Program Coverage

## **TITLE IX EDUCATIONAL PROGRAM COVERAGE**

Title IX legislation states that "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance ..." In the Department of Children's Service (DCS) school system, compliance with Title IX is monitored by the DCS Office of Civil Rights in conjunction with the central office of the DCS Education Division. For children in state custody who attend public school, compliance with Title IX is the responsibility of and is monitored by the local education agency (LEA) in which the child is enrolled; however, DCS Education Specialists are responsible for monitoring all education issues related to children in custody and would be available to advocate for children in state custody attending public school should any issue or complaint arise related to Title IX.

During FY 2020-2021, the DCS School System was comprised of one (1) Youth Development Center (YDC) school programs for males. The schools are part of secure treatment programs for youth who have been adjudicated delinquent and placed in the custody of DCS. All schools offered the academic classes required for graduation; in addition each school provided vocational classes to help students prepare to enter the work force. DCS also contracted with a number of private providers to provide treatment for youth. Some of these programs provided in-house educational programs due to the intensity of the treatment needs of the children placed there. These educational programs are also required to be in compliance with Title IX.

There were no Title IX complaints reported or filed with DCS during fiscal year 2020-2021.

# **TITLE IX PROGRAM**

## **HIGHLIGHTS AND ACCOMPLISHMENTS**

### **FY 2020-2021**

The emphasis in the Title IX program has continued to be on implementing the DCS Title IX Policy, providing training for a wide variety of audiences, and monitoring all DCS in-house school programs to ensure compliance with Title IX. The following items represent the progress and activities that occurred during FY 2020-2021.

- Implementation of the Title IX Policy continued during FY 2020-2021. As planned, this policy outlines the following:
  1. Assurance of annual Title IX training
  2. Provision for the distribution of materials used to ensure compliance with Title IX
  3. Inclusion of Title IX in written materials issued to families and clients
  4. Provision for regional contact persons and for on-site monitoring
  5. Provision for regional surveys of compliance
  6. Provision for the maintenance of compliance reports
  7. Procedures for filing and handling complaints
  
- 15 Regional Education Specialists are assigned the role of Title IX Coordinators across the state. Although there is a DCS policy in place that includes a systematic procedure for filing and processing complaints, there were none filed with Education Specialists during FY 2020-2021.
  
- A Title IX Computer Based Training was provided during FY 2021 and was completed by over 3270 staff members statewide (a listing is provided from our training division).
  
- During 2020-2021, a Title IX compliance instrument was completed in all of the DCS in-house school programs under the supervision of the Title IX coordinators (the Education Specialists). No issues were reported during the monitoring nor on the compliance instruments. At this time, all schools are in compliance.
  
- The DCS Education Division tracked all monitoring efforts, training sessions, and provided any needed information to DCS and Provider school programs in order to ensure an organized monitoring and reporting system.

## **TITLE IX IMPLEMENTATION PLAN**

### **GOALS AND OBJECTIVES FOR 2021-2022**

For the fiscal year 2021-2022, the Department of Children's Services will conduct a review of all school programs to ensure compliance with Title IX. Specifically, the plan for Title IX for FY 2021-2022 will be the following:

- Revise compliance review documentation and annual training to include updates to Title IX law that were implemented in the last year.
- Complete a compliance review of all educational programs in the DCS School System and in the provider agencies to ensure that no student is denied the participation in, the benefits of, or is discriminated against on the basis of gender in DCS educational programs.
- Provide the updated Computer Based Training course for all DCS Education staff, including Central Office staff, staff within the Youth Development Center, and the Education Specialists who will serve as the regional contacts for issues related to Title IX.
- Track the number of DCS staff who complete Title IX Computer Based Training during FY 2021-2022.
- Ensure that the necessary information, materials, and technical assistance are available in all DCS regions to allow full compliance with Title IX regulations.
- Provide a timely, fair, and impartial process for resolving complaints and disputes.

5

## Objective

- How to apply the State's Policy Statement to your workplace.
- The description of your responsibilities and liabilities under the State's Policy Statement and state and federal law.
- How you can develop strategies for recognizing and preventing disparate treatment.
- DCS service provider Title VI & IX requirements and responsibilities, and
- How to report Titles VI & IX violations/complaints.

