to spare parts only, unit orders and Rock Drilling Tools (RDT) are excluded for now)

1. Freight for all Fed Ex and UPS small package shipments will be automatically charged up front on all sales orders.
2. Freight will be based on item weight and level of service combination
3. Requirements for free freight: Order must be placed via Parts Online/Shop Online, Order type must be Stock Order (SR), SR order value has to be a minimum of \$1,000, and the SR order must be delivered to a customer ship to address
4. Freight for the entire order will be charged on the first invoice/ shipment of a sales order.

Benefits:

- Customers will know their expected freight charges quicker, same day in most cases.
- Customers will have quicker access to tracking information via Parts Online/Shop Online
- Consistency between division policy for multi-line dealers

We are available at 800-227-9144
to answer any questions you might have regarding this new policy.

Atlas Copco Road Construction Equipment

(a division of Mining, Rock Excavation and Construction LLC)

WARRANTY STATEMENT

(revised January 1, 2014)

Atlas Copco Construction Equipment (hereinafter "ACCE") warrants that ACCE-manufactured (or affiliate-manufactured) equipment/ machinery/ components/ accessories/ parts/ items ("Products") delivered by ACCE are delivered free of defects in material and workmanship, except as otherwise set forth herein. This warranty shall expire at the happening of the applicable below-stated number of months or hours of operation (whichever comes first) as indicated in more detail in the chart below. Should any failure to conform to this warranty be discovered during the below-specified warranty period, ACCE will (subject to the rest of this Warranty Statement) provide a new part or (at ACCE's option) a repaired part, in place of any part which is found upon inspection by ACCE during the applicable warranty period to be in breach of this warranty. A Product will not be considered defective as a whole machine, and the warranty repair/replacement will be limited to the "individual part" proven defective. The defective part will be repaired or replaced during normal working hours at ACCE's place of business or an ACCE distributor authorized by ACCE to sell the type of equipment involved or other establishments authorized by ACCE. At its sole discretion ACCE may elect (as determined by an executive officer of ACCE at its headquarters in Commerce City, Colorado) to take back any defective Product and refund or credit monies paid to ACCE for such defective Product less a reasonable allowance for use, in lieu of repair or replacement. ACCE will determine at its sole discretion which of the above-mentioned options (repair, replace, refund, or credit) ACCE will take regarding the defective Product. Consumables/wear items are expressly excluded from the warranty. In addition, it is expressly understood that maintenance (for example preventative maintenance) is not included in the warranty.

The warranty and remedies are conditioned upon (a) the purchaser registering the Product within 30 days after purchase of the Product, (b) proper storage/installation/use/maintenance of the Product in accordance with the Product's instruction manuals, (c) the purchaser keeping complete and accurate records of maintenance throughout the warranty period and giving ACCE access to the records at ACCE's request in connection with warranty claim processing, and (d) modification of the Product only if and as authorized in writing by ACCE to the purchaser. Failure to meet any such conditions will render the warranty null and void.

In connection with making a warranty claim, the purchaser must in writing promptly contact ACCE or an authorized distributor of such Product; ACCE and/or the authorized distributor will then determine whether the purchaser should either (a) send the Product to a service location or (b) make the Product available at the purchaser's location (or another location) for examination by ACCE or its authorized distributor. In connection with making the warranty claim, proof of purchase and date of purchase must be presented, in addition to serial and model numbers. Unless agreed otherwise in writing with respect to the particular warranty claim, the cost of de-installation, re-installation, and transportation of the Product to and from ACCE or its authorized distributor, and (if applicable) the cost of travel, meals and lodging for ACCE's personnel and/or for the authorized distributor's personnel, will be borne by the Product purchaser.

Some examples of conditions NOT covered by the warranty are failures or defects in the Product caused by: accident, abuse, neglect, Acts of God, corrosion, normal wear and tear, improper installation, improper storage, failure to perform proper maintenance at the proper frequency in accordance with the Product's instruction manual, improper use, the use of unsuitable parts or attachments, the use of contaminated fuel, the use of fuels, lubricants, oils, or fluids other than those recommended in the Product's manual, and unauthorized modifications.

Equipment/machinery/components/accessories/parts/items sold by ACCE but not manufactured by ACCE or by an affiliate (including but not limited to a Product's engine, alternator, tires, battery, carrier, electrical equipment, and hydraulic transmission, if applicable) are not warranted by ACCE and shall carry whatever warranty (if any) which the manufacturer has conveyed to ACCE to the extent it can be passed on to the purchaser. No warranty, whether expressed, implied, or otherwise, is provided by ACCE on any such equipment/ machinery/ components/ accessories/ parts/ items not manufactured by ACCE or by an affiliate.

Any and all USED PRODUCTS ARE SOLD AS-IS, with no warranty of any kind, whether express, implied or otherwise, except for the implied warranty of title.

Any services performed by ACCE in connection with the sale, installation, start-up or servicing or repair of a Product are warranted to be performed in a workmanlike manner; this warranty shall expire 30 days after the particular service is performed. If any nonconformity with this service warranty is discovered within the 30 day warranty period, the exclusive obligation of ACCE shall be to re-perform the nonconforming portion of the service in a conforming manner or provide a refund or credit. ACCE will determine at its sole discretion which of the above-mentioned options (re-performance, refund, or credit) ACCE will take regarding the nonconforming service.

Warranty repair or replacement or re-performed service shall not extend or renew the original warranty period; such Products or parts or service shall remain under warranty only for the unexpired portion of the original warranty period.

