21. Other Items

Premium Rate Decrease

The Company and the State of Tennessee TennCare Bureau are in the process of finalizing an amendment to the existing contract, which includes a revision to the premium rates at which the Company provides Medicaid managed care services to eligible Medicaid members for the contract period that began July 1, 2011. The amendment revises premium rates resulting in a decrease of approximately 4.7%, effective July 1, 2011. Additionally, the Tennessee contract employs an adjustment model to reflect the estimated risk profile of the participating managed care organizations' membership, or a "risk adjustment factor". This risk adjustment factor is determined annually subsequent to the determination of the premium rates established for the contract year. Based on information provided by the State, the Company has determined that premium rates will be further reduced by 1.7% retroactively effective July 1, 2011 due to the most recent risk adjustment factor calculation. These estimated amounts are included in the Statement of Revenue and Expenses as of September 30, 2011.

Medical Expense Allocation Methodology

In Q3 2011, our actuaries re-evaluated the allocation methodology used to categorize our medical expenses in the NAIC-defined service categories reported in the Statement of Revenue and Expenses. As a result, there may be sizable shifts between the service categories presented for YTD 2011 as compared with prior periods.