6

## What is Title VI?

- **Title VI Statute and Regulation:**
- Section 601 of the Title VI of the Civil Rights Act of 1964, 42 U.S.C. section 2000d et. Seq., states:
- **"No person in the United States shall on the basis of race, color or national origin, be excluded from participation in, be denied benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance."**  
Civil Rights Act of 1964

7

## What is Title IX?

- Title IX of the *Education Amendments of 1972* 20 U.S.C. §1681 et seq. is a federal law prohibiting discrimination based on sex.

"No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance"

8

### What are Civil Rights?

*Civil Rights are enforceable rights or privileges guaranteed by the 13<sup>th</sup> and 14<sup>th</sup> Amendments to the U.S. Constitution, which if interfered with by another gives rise to an action for injury.*

9

### What is discrimination?

To make any distinction between one person or group of persons and others, either intentionally, by neglect, or by the effect of actions or lack of actions based on their membership in a particular protected class

10

### What is a protected class?

Membership in any group of individuals with the same characteristics that are protected from disparate treatment by federal law and statutes

11

### Race:

**Race distinguishes one population of humans from another. The most widely used human racial categories are based on visible traits and self-identification.**

- Example: Deny program services, aids, or benefits or making assignments based upon race distinction

12

### Color:

Group of people recognized as a class on the basis of the visible characteristic of skin pigmentation.

- Provide a different service, aid, or benefit, or provide them in a manner different than they are provided to others

13

### National Origin:

National origin is a concept that may refer to an individual's place of birth.

- Example: segregate or separately treat individuals in any manner related to the receipt of any service, aid, or benefit. ie. language assistance

14

### Sex

Sex distinguishes one population of humans from another. There are two categories which are based upon gender traits and are categorized as male or female.

OR

15

### What is the purpose of Title VI?

The purpose of Title VI of the Civil Rights Act of 1964 is to prohibit programs that receive federal funds from discriminating against participants on the basis of race, color, national origin.

16

## Historical Basis for the Civil Rights Act of 1964

Title VI was not the first attempt to ensure nondiscrimination in federally assisted programs. For example, various prior Executive Orders prohibited racial discrimination in:

- U.S. Armed Forces
- Employment by federally funded construction contractors, and
- Federally assisted housing

Various federal court decisions also served to eliminate discrimination in individual federally assisted programs.

17

## Historical Basis for the Civil Rights Act of 1964 (cont.)

- The Civil Rights Act of 1964 was a product of the growing demand from civil rights leaders for the Federal Government to launch a nationwide offensive against racial discrimination.
- In calling for its enactment, President John F. Kennedy identified "simple justice" as the justification for passage of the Civil Rights Act of 1964.

18

## Defining Simple Justice

"Simple justice requires that public funds, to which ALL taxpayers of all races contribute, not be spent in any fashion which encourages, entrenches, subsidizes, or results in racial discrimination."

John F. Kennedy, 1963

19

## Synopsis of Purpose of Title IX, and Legislative History

### Purpose of Title IX:

Congress enacted Title IX with two principal objectives in mind:

- to avoid the use of federal resources to support discriminatory practices in education programs and,
- to provide individual citizens effective protection against those practices.

20

## Synopsis of Purpose of Title IX, and Legislative History (cont.)

### History of Title IX:

*Sex bias and discrimination in schools emerged as a major public policy concern in the late 1960's and early 1970's as the women's civil rights movement gained momentum. Congress focused on the issue of sex bias in education during the summer of 1970 at a set of hearings on discrimination against women before a special House Subcommittee on Education chaired by Representative Edith Green (Oregon). Title IX began its congressional life in earnest when an amendment was introduced in the Senate by Senator Birch Bayh of Indiana, and Legislation was enacted as Title IX of the Education Amendments Act of 1972, 20 U.S.C.A. § 1681, et seq., on June 23, 1972.*

21

## Federal Financial Assistance

Under regulations implementing Title VI, federal financial assistance includes, but is not limited to:

1. Grants and loans
2. Grant or donation of federal property and interests in property
3. The detail of federal personnel
4. The sale and lease of, and the permission to use (on other than a casual or transient basis) federal property at little or no cost
5. Any other federal agreement, arrangement, or other contract which has as one of its purposes the provision of assistance

22

## Federal Action that is NOT Federal Financial Assistance

- Procurement Contracts
- Licenses
- Statutory regulations or programs that directly or indirectly support, or establish guidelines for an entity's operations. *Ex. Federal Bank Regulations*
- Contracts of guaranty and insurance

23

## Title VI and Title IX: Differences and Similarities

- Congress consciously modeled Title IX on Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. § 2000d et seq., which prohibits discrimination on the basis of race, color, or national origin in programs or activities that receive federal funds. Note that Title VI's protections are NOT limited to "education" programs and activities, as are those of Title IX.
- The two statutes both condition an offer of federal funding on a promise by the recipient not to discriminate, in what is essentially a contract between the government and the recipient of funds. Because of this close connection between the statutes, Title VI legal precedent provides some important guidance for the application of Title IX. These statutes were enacted to prevent unlawful discrimination and to provide remedies for the effects of past discrimination.