THE WARRANTIES CONTAINED HEREIN ARE EXCLUSIVE AND ARE IN LIEU OF ALL OTHER WARRANTIES, EXCEPT FOR THE IMPLIED WARRANTY OF TITLE. ALL OTHER WARRANTIES, WHETHER EXPRESS, ORAL, IMPLIED OR OTHERWISE, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY EXPRESSLY DISCLAIMED. CORRECTION OF NONCONFORMITIES (i.e. repair or replacement or refund or credit, all at ACCE's option, of Products that do not conform to the Product warranty above, and re-performance or refund or credit, all at ACCE's option, of service that does not conform to the service warranty above) IN THE MANNER AND WITHIN THE APPLICABLE WARRANTY PERIOD SET FORTH ABOVE PROVIDES THE EXCLUSIVE REMEDIES WITH RESPECT TO THE QUALITY OF OR ANY DEFECT IN PRODUCTS OR SERVICES DELIVERED OR PERFORMED HEREUNDER. NOTWITHSTANDING ANYTHING ELSE, THE TOTAL LIABILITY, IN THE AGGREGATE, OF ACCE, ITS AFFILIATES, AND SUBCONTRACTORS, AND THEIR RESPECTIVE EMPLOYEES AND AGENTS SHALL BE LIMITED TO THE PRICE PAID BY THE PURCHASER TO ACCE FOR THE SPECIFIC PRODUCT/SERVICE GIVING RISE TO THE CLAIM. UNDER NO CIRCUMSTANCES SHALL ACCE, ITS AFFILIATES, OR SUBCONTRACTORS, OR THEIR RESPECTIVE EMPLOYEES OR AGENTS BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, INDIRECT, SPECIAL OR PUNITIVE DAMAGES (WHETHER FOR LOST PROFITS OR REVENUE, WORK STOPPAGE, DOWNTIME COSTS, LOST BUSINESS, OR OTHERWISE), EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR IF SUCH DAMAGES ARE FORESEEABLE.

WARRANTY STATEMENT, cont'd.

| Product | Warranty Period |
|---|---|
| Portable Compressors | 18 months from date of shipment from the factory or 12 months from date of initial startup, whichever comes first. For the compressor's air end and gearbox, the warranty period is 30 months from date of shipment from the factory or 24 months from date of initial startup, whichever comes first. For the engine, see Footnote 1 below. |
| Portable Generators | 18 months from date of shipment from the factory or 12 months from date of initial startup, whichever comes first. |
| Portable Light Towers | 30 months from date of shipment from the factory or 24 months from date of initial startup, whichever comes first. For the engine and alternator, see Footnote 3 below. |
| Hurricane-brand: multi stage and reciprocating compressors | 18 months from date of shipment from the factory or 12 months from date of initial startup or 2000 hours of operation, whichever comes first. For the compressor's crankshaft, crankcase casting, connecting rods, crossheads and compressor head castings, the warranty period is 42 months from date of shipment from the factory or 36 months from date of initial startup, whichever comes first. For the engine, see Footnote 4 below. |
| Hydraulic Attachments (breakers, demolition tools) | 18 months from date of shipment from the factory or 12 months from date of initial startup, whichever comes first. |
| Light Compaction Equipment (forward and reversible plates, rammers, trench rollers) | 42 months from date of shipment from the factory or 36 months from date of initial startup, whichever comes first. Excludes models LH800 and LP8504, which are covered 18 months from date of shipment and 12 months from date of initial startup. For the engine, see Footnote 5 below. |
| Light Concrete Equipment (power trowels, vibrators, etc.) | 18 months from date of shipment from the factory or 12 months from date of initial startup, whichever comes first. For the engine, see Footnote 5 below. |
| Hand Held Construction Tools (pneumatic and hydraulic breakers, rock drills, gasoline powered breakers, etc.) | 18 months from date of shipment from the factory or 12 months from date of initial startup, whichever comes first. For the engine, see Footnote 6 below. |
| Atlas Copco Road Construction Equipment (pavers, milling machines, rollers) | 18 months from date of shipment from the factory or 12 months from date of initial startup or 1500 hours of operation, whichever comes first. For the engine, see Footnote 7 below. |

Note: Equipment/machinery/components/accessories/parts/items sold by ACCE but not manufactured by ACCE or an affiliate (including but not limited to a Product's engine, alternator, tires, battery, carrier, electrical equipment, and hydraulic transmission, if applicable) are not warranted by ACCE and shall carry whatever warranty (if any) which the manufacturer has conveyed to ACCE to the extent it can be passed on to the purchaser.

| Spare parts and accessories | Warranty Period |
|---|--|
| Spare parts (must be ACCE-approved and then installed by ACCE or an authorized distributor) Note: Electrical components, consumables, and wear items are specifically not considered spare parts. | 6 months from date of installation |
| DC (direct current) electrical components | 3 months from date of shipment from the factory or 30 days from date of initial startup, whichever comes first |
| AC (alternating current) electrical components | No warranty. |

| Consumables/wear items | Warranty Period |
|---|------------------------|
| Consumables/wear items (for example: working steel for mounted or hand held demolition equipment, rock drills bits, hydraulic oil, grease, anti-freeze/coolant, filters, belts, fuel, lubricating oil, seals/seal kits, hoses, fittings, other parts that require replacement due to normal wear) | No warranty. |

| Refurbished components | Warranty Period |
|--|--|
| Refurbished Atlas Copco or ACCE-approved components (must be ACCE-approved and refurbished by ACCE or authorized distributor and then installed by ACCE or authorized distributor) | 12 months from date of shipment from the refurbishing center or 6 months from initial use, whichever comes first |

| Workshop Repair Warranty | Warranty Period |
|---|--|
| Repair (other than warranty work) (The repair must be by ACCE workshop only.) | Parts and labor are warranted for 30 days after repair by ACCE |

Extended Warranties
 An extended warranty may be offered for certain Products, at ACCE's choice. An extended warranty will only be in force if agreed upon in an applicable warranty document between ACCE and the purchaser.

WARRANTY STATEMENT, cont'd.

Note: The information in the footnotes is only summaries of various warranty information relating to some components manufactured by others. Although ACCE hopes this may be of convenience and ACCE strives to keep these footnotes updated, ACCE cannot promise that the information is up-to-date. For complete and current warranty information/duration/coverage/policy/procedure, please refer to the applicable manufacturer's applicable warranty. (None of the information in the footnotes constitutes any kind of warranty by ACCE.) For assistance in locating the applicable manufacturer's warranty, you may contact ACCE's Technical Support via email at aceservice@us.atlascopco.com. Engine manufacturers require that the engine must be registered with the engine manufacturer; it is the Product purchaser's responsibility to register the Product's engine with the engine manufacturer and to do so in a timely manner in accordance with the engine manufacturer's requirements.

