NASHVILLE, TENNESSEE

as of December 31, 2011 (the "Company" or "AGPIC").

INTRODUCTION

This examination was arranged by the Department of Commerce and Insurance of the State of Tennessee (TDCI or Department) under rules promulgated by the NAIC. It was commenced on June 25, 2012, and was conducted by duly authorized representatives of the TDCI. Due to the Company being licensed in many states, this examination is classified as an Association examination and therefore was called through the NAIC's Examination Tracking System. Notice of intent to participate was received from Delaware. Delaware sent two zone examiners who participated in the completion of this examination. This examination was made simultaneously with the Company's parent, American General Life and Accident Insurance Company (AGLA). Further description of the coordination effort between the States is discussed below under the heading "SCOPE OF EXAMINATION."

The previous full scope examination was made as of December 31, 2006, by examiners of the State of Tennessee. A limited-scope examination was made as of December 31, 2008, by examiners of the State of Tennessee that focused on the Company's securities lending practices. The report on examination for the last full scope exam did not contain any comments or recommendations; however the report on examination for the last limited-scope exam did contain two comments. See Comments - Previous Examination section included under Scope of Examination on page 4.

SCOPE OF EXAMINATION

This examination covers the period January 1, 2007, through December 31, 2011, and includes any material transactions and/or events occurring subsequent to the examination date which were noted during the course of examination.

The Company is part of a Holding Company Group (AIG - NAIC Group Code # 12) and the TDCI was involved with the Lead State of Texas in early discussions about coordination. Other States that were involved with coordination that had domestic insurers in the Group were Arizona, Delaware and New York. All of the other States in the coordinated group are currently performing exams on their respective domiciled insurers, except for Arizona that finished their exam on SunAmerica during 2012 as it was as of year-end 2010. All the other current exams by the other States are all risk focused full exams as of year-end 2011.

During planning, the examiners reviewed all accounts and balances and determined the activities and accounts that were key for the Company and which would be examined in the AGPIC examination. The key activities and material accounts within them included Investments, Reserves - Actuarial, and Reserves - Completeness and Accuracy.

The examination was conducted in accordance with rules and procedures as prescribed by the statutes of Tennessee, the Company's state of domicile and in accordance with the procedures and guidelines promulgated by the NAIC, as deemed appropriate, and in accordance with generally accepted examination standards and practices.

The examination was conducted in accordance with the *NAIC Financial Condition Examiners Handbook*. The examination was planned and performed to evaluate the financial condition of the Company as of December 31, 2011, and to identify prospective risks by obtaining information about the companies (AGPIC and AGLA), including the corporate governance of the holding company, AIG, by identifying and assessing inherent risks within the companies and by evaluating system controls and procedures used to mitigate those risks. The examination also included assessing the principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation and management's compliance with statutory accounting principles and annual statement instructions.

The Company's 2011 annual statement was compared with or reconciled to the corresponding general ledger account balances.

An examination of AIG's information systems (IS) was conducted concurrently with the financial examination through the coordinated group of State examiners and was performed by Arizona and Texas IS examiners. All the companies in the AIG Group use the same computer information systems. The IS examination included a review of management and organizational controls, logical and physical security controls, changes in applications controls, system and program development controls, contingency planning controls, service provider controls, operations controls, processing controls, e-commerce controls, and network and internet controls.

A separate market conduct review was also performed concurrently with the financial examination. The examination included a review of the Companies' underwriting and rating, policy forms and filings, advertising, policyholder complaints, and a claims review. See the heading "MARKET CONDUCT ACTIVITIES" on page 13 for further discussion of the Company's market conduct review.

AIG maintains an Internal Audit (IA) Department, which is charged with performing the internal audit function for all companies within the holding company system. Reports generated by the IA Department were made available to the examiners and were used in the examination as deemed appropriate. In addition, AIG maintains a SOX Department that is responsible for the testing and documentation of all processes, the risks for each, and all mitigating controls over those risks as required by Sarbanes-Oxley (SOX) 404. The examiners reviewed the processes tested and requested the work papers for specific ones which had been identified as significant to the key activities and sub-activities being examined. The work papers were provided and were utilized where deemed appropriate.

Independent actuaries were utilized in the review of the Company's loss reserves.

PricewaterhouseCoopers, LLP was the certified public accountants (CPAs) and independent auditor for all the companies in the coordinated group for all years under examination. The examiners reviewed the CPAs' work papers for all years, copies of which were incorporated into the examination as deemed appropriate.

