
Language in Career & Technical Education (CTE) Course Standards

The Background:

Rules, Regulations, and Minimum Standards of the State Board of Education 0520-01-03-.05(1) calls for the State Board of Education to adopt curriculum standards for each subject area, grades K-12. The approved standards are to be the basis for planning instructional programs in each local school system.

This language update reflects current terminology used across Tennessee by changing the term "Common Core State Standards" to "Tennessee State Standards" in CTE course standards. This change will make the previously approved course standards in CTE consistent with those approved during the 2014-15 school year.