Footnote 1: For the compressor's engine (and other components not manufactured by ACCE or an affiliate), the warranty and duration depends on the applicable manufacturer's warranty, including the following manufacturers:

- **Caterpillar Diesel engine:** Caterpillar Diesel engines are warranted to be free from defects with regard to materials and workmanship for the period of twelve (12) months from the date of initial startup without limitation in running hours or for the period of twenty-four (24) months from the date of initial startup prior to the accumulation of 3000 running hours.
- **Deutz Diesel engine:** Deutz Diesel engines are warranted to be free from defects with regard to materials and workmanship for the period of twelve (12) months from the date of initial startup, without limitation in running hours or for the period of twenty-four (24) months from the date of initial startup, prior to the accumulation of 2000 running hours.
- **John Deere Diesel engine:** John Deere Diesel engines are warranted to be free from defects with regard to materials and workmanship for the period of twelve (12) months from the date of initial startup, prior to the accumulation of 2000 running hours.
- **Kubota Diesel engine:** Kubota Diesel engines are warranted to be free from defects with regard to materials and workmanship for the period of twenty-four (24) months from the date of initial startup, or accumulation of 2000 running hours, whichever comes first. Main components of the engine have a warranty of (36) months from the date of initial startup, or accumulation of 2000 running hours, whichever comes first – including: crankcase (cylinder block), cylinder head, crankshaft, connecting rod, pistons, gears, flywheel, flywheel housing, oil pump, pulleys, governor, inlet manifold, and oil pan.

Footnote 2: For the generator's engine (and other components not manufactured by ACCE or an affiliate), the warranty and duration depends on the applicable manufacturer's warranty, including the following manufacturers:

- **Yanmar Diesel engine:** Yanmar Diesel engines are warranted to be free from defects with regard to materials and workmanship for the period of twenty-four (24) months from the date of initial startup, or accumulation of 2000 running hours, whichever comes first. The engine's electrical components and fuel system components are warranted for the period of twelve (12) months from the date of initial startup, or accumulation of 1000 running hours, whichever comes first.
- **John Deere Diesel engine:** John Deere Diesel engines are warranted to be free from defects with regard to materials and workmanship for the period of twelve (12) months from the date of initial startup, without limitation in running hours, or for the period of twenty-four (24) months from the date of initial startup, prior to the accumulation of 2000 running hours.
- **Volvo Diesel engine:** Volvo industrial engines are warranted to be free from defects with regard to materials and workmanship for the period of twelve (12) months from the engine's initial date of start-up. The warranty covers the cost of either replacing defective parts or of having such parts repaired or of obtaining equivalent parts whichever is the lowest to Volvo Penta. A defective part or product in the sense of this warranty is a part or product that is found to

have an inherent defect which existed in it at the time of delivery. All warranty repairs must be carried out by an Authorized Volvo Penta distributor, dealer or workshop during normal working hours.

- **Leroy-Somers alternator:** Leroy-Somer alternator assemblies, voltage regulators, and voltage changeover switches, used in ACCE portable generator are warranted to be free of defects in materials and workmanship; the warranty period is exclusively 30 months from date of shipment from the factory or 24 months from date of commissioning or 10000 running hours whichever comes first.
- **Mecc Alte alternator:** Mecc Alte alternator assemblies, voltage regulators, and voltage changeover switches, used in ACCE portable generator sets, are warranted to be free from defects with regard to materials and workmanship for the period of twenty-six (26) months from date of shipment from the factory, or twenty-four (24) months from date of initial startup, whichever comes first, without limitation in running hours.
- **Newage A VK SEG alternator:** The warranty period for Newage AVK SEG alternator assemblies begins on the date of initial start-up of the alternator at customer side and ends 24 months after start-up of the generator at the customer side (without limitation in hours) with a maximum of 30 months after delivery to ACCE. Service parts carry a 6 month warranty.

Footnote 3: For the light tower's engine (and other components not manufactured by ACCE or an affiliate), the warranty and duration depends on the applicable manufacturer's warranty, including the following manufacturers:

- **Kubota Diesel engine:** Kubota Diesel engines are warranted to be free from defects with regard to materials and workmanship for a standard limited warranty period of twenty-four (24) months from the date of initial startup, or accumulation of 2,000 running hours, whichever comes first. Main components of the engine have an extended limited warranty of (36) months from the date of initial startup, or accumulation of 2,000 running hours, whichever comes first –including: crankcase (cylinder block), cylinder head, crankshaft, connecting rod, pistons, gears, flywheel, flywheel housing, oil pump, pulleys, governor, inlet manifold, & oil pan.
- **Yanmar Diesel engine:** Yanmar Diesel engines are warranted to be free from defects with regard to materials and workmanship for the period of twenty-four (24) months from the date of initial startup, or accumulation of 2000 running hours, whichever comes first. The engine's electrical components and fuel system components are warranted for the period of twelve (12) months from the date of initial startup, or accumulation of 1000 running hours, whichever comes first.
- **Leroy-Somers alternator:** Leroy-Somer alternator assemblies, voltage regulators, and voltage changeover switches, used in ACCE portable generator are warranted to be free of defects in materials and workmanship; the warranty period is exclusively 30 months from date of shipment from the factory or 24 months from date of commissioning or 10000 running hours whichever comes first.
- **Mecc Alte alternator:** Mecc Alte alternator assemblies, voltage

WARRANTY STATEMENT, cont'd.

regulators, and voltage changeover switches, used in ACCE portable generator sets, are warranted to be free from defects with regard to materials and workmanship for the period of twenty-six (26) months from date of shipment from the factory, or twenty-four (24) months from date of initial startup, whichever comes first, without limitation in running hours.

Footnote 4: For the Hurricane-brand compressor's engine (and other components not manufactured by ACCE or an affiliate), the warranty and duration depends on the applicable manufacturer's warranty, including the following manufacturers:

- **Caterpillar Diesel engine:** Caterpillar Diesel engines are warranted to be free from defects with regard to materials and workmanship for the period of twelve (12) months from the date of initial startup without limitation in running hours or for the period of twenty-four (24) months from the date of initial startup prior to the accumulation of 3000 running hours.

Footnote 5: For engines in light compaction equipment and in light concrete equipment (and for other components not manufactured by ACCE or an affiliate), the warranty and duration depends on the applicable manufacturer's warranty, including (as applicable) Honda engines and Hatz engines. See applicable manufacturer.

