

How to save and view your TWRA Licenses on an iPhone

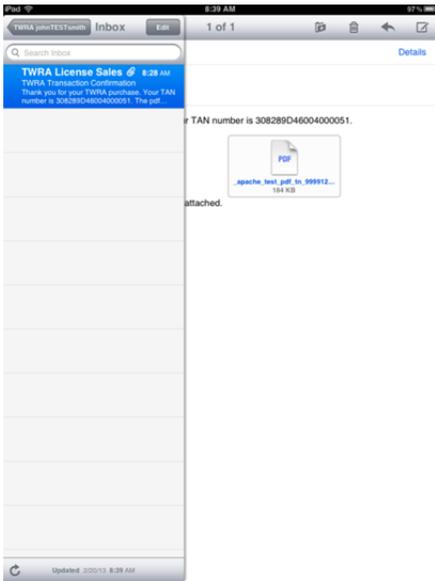

To view and save your TWRA License from your email you will need to install the Adobe Reader App on your iPhone. To do this, please open the App Store on your phone.

The App Store will open and you can then use the "Search" option to find Adobe Reader.

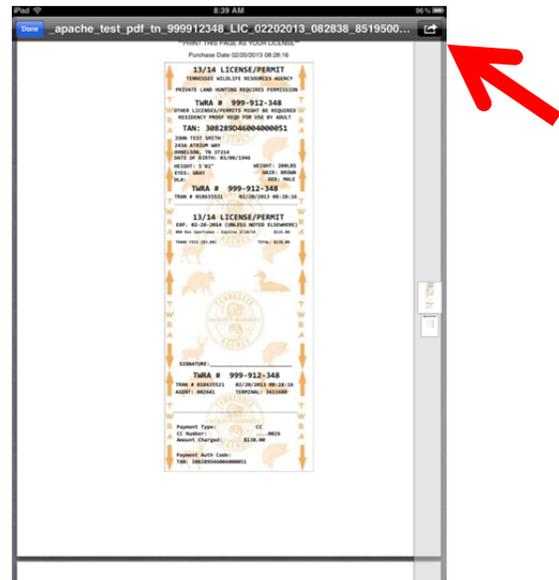

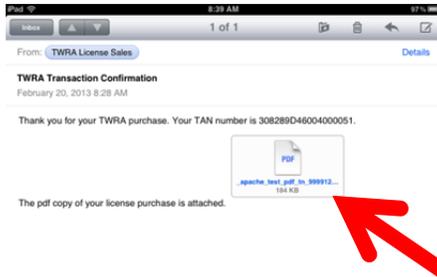

Adobe Reader is a FREE app so you will click on the “FREE” button next to Adobe Reader. Then click “INSTALL APP”

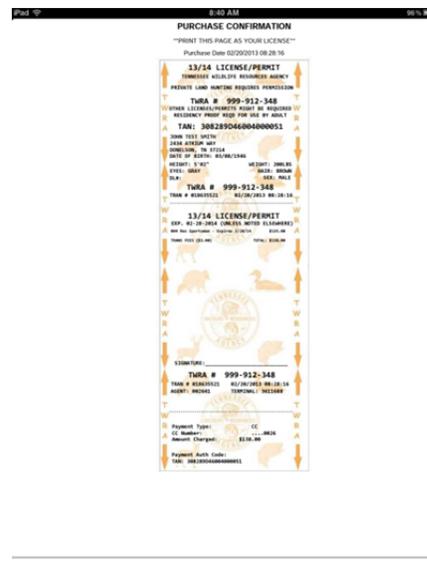

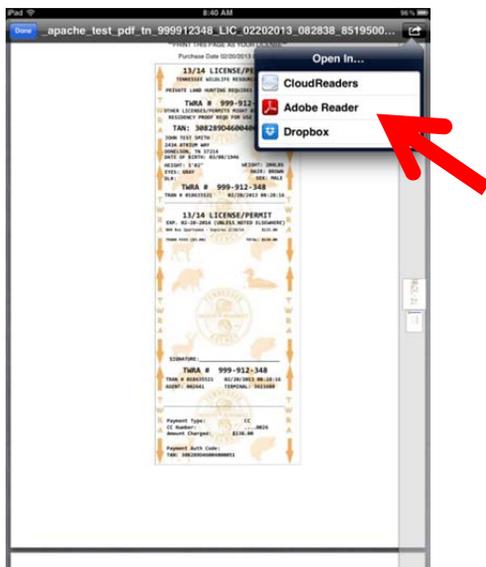

Once Adobe Reader installs, you can then open the email that you received as a confirmation from the TWRA Mobile Web App.

Click the attachment on the email to view the PDF. Then click the share button () in the upper right corner.

Choose Adobe Reader from the dropdown menu. This will store a copy of the document on your device and open it for viewing.

In the future, you will be able to open the Adobe Reader app on your device and view the document as needed.
