

Curtis Clan is the Interim Chief Information Security Officer (CISO) and Director of Network Services for the division or Office for Information Resources within the Department of Finance & Administration. As CISO, Clan directs and oversees security for information systems that are leveraged by the State Agencies. As Director of Network Services, he oversees network design and operation for a private State network that is leveraged by most State Agencies. This private network covers all 95 counties, and supports over 45,000 computers at 1900 locations.

Curtis Clan holds a Bachelor of Science Degree with a specialization in Industrial Electronics from Eastern Kentucky University. Prior to the State of Tennessee, Clan worked for Science Applications International Corporation (SAIC) at Fort Knox Hospital, Keesler Air Force Hospital and Fort Campbell Hospital working on their Composite Health Care System (CHCS).