Footnote 6: For engines in handheld construction tools (and for other components not manufactured by ACCE or an affiliate), the warranty and duration depends on the applicable manufacturer's warranty, including (as applicable) Honda engines, Lombardini engines, and Briggs & Stratton engines. See applicable manufacturer.

Footnote 7: For the Atlas Copco Road Construction Equipment's engine (and other components not manufactured by ACCE or an affiliate), the warranty and duration depends on the applicable manufacturer's warranty, including the following manufacturers:

- **Perkins Diesel engine:** Perkins Diesel engines are warranted to be free from defects with regard to materials and workmanship for the period of twelve (12) months from the date of initial startup, with no limitation of running hours. Main components of the engine have a warranty of twenty-four (24) months from the date of initial startup, with no limitation of running hours, whichever comes first – including: cylinder block casting, cylinder, cylinder head casting, crankshaft (excluding bearings), connecting rods and camshaft.

- **Deutz Diesel engine:** Deutz Diesel engines are warranted to be free from defects with regard to materials and workmanship for the period of twelve (12) months from the date of initial startup, without limitation in running hours or for the period of twenty-four (24) months from the date of initial startup, prior to the accumulation of 2000 running hours.
- **John Deere Diesel engine:** John Deere Diesel engines are warranted to be free from defects with regard to materials and workmanship for the period of twelve (12) months from the date of initial startup, prior to the accumulation of 2000 running hours.
- **Kubota Diesel engine:** Kubota Diesel engines are warranted to be free from defects with regard to materials and workmanship for the period of twenty-four (24) months from the date of initial startup, or accumulation of 2000 running hours, whichever comes first. Main components of the engine have a warranty of (36) months from the date of initial startup, or accumulation of 2000 running hours, whichever comes first – including: crankcase (cylinder block), cylinder head, crankshaft, connecting rod, pistons, gears, flywheel, flywheel housing, oil pump, pulleys, governor, inlet manifold, and oil pan.
- **Cummins Diesel engine:** Cummins Diesel engines are warranted to be free from defects with regard to materials and workmanship for the period of 24 months from the date of initial startup, prior to the accumulation of 2000 running hours. Main components of the engine have a warranty of thirty-six (36) months from the date of initial startup or accumulation of ten-thousand (10,000) hours, whichever comes first – including: cylinder block casting, crankshaft (excluding bearings), connecting rods and camshaft.

EMISSION CONTROL SYSTEM WARRANTY

(valid in the U.S. only) for Atlas Copco-brand breaker/drill models Cobra Pro, Cobra TT, Cobra Combi and Chicago Pneumatic-brand breaker model CP Redhawk, as applicable containing engines manufactured by Atlas Copco Construction Tools AB

Atlas Copco Construction Tools AB warrants to the initial purchaser of the machine and each subsequent owner that the engine in the machine (in Atlas Copco-brand breaker/drill models Cobra Pro, Cobra TT, Cobra Combi and in Chicago Pneumatic-brand breaker model CP Redhawk, as applicable) meets the following two conditions: (1) the engine, including all parts of its emission control system, is designed, built, and equipped so it conforms at the time of sale to the initial purchaser with the applicable requirements in 40 CFR Part 1054 regulated by the U.S. Environmental Protection Agency; and (2) the engine, including all parts of its emission control system, is free from defects in materials and workmanship that may keep it from meeting the applicable requirements in 40 CFR Part 1054 regulated by the U.S. Environmental Protection Agency. (The above-stated warranty is referred to herein as "this Emission Control System Warranty".) This Emission Control System Warranty covers all components whose failure would increase the engine's emissions of any pollutant regulated by the United States.

The warranty period for this Emission Control System Warranty begins on the date of sale of the machine to the initial purchaser and ends two years thereafter.

Where a warrantable condition exists under this Emission Control System Warranty, warranty repairs will be made by an Atlas Copco Representative (as defined below) or by a service facility designated by the Atlas Copco Representative, without charge for diagnosis, parts, or labor, subject to all other provisions stated herein. All defective parts replaced under this Emission Control System Warranty become the property of the Atlas Copco Representative. Normal maintenance items are warranted up to their first required replacement interval only. Only Atlas Copco Construction Tools AB-approved replacement parts may be used in the performance of any warranty repairs under this Emission Control System Warranty and will be provided without charge.

This Emission Control System Warranty does not extend to components or parts which are affected or damaged by the machine owner's or any other person's (other than Atlas Copco Construction Tools AB's or the Atlas Copco Representative's) improper use or improper maintenance (including, but not limited to, improper replacement of filters, sparkplugs or other maintenance items or wear parts; incorrect oil or fuel; stale or improper fuel mix; dirt or other contaminants in the fuel or oil; excessive dirt, dust, rust, or corrosion in the engine; improper storage; use of replacement parts or accessories not conforming to the original specifications which impair the effectiveness of the emission control system; incorporation of or use of unsuitable attachments or unauthorized alteration of any part; or improper repair), abuse, accident, or acts of God.

This Emission Control System Warranty does not cover replacement of expendable maintenance items (for example spark plugs and filters) unless they are original items defective in material or workmanship and the first required replacement interval (in accordance with applicable instructions published by the machine manufacturer) for the item has not been reached.

Responsibility for Maintenance: As the machine engine owner, you are responsible for the performance, at your expense, of the proper maintenance of the engine (in addition to all other parts of the machine and accessories) in accordance with applicable instructions published by the machine manufacturer, including in the Safety and Operating Instructions manual for the machine. Atlas Copco Construction Tools AB recommends that you retain all receipts and maintenance records covering performance of maintenance. Proper maintenance includes, but is not limited to, routine replacement and servicing of spark plugs, filters, other expendable wear parts, and any other part or item related to emission control or that may affect emissions.

Requirements related to warranty claims: Warranty repairs may only be performed by an Atlas Copco Representative or by a service facility designated by the Atlas Copco Representative to perform the warranty repair. "Atlas Copco Representative" means the dealer in

the United States from whom your machine was initially purchased as a new machine or a service facility in the United States that is owned or operated by Mining, Rock Excavation and Construction LLC and which performs warranty repair of such machine engines. You are responsible for promptly presenting the machine (into which the engine is incorporated) to the nearest Atlas Copco Representative as soon as a warrantable condition exists under this Emission Control System Warranty. At the time of requesting warranty repair, you must provide proof of the initial purchase of the machine, including the initial purchase date.