A letter of representation, dated as of the date of this report and certifying that management has disclosed all significant matters and records, was obtained from management and has been included in the work papers of this examination.

Comments - Previous Examination

The previous full scope examination report as of December 31, 2006, did not contain any comments or recommendations. The previous limited-scope examination report as of December 31, 2008, did state two comments. The comments were made to affirm the Company did not have any problems with the issues that gave rise to the limited-scope examination. Below is a description of the prior examination report's comments:

Prior Comments:

1. Conclusion to Securities Lending Program concern

The limited-scope examination was conducted to determine if the Company had any exposure to AIG's Securities Lending Program and if so, would that exposure constitute a solvency concern for the Company.

Through examination procedures it was determined that the Company had been given approval to participate in the Securities Lending Program. However, it was determined that the Company never participated in the Securities Lending Program, and therefore, did not have any exposure related to the program.

2. Conclusion to Solvency of Company concern

The fact that the Company never participated in the Security Lending Program, and its capital, surplus, and RBC amounts are all well above required statutory and RBC capitalization levels, there appears to be no threat to the Company becoming insolvent in the near future.

COMPANY HISTORY

The Company was incorporated as NPO Insurance Company (NPO), a Tennessee company, on September 24, 1974. NPO was wholly-owned by NLT Corporation (NLT). Another wholly-owned subsidiary of NLT, Service Casualty Company of New York was incorporated under the laws of New York on August 31, 1945. The name of this company was changed to The National Property Owners Insurance Company on February 13, 1974. On January 1, 1975, National Property Owners Insurance Company was merged with and into NPO and the name of the surviving corporation was immediately changed to The National Property Owners Insurance Company (National Property Owners).

NLT became a wholly-owned subsidiary of American General Corporation (AGC) via an Agreement of Merger, supplemented by an Agreement and Plan of Merger, effective November 4, 1982. Effective January 27, 1984, NLT paid a dividend of the outstanding capital stock of National Property Owners to AGC, and on December 20, 1985, the TDCI approved a petition for the acquisition of National Property Owners by Maryland Casualty Company, a subsidiary of AGC.

On May 15, 1989, Maryland Casualty was acquired by Zurich Insurance Company and National Property Owners was given as a dividend to AGC. National Property Owners changed its name to American General Property Insurance Company (the Company) effective January 1, 1990. On June 30, 1992, the Company merged with Interstate Fire Insurance Company, with the Company being the surviving entity.

The Company's Parent, AGC, completed its acquisition of the Independent Insurance Group, Inc. (IIG) of Jacksonville, Florida, on February 29, 1996. IIG's subsidiaries included four property and casualty insurance companies that write basic needs fire products, primarily in the Southeast. Subject to the terms of an Agreement and Plan of Reorganization, one of IIG's subsidiaries, Independent Fire Insurance Company (IFIC), was merged with the Company effective February 28, 1999. In accordance with the terms of the Agreement, the Company transferred 150,741 of its issued and outstanding shares to IFIC, a Florida-domiciled insurer, in exchange for IFIC's assets exclusive of its certificates to write insurance in the various states in which it is licensed. The assets were transferred subject to all liabilities, obligations, claims, security interests and encumbrances of IFIC which were assumed by the Company. The TDCI approved the transfer and the Agreement and Plan of Reorganization between IFIC and the Company on May 7, 1999.

On March 30, 1999, pursuant to a Stock Purchase Agreement between AGC Life Insurance Company (AGC Life), AGLA and State National Holdings, Inc., dated October 5, 1998, IFIC was sold to State National Holdings, Inc., an unaffiliated Delaware corporation. The sale of IFIC was approved by the Florida Department of Insurance via a Consent Order issued on March 17, 1999. On March 30, 1999 at the closing of the sale of IFIC to State National Holdings, Inc., 150,741 of the issued and outstanding shares of the Company were transferred by IFIC to its sole shareholders, AGC Life and AGLA in the following numbers and percentages:

- a. 66,130 shares were transferred to AGC Life. AGC Life previously held 25,000 shares of the Company. Following the transfer, AGC Life owned 91,130 shares of the Company, representing 51.85% of the total issued and outstanding shares of the Company.
- b. 84,611 shares were transferred to AGLA. AGLA did not previously hold any of the Company's shares; AGLA then owned 48.15% of the total and issued outstanding shares of the Company.

Although the Company's immediate ownership was affected by this transaction, AGC remained the ultimate controlling person of the Company, AGC Life and AGLA.