If you are located more than 100 miles from the nearest Atlas Copco Representative, the Atlas Copco Representative will (at its choice) (i) pay for shipping costs of the machine to and from the nearest Atlas Copco Representative; (ii) provide for a technician to come to you to make the warranty repair under this Emission Control System Warranty; or (iii) pay for the warranty repair to be made at a local service facility designated by the Atlas Copco Representative to perform the warranty repair on your machine engine under this Emission Control System Warranty. (The provisions in the preceding sentence apply only for the contiguous states, excluding the states with high-altitude areas identified in 40 CFR 1068, Appendix III.) If you are located within 100 miles of an Atlas Copco Representative, you will be responsible for paying all shipping/ transportation costs, technician travel costs if the technician comes to you, and other similar costs, unless the Atlas Copco Representative in its discretion elects to pay for such costs or any portion thereof.

If the Atlas Copco Representative determines that there is no warrantable condition under this Emission Control System Warranty, you will be responsible for the cost of the diagnosis, labor and parts in accordance with the Atlas Copco Representative's normal rates, costs of shipping/ transporting (regardless of your distance to an Atlas Copco Representative), technician travel costs if the technician comes to you, and other similar costs, unless the Atlas Copco Representative in its discretion elects to pay for such costs or any portion thereof.

For information about how to make a warranty claim and how to make arrangements for authorized warranty repair, please contact the dealer in the United States from whom your machine was initially purchased as a new machine. You may also contact Atlas Copco Construction Equipment via telephone at 1-800-732-6762 or via email to aceservice@us.atlascopco.com.

DISCLAIMER OF CONSEQUENTIAL DAMAGES AND LIMITATION OF IMPLIED WARRANTIES: NEITHER ATLAS COPCO CONSTRUCTION TOOLS AB NOR ATLAS COPCO CONSTRUCTION EQUIPMENT (NOR ANY OF THEIR AFFILIATES) SHALL BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES (WHETHER ARISING FROM LOSS OF TIME OR USE OF THE MACHINE, OR ANY COMMERCIAL LOSS DUE TO FAILURE OF THE ENGINE OR THE MACHINE INTO WHICH IT IS INCORPORATED, OR OTHERWISE), EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR IF SUCH DAMAGES ARE FORESEEABLE. NO EXPRESS EMISSION-RELATED COMPONENT WARRANTY OR OTHER EMISSION-RELATED WARRANTY IS GIVEN EXCEPT AS SPECIFICALLY SET FORTH HEREIN. ANY EMISSION-RELATED COMPONENT WARRANTY OR OTHER EMISSION-RELATED WARRANTY IMPLIED BY LAW, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, IS EXPRESSLY LIMITED TO THE EMISSION CONTROL SYSTEM WARRANTY TERMS SET FORTH HEREIN.

NO MODIFICATION OF THIS WARRANTY: THIS EMISSION CONTROL SYSTEM WARRANTY MAY NOT BE MODIFIED BY ANY PARTY, WHETHER ANY ATLAS COPCO REPRESENTATIVE OR OTHERWISE, EXCEPT AS SPECIFICALLY AUTHORIZED IN WRITING BY ATLAS COPCO CONSTRUCTION TOOLS AB.

TERMS AND CONDITIONS OF SALE

(revised November 1, 2015)

1. General. As used herein, "Seller" means Mining, Rock Excavation and Construction LLC or its applicable division which is offering or supplying any equipment, machine, part, accessory, item and/or service ("Products") to Buyer. "Buyer" means the entity to which Seller's offer is made, or the entity purchasing Products from Seller. This Terms and Conditions of Sale document is hereinafter referred to as "these Terms". **Seller's sale of any Products is expressly conditioned on Buyer's assent to these Terms. Any acceptance of Seller's offer is expressly limited to acceptance of these Terms. Any terms or conditions (previously, contemporaneously, or hereafter) provided by Buyer which add to, vary from, or conflict with these Terms are hereby expressly objected to.** In the event a separate written agreement covering terms and conditions has been negotiated and mutually signed by authorized representatives of Buyer and Seller, and such agreement is applicable and in effect, it shall take precedence (to the extent of conflicts) and the terms and conditions set forth in these Terms will be supplemental to those of such agreement. All orders submitted to Seller are received subject to approval or rejection by Seller at its headquarters.

2. Delivery, Inspection. Unless specifically agreed otherwise by Seller and Buyer in writing with respect to the particular Product ordered, Products manufactured, assembled or warehoused in the continental U.S. are delivered F.O.B. shipping point of origin, and Products shipped from outside the continental U.S. are delivered F.O.B. point of entry. Where the scheduled delivery of Products is delayed by Buyer, or by a force majeure event described in Section 8 ("Force Majeure") below, Seller may store the Products at the expense and risk of Buyer. Shipping dates/periods (whether indicated as a range of weeks or otherwise) are approximate only, and are among other things based upon timely receipt of all necessary information and approvals. Seller reserves the right to deliver in installments. Notwithstanding any agreement with respect to delivery terms or payment of transportation charges, the risk of loss or damage shall pass to Buyer and delivery shall be deemed to be complete upon delivery to a private or common carrier or upon moving into storage, whichever occurs first, at the point of shipment for Products assembled, manufactured or warehoused in the continental U.S. or at the point of entry for Products shipped from outside the continental U.S. Buyer shall inspect the Product immediately upon delivery. If Buyer fails to notify Seller in writing within ten days (or within another time period specifically agreed upon by Seller and Buyer in writing) of receiving the Product of any alleged shortage, damage, or other nonconformity with respect to the Product, the Product shall conclusively be deemed to have been irrevocably accepted by Buyer.

3. Security Interest. Seller reserves and retains a security interest in the delivered Product and the proceeds thereof until Buyer has paid Seller the full price. Seller shall have the rights and remedies of a secured party under the Uniform Commercial Code. Buyer authorizes Seller to file UCC financing statements (with or without Buyer's signature appearing thereon, to the extent permitted by law) and to do any other lawful act or thing necessary or useful in perfecting Seller's security interest in the Product, and Buyer agrees to execute any and all documents required to be executed on its part to perfect said security interest.

4. Prices, Taxes. Unless specified otherwise by Seller in its written quotation, all prices are stated in U.S. dollars, and all invoices issued by Seller and payments made by Buyer shall be in U.S. dollars. **Taxes:** The price does not include any tax or any other governmental charges, unless the price indicated by Seller specifically lists such tax or governmental charge as a line item. Buyer is responsible for any and all applicable taxes and governmental charges (except any taxes on Seller's income). Seller will accept a valid exemption certificate from Buyer, if applicable.

5. Payment. Unless specified otherwise by Seller in its written quotation, the payment terms are Net 30 Days after the date of Seller's invoice. Invoices shall be paid in full and Buyer shall not be

entitled to deduct, set-off or to withhold payment. If Buyer fails to pay any invoice when due, Seller may exercise all available remedies to it, including under the Uniform Commercial Code, and may withhold delivery until receipt of payment or satisfactory security. Seller reserves the right to require payment in advance or C.O.D. and otherwise to modify credit terms. A service charge of the lesser of 1% per month or the highest rate permitted by law may be charged on all overdue amounts. Payment terms are subject to credit approval. If, in the sole judgment of Seller, the financial condition of Buyer does not justify the terms of payment specified, Seller may require payment in advance or cancel any outstanding order, in which event Seller is entitled to reasonable cancellation charges. Should manufacture be delayed by Buyer, pro rata payments will become due to the extent required by Seller's contract with the manufacturer. Buyer shall be responsible for Seller's reasonable attorneys' fees/collection costs relating to overdue amounts.

6. Buyer's Cancellation of Orders. Buyer shall have no right to cancel a Product order (or a part of the order) unless Seller, at its sole discretion, agrees in writing that the specific order (or the part of the order) may be cancelled and Buyer pays cancellation charges. The cancellation charges may include, among other things, all costs and expenses incurred, and to cover commitments made, by Seller. In no event will the cancellation fee exceed the Product's purchase price.

7. Returns. Buyer shall have no right to return any Product unless Seller, at its sole discretion, agrees in writing that the specific Product may be returned. If Seller agrees that Buyer may return the Product, Seller will issue a Return Material Authorization number to Buyer, and Buyer must include such Return Material Authorization number with the return. Any such returned Product must be in new condition, with complete identification, shipped freight prepaid by Buyer, in accordance with Seller's instructions and is subject to a restocking charge.

8. Force Majeure. Seller shall not be liable for loss, damage or delay from causes beyond its reasonable control, including from fire, strike or other concerted action of workmen, act or omission of any governmental authority, compliance with import or export regulations, insurrection or riot, embargo, delays or shortages in transportation, or inability to obtain necessary engineering talent, labor, materials, or manufacturing facilities from usual sources. In the event of delay due to any of these causes, the date of delivery will be postponed by the length of time reasonably necessary to compensate for the delay.

9. Warranty. Seller warrants to Buyer that any and all Seller-manufactured (or affiliate-manufactured) Products delivered to Buyer hereunder are delivered free of defects in workmanship and material. Unless specified otherwise by Seller in its written quotation with respect to the particular Product's warranty period, the warranty shall expire at the happening of the applicable number of months or hours of operation (whichever comes first) as indicated in more detail in Seller's applicable warranty statement document. The warranty statement document is attached hereto or available at request. Should any failure to conform to the warranty be discovered during the applicable warranty period, Seller (or a third party designated by Seller to perform the specific warranty job) will repair or (at Seller's option) replace the defective Product, subject to Seller's applicable warranty statement. At Seller's sole discretion, Seller may elect (as determined by an executive officer of Seller at its headquarters) to take back any defective Product and refund or credit monies paid to Seller for such defective Product less a reasonable allowance for use, in lieu of repair or replacement. Seller will determine at its sole discretion which of the above-mentioned options (repair, replace, refund, or credit) Seller will take regarding the defective Product. Consumables/wear items are expressly excluded from the warranty. Equipment/machinery/components/accessories/parts/items sold by Seller but not manufactured by Seller or by an affiliate are not warranted by Seller and shall carry whatever warranty (if any) which the manufacturer has conveyed to Seller to the extent it can be passed

TERMS AND CONDITIONS OF SALE, cont'd.

on to Buyer. No warranty, either expressed or implied, is provided by Seller on any such equipment/ machinery/ components/ accessories/ parts/ items not manufactured by Seller or by an affiliate. Any and all USED PRODUCTS ARE SOLD AS-IS, with no warranty of any kind (whether express, implied or otherwise), except for implied warranty of title. Any services performed by Seller are warranted to be performed in a workmanlike manner; this warranty shall expire 30 days after the particular service is performed. If any nonconformity with this service warranty is discovered within the 30 day warranty period, the exclusive obligation of Seller shall be to re-perform the nonconforming portion of the service in a conforming manner or provide a refund or credit. Seller will determine at its sole discretion which of the above-mentioned options (re-performance, refund, or credit) Seller will take regarding the nonconforming service. Warranty repair or replacement or re-performed service shall not extend or renew the original warranty period; such Products or parts or service shall remain under warranty only for the unexpired portion of the original warranty period. See Seller's applicable warranty statement for more information.

THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES (WRITTEN, ORAL, IMPLIED, OR OTHERWISE), AND ALL OTHER WARRANTIES, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY EXPRESSLY DISCLAIMED. CORRECTION OF NONCONFORMITIES (i.e. repair or replacement or refund or credit, all at Seller's option, of Products that do not conform to the Product warranty above, and re-performance or refund or credit, all at Seller's option, of service that does not conform to the service warranty above) IN THE MANNER AND WITHIN THE APPLICABLE WARRANTY PERIOD SET FORTH ABOVE PROVIDES THE EXCLUSIVE REMEDIES WITH RESPECT TO THE QUALITY OF OR ANY DEFECT IN PRODUCTS OR SERVICES DELIVERED OR PERFORMED HEREUNDER.