On August 29, 2001, AGC was acquired by American International Group (AIG), a Delaware corporation. AIG is a holding company which, through its subsidiaries, is engaged primarily in a broad range of insurance and insurance related activities in the United States and abroad. In connection with the acquisition, AIG issued approximately 290 million shares of its common stock in an exchange for all of the outstanding common stock of AGC based on an exchange ratio of 0.5790 of a share of AIG common stock for each share of AGC common stock.

On September 11, 2009, the TDCI approved a merger request by the Company to merge its subsidiary, AGPIC of Florida, with and into the Company, with the Company being the surviving entity.

During 2008, AGLA purchased all of the remaining shares of the Company from AGC Life and became owner of 100% of the outstanding shares of the Company. As of December 31, 2011, AGLA remains the sole owner of 100% of the outstanding shares of the Company. The Company's ultimate parent is AIG.

The Company's capital structure appears in the 2011 Annual Statement as follows:

The terms and conditions under the Investment Pool Agreement will remain the same. The agreement permits the insurers and other AIG affiliates to invest funds in three short-term pools: a liquidity pool consisting of money market instruments with short maturities, a money market pool consisting of intermediate-term money market instruments; and a securities lending pool consisting of money market instruments with intermediate maturities.

In consideration of the services provided, the Company compensates the investment pool manager, "AMG" per a fee mutually agreed to from time to time by AIG and the companies that are approved by the insurance department of each of the companies' state of domicile, if required". The Tax Allocation Agreement sets forth the manner in which the total consolidated federal income taxes will be allocated to each entity which is part of the consolidated group. Generally, this agreement provides that AIG will not charge AGPIC a greater portion of the consolidated tax liability than would have been paid by AGPIC if it had filed a separate return. Also, AIG agrees to reimburse AGPIC for any tax benefits arising out of net losses within 90 days after the filing of the consolidated tax return for the year in which such losses are used.

In return, the Company agrees to "pay AGLA for its services an amount equal to ten percent (10%) of Insurance Revenues [premiums collected less returns]."

This Memorandum which was addressed in the previous examination is an "informal interpretation of one aspect of the services that are to be provided under the terms and conditions of the Servicing Agreement".

SUBSEQUENT EVENTS

Company Acquired by White Mountains Solutions on November 21, 2012:

On July 23, 2012, White Mountains Solutions Holding Company (White Mountains Solutions), a Connecticut corporation and wholly-owned indirect subsidiary of White Mountains Insurance Group, Ltd. (WMIG) submitted a plan to acquire control of the Company by purchasing one hundred percent (100%) of the Company's issued and outstanding shares of stock from AGLA, the Company's parent. In addition to the TDCI's approval and authorization of the stock purchase, White Mountains Solutions also requested that the TDCI approve and authorize the following post-closing transactions related to the sale of the Company:

1. Approve a Charter Amendment of AGPIC which will reduce the par value of the common stock of the Company from \$100 per share to \$10 per share;
2. Approve an extraordinary dividend in the amount of \$10 million from the Company to White Mountains Solutions;
3. Approve the following intercompany agreements with affiliates of the Applicants which are a Tax Allocation Agreement, an Amended and Restated Expense Allocation Agreement, and an Investment Management Agreement

In the Company's acquisition plan submitted by White Mountains Solutions they outlined the future plans for AGPIC. White Mountains Solutions stated they will continue to cause the Company to run-off the Company's liabilities in an orderly manner, consistent with the Company's contractual obligations to its policyholders, and will continue to cause the Company to meet its ongoing regulatory and statutory financial reporting requirements. They have no plans to cause the Company to commence underwriting new business following the closing without the prior approval of the Commissioner. They have no plans to liquidate the Company, sell any asset of the Company, or merge the Company with any person or persons.

Following the closing, White Mountains Solutions intends for employees of affiliates of WMIG, under the oversight and guidance of the new Company directors and officers, to manage the daily affairs of the Company. They anticipate that such employees will operate primarily from WMIG offices in the State of Connecticut and New York.

The TDCI by Order Approving Plan of Acquisition approved the sale of the Company to White Mountains Solutions on November 21, 2012.

During the examination, the examiners performed a review for subsequent events and did not note any such events that required additional disclosure in this examination report, other than the acquisition described above. Our review confirmed the Company's disclosures in its 2011 Annual Statement and in its Letter of Representation signed at the conclusion of this examination, that they were not aware of any events subsequent to December 31, 2011 that could have a material effect on its financial condition.