10. Confidentiality. In connection with the order/contract and/or performance hereunder, Seller and Buyer (as to information disclosed, the "Disclosing Party") may each disclose Confidential Information to the other party hereto (the "Receiving Party"). "Confidential Information" shall mean all information related to the business, products, or services of the Disclosing Party that is not generally known to the public, and all pricing and terms of the contract, provided that the obligations of this paragraph shall not apply as to any portion of the Confidential Information which: (i) is or becomes generally available to the public other than as a result of disclosure by the Receiving Party, its representatives or its affiliates, or (ii) has been or is subsequently independently developed by the Receiving Party, its representatives or affiliates, without reference to the Confidential Information, or (iii) is required to be disclosed by law or valid legal process provided that the Receiving Party who intends to make such disclosure shall promptly notify the Disclosing Party in advance of such disclosure and reasonably cooperate in attempts to maintain the confidentiality of the Confidential Information. The Receiving Party agrees, except as otherwise required by law: (i) to use the Confidential Information only as the Disclosing Party intended it to be used by the Receiving Party in connection with providing or receiving the Product, and (ii) to take reasonable measures to prevent disclosure of the Confidential Information, except disclosure to its employees to the extent necessary to facilitate providing or receiving Products. Upon the Disclosing Party's request, the Receiving Party shall destroy or return to Disclosing Party all copies of Confidential Information. If either party or any of their respective affiliates or representatives is required or requested by subpoena, interrogatories, or similar legal process to disclose any Confidential Information, such party agrees to provide the Disclosing Party with prompt written notice of such request, so that the Disclosing Party may seek an appropriate protective order or waive compliance by the Receiving Party with the provisions herein. It is understood and agreed that this Section 10 survives any expiration/termination of the contract.

11. Intellectual Property. As between Seller and Buyer, Seller shall retain and own any and all patents, copyright, trademarks, trade secrets, and other intellectual property embodied in or associated with the Product. Without limiting the generality of the foregoing, Seller shall retain and own all right, title and interest in and to all inventions, discoveries, know-how, works of authorship, drawings, designs, processes, and ideas developed, discovered or conceived by Seller or its employees in connection with the manufacture of the ordered Products. No drawings, designs, or anything else provided by Seller shall be deemed to be "work made for hire" as that term is used in connection with the U.S. Copyright Act.

12. Software. In the event the Product contains or otherwise includes software, the software shall remain the proprietary property of Seller (and/or its affiliates or other third parties who are Seller's licensors, if applicable), and in no event shall title thereto be sold or transferred to Buyer. In the event a Product supplied hereunder contains or otherwise includes software, the following shall apply: (i) subject to Buyer complying with these Terms, Buyer is granted a non-exclusive, non-transferable license to properly use the software in machine readable object code form only; (ii) any license so granted is limited to the proper use of the Product containing the software only in the manner authorized by Seller; and (iii) Buyer shall not sublicense the software to any other entity nor assign its license rights. Notwithstanding the above, in the event Buyer transfers (in compliance with any and all applicable laws and regulations) title to any Product containing the software, the license granted hereby shall transfer to Buyer's transferee. Any license granted hereunder shall continue: (i) until terminated in accordance with this agreement, or, (ii) for the useful life of the Product in which the software is embedded or is otherwise an integral part, or, (iii) for the useful life of the software, whichever is shorter. Any modification, alteration, or removal or unauthorized use of the software constitute a breach of this agreement and shall automatically terminate any license granted hereby. Buyer shall not (and shall not permit any third party to) create derivative works based on the software, or reverse engineer, or disassemble or decompile the software, or transfer, copy, or modify, the software. In the event a separate written applicable Seller-provided Software License is provided with the Product, specified in Seller's quotation, and/or otherwise communicated to Buyer, then the software shall be governed, in order of precedence, by the terms of the separate Software License and then by any non-conflicting terms hereof.

13. Intellectual Property Indemnity. Seller shall defend or at its option settle any suit or proceeding by any third party brought against Buyer in so far as it is based on an allegation that any Product (provided by Seller to Buyer) constitutes an infringement of any United States patent, copyright, or trademark. Seller will pay the damages and costs awarded in any suit or proceeding so defended. Seller's obligations in this paragraph are conditioned upon Buyer promptly (i) notifying Seller in writing of the third party's claim; (ii) giving Seller full authority to control the defense and settlement of the suit or proceeding; and (iii) providing Seller with full information and reasonable assistance at Seller's expense. Seller shall ensure that no such settlement intending to bind Buyer shall be entered into without Buyer's prior written consent, which consent shall not be unreasonably withheld or delayed. In case the Product (or any portion thereof) as a result of any suit or proceeding so defended is held to constitute infringement or its use by Buyer is enjoined, Seller will, at Seller's option and expense: (i) procure for Buyer the right to continue using the Product; (ii) replace the Product with substantially equivalent non-infringing Product; (iii) modify the Product so it becomes non-infringing; or (iv) take back the Product and refund or credit monies paid by Buyer to Seller for such Product less a reasonable allowance for use. Seller will have no duty or obligation to Buyer under this paragraph to the extent that the Product is (i) supplied according to Buyer's design or instructions wherein compliance therewith has caused Seller to deviate from Seller's normal designs or specifications, (ii) modified, (iii) combined with items, systems,

TERMS AND CONDITIONS OF SALE, cont'd.

methods, or processes not furnished by Seller and by reason of said design, instruction, modification, or combination a claim is brought against Buyer. If by reason of such design, instruction, modification or combination, a claim is brought against Seller or its affiliate, Buyer shall protect Seller and its affiliate in the same manner and to the same extent that Seller has agreed to protect Buyer under the provisions above in this paragraph. THIS SECTION 13 STATES SELLER'S AND ITS AFFILIATES' EXCLUSIVE LIABILITY FOR INFRINGEMENT OF ANY THIRD PARTY'S PATENT, COPYRIGHT AND/OR TRADEMARK.

14. Export Control, and Foreign Corrupt Practices Act. Products, technical data, technology, software, and services provided by Seller to Buyer shall at all times be subject to any and all applicable export control laws and regulations, including but not limited to applicable U.S. Export Administration Regulations, United Nations resolutions and European Union directives relating to trade embargoes and restrictions. Buyer agrees and warrants that no Product, items, equipment, materials, services, technical data, technology, software or other technical information or assistance furnished by Seller, or any good or product resulting therefrom, shall be exported or re-exported by Buyer or its authorized transferees, if any, directly or indirectly, in violation of any law or regulation. Buyer agrees and warrants that Buyer shall not violate or cause Seller to violate the U.S. Foreign Corrupt Practices Act of 1977 (as amended), in connection with any sale of the Products. If Buyer breaches any obligation in this Section 14, Buyer shall indemnify Seller from all expenses, liabilities, sanctions, and fines arising from such breach.

15. Limitation of Liability. NOTWITHSTANDING ANYTHING ELSE, THE TOTAL LIABILITY, IN THE AGGREGATE, OF SELLER ARISING OUT OF, RELATED TO, OR RESULTING FROM THE ORDER OR CONTRACT OR THE PERFORMANCE OR BREACH THEREOF, OR THE DESIGN, MANUFACTURE, SALE, DELIVERY, RESALE, REPAIR, REPLACEMENT, INSTALLATION, TECHNICAL DIRECTION OF INSTALLATION, INSPECTION, SERVICE, OPERATION OR USE OF ANY PRODUCT OR SERVICE SHALL BE LIMITED TO THE ACTUAL PURCHASE PRICE AMOUNT PAID BY BUYER TO SELLER FOR THE SPECIFIC PRODUCT/SERVICE GIVING RISE TO THE CLAIM (REGARDLESS OF WHETHER DAMAGES ARE CHARACTERIZED AS ARISING OUT OF BREACH OF WARRANTY, TORT, CONTRACT, OR OTHERWISE). For purposes of this Section 15, the term "Seller" means Seller, its affiliates, suppliers, and subcontractors, and their respective employees/agents.

16. No Consequential Damages, etc. NOTWITHSTANDING ANYTHING ELSE, UNDER NO CIRCUMSTANCES SHALL SELLER BE LIABLE FOR ANY CONSEQUENTIAL, INDIRECT, INCIDENTAL, OR SPECIAL DAMAGES (INCLUDING BUT NOT LIMITED TO LOSS OF PROFITS OR REVENUE, LOSS OF TOTAL OR PARTIAL USE OF THE PRODUCTS OR SERVICES, DOWNTIME COSTS, AND DELAY COST) EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR IF SUCH DAMAGES ARE FORESEEABLE AND EVEN IF ANY OF THE LIMITED REMEDIES IN THIS AGREEMENT FAIL OF THEIR ESSENTIAL PURPOSE (REGARDLESS OF WHETHER DAMAGES ARE CHARACTERIZED AS ARISING OUT OF BREACH OF WARRANTY, TORT, CONTRACT, OR OTHERWISE). For purposes of this Section 16, the term "Seller" means Seller, its affiliates, suppliers, and subcontractors, and their respective employees/agents.

17. U.S. Government Contracts. If the Products are to be used in the performance of a U.S. Government contract or subcontract, Buyer expressly agrees to notify Seller in writing in connection with Buyer's order. Further, if the Products are to be used in the performance of a U.S. Government contract or subcontract, only those clauses of the applicable U.S. Government procurement regulations which are mandatorily required by federal statute to be included in this contract shall be incorporated herein by reference.

18. Equal Employment Opportunity Requirements. If applicable to this agreement, Seller and Buyer shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a), and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.

19. Miscellaneous. 19.1. Typographical and/or clerical errors in Seller's quotations are subject to Seller's correction. **19.2.** Buyer's issuance of a purchase order or Buyer's receipt of the Product from Seller shall (without prejudice to any other manner in which acceptance of these Terms may be evidenced) constitute full acceptance of these Terms. **19.3. THESE TERMS CONTAIN THE ENTIRE AGREEMENT BETWEEN SELLER AND BUYER WITH RESPECT TO TERMS AND CONDITIONS AND SUPERSEDE ALL PREVIOUS OR CONTEMPORANEOUS STATEMENTS, AGREEMENTS, AND REPRESENTATIONS WITH RESPECT TO TERMS AND CONDITIONS.** This agreement cannot be superseded, amended, or modified except by an applicable negotiated agreement signed in handwriting by an authorized sales manager of Seller and an authorized representative of Buyer containing terms and conditions substantially similar to the terms and conditions of these Terms. Any purchase order issued by Buyer to Seller is for Buyer's internal purposes and no term or condition stated in such document shall modify these Terms. Seller's execution of any document issued by Buyer shall constitute only an acknowledgment of receipt thereof, and shall not be construed as an acceptance of any of the terms or conditions therein that differ from, conflict with, or add to these Terms. **19.4.** Neither party shall assign or transfer the contract without the prior written consent of the other party (which consent shall not be unreasonably withheld); any purported assignment in violation of this sentence shall be void. Irrespective of the foregoing, Seller may without consent assign the contract (or any of rights or obligations hereunder) to any of its affiliates and/or use sub-contractors. **19.5.** The provisions of these Terms are severable and the invalidity or unenforceability of any provision hereof shall not affect the validity or enforceability of any other provision. **19.6.** Neither party's failure to enforce, or its waiver of a breach of, any provision contained in these Terms shall constitute a waiver of any other breach or of such provision. **19.7.** All headings, captions and numbering in this document are for convenience of reference only and shall not be used to interpret any meaning of any terms or condition. **19.8.** The validity, performance, and all other matters arising out of or relating to the interpretation and effect of these Terms and/or the contract shall be governed by and construed in accordance with the internal laws of the U.S. State in which Seller's applicable sales or service facility is located without giving effect to any choice or conflict of law provision or rule (whether in such State or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than those of such State. **19.9.** Seller and Buyer expressly agree that the United Nations Convention on International Sale of Goods shall not apply. **19.10.** The parties are independent contractors under this Agreement and no other relationship is intended including, without limitation, any partnership, franchise, joint venture, agency, employer/employee, fiduciary, master/servant relationship, or any other special relationship. **17.11.** All rights and obligations contained in these Terms, which by their nature or effect are required or intended to be kept, observed, or performed after the termination or expiration of the order/contract will survive and remain binding upon and for the benefit of the parties, their successors, and permitted assigns.

CONFIDENTIAL. Any unauthorized disclosure in whole or in part is prohibited.

Note: Photos and illustrations contained herein might depict machines with optional and/or extra components which are not included with the standard version of the machine. Unless Atlas Copco's applicable written Quotation specifies that the particular optional/extra component is included with the particular machine being ordered, the machine will not include such optional/extra component. We reserve the right to change the specifications and design of products described in this literature without notice. Not all products are available in all markets.