24

### Title VI and Title IX: Differences and Similarities (cont.)

Although much of Title VI case law can be applied to Title IX situations, the analogy is not perfect because Title IX contains several important exemptions that are absent in Title VI.

It is important to note that even though Title IX carves out the above exceptions to its general prohibition on sex discrimination, governmental/public recipients may still have a constitutional duty not to discriminate on the basis of sex.

25

### Exemptions to Title IX Coverage

- Membership practices of certain single sex organizations
- *Beauty pageants*
- *Father-son or mother-daughter activities in an education program or activity*

26

### Title VI and Employment Discrimination

Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d-4 does not cover employment, except where employment practices result in discrimination against program beneficiaries or where the purpose of the federal assistance is to provide employment.

27

### What Title VI Does...

- Prohibits entities from denying an individual any service, financial aid, or other benefit
- Prohibits entities from providing services or benefits to some individuals that are different or inferior to those provided to others
- Requires assurance of nondiscrimination in purchasing of services
- Prohibits locating facilities in any way that would limit or impede access to a federally funded service/benefit
- Requires entities to notify the eligible population about applicable programs
- Prohibits discriminatory activity in a facility built in whole or part of Federal funds

28

## What Title VI Does Cont...

- Prohibits segregation or separate treatment in any manner related to receiving program services or benefits
- Prohibits entities from requiring different standards or conditions as prerequisites for serving individuals
- Encourages the participation of minorities as members of planning or advisory bodies for programs receiving federal funds
- Requires information & services to be provided in languages other than English when significant numbers of beneficiaries are of limited English speaking ability

29

## What Title VI Does Not Do:

- Does not apply to Federal assistance provided through insurance or guaranty contracts (ie: FHA Loan Insurance)
- Does not provide relief for discrimination based on age, sex, geographical locale or wealth
- Only apply to contracts and set-aside programs
- Does not apply to employment, except where employment practices result in discrimination against program beneficiaries or where the purpose of the Federal assistance is to provide employment
- Does not apply to direct benefit programs such as Social Security

30

## Title IX and Employment Discrimination

- Title IX prohibits employment discrimination in any education program or activity receiving FFA
- In general, the substantive standards and policies developed through case law under Title VII of the Civil Rights Act of 1964 and the Guidelines drafted by the EEOC on employment discrimination claims apply to employment actions brought under Title IX

31

## Federal Agency Enforcement of Title IX In the Employment Context

- Generally, refer to the Division of Diversity Initiatives, or THRC, or EEOC sex-based employment discrimination claims where there is no Title IX jurisdiction  
*–Entity does not receive FFA; not an education program or activity*
- If both agency and EEOC have jurisdiction, then the complaint procedure included in DCS Policy 4.20 should be followed or can referred to THRC or EEOC

32

### Title VI & Title IX Pre-award Reviews

- Assurances
  - An assurance ensures that applicants and recipients of federal financial assistance are aware of their obligations to operate all of their (education) programs or activities in compliance with the nondiscrimination mandates of Titles VI & IX and the regulations implementing these laws.
  - Assurances also provide a basis for the federal government to sue to enforce compliance with these statutes
  - The responsible agency official determines the form of the assurance

33

### Determining Pre-award Compliance

- The Title VI Coordination Regulations require that agencies "shall make [a] written determination as to whether the applicant is in compliance with Title VI," 28 CFR §42.407(b)
- If such a determination cannot be made from the submitted data, the agency shall require additional information to be submitted and take other necessary steps to making the determination *-including communicating with local government officials/community organizations and/or conducting onsite reviews*

34

### Titles VI and IX Procedural Requirements for Recipients

- Assurances
- Designation of Titles VI & IX Coordinator
- Creation of Titles VI & IX Grievance Procedures
- Dissemination of Titles VI & IX Policies

35

### Titles VI & IX Coordinator Responsibilities

- Providing information on Titles VI or IX requirements
- Distribution of proper complaint forms and information to potential complainants
- Receipt of formal complaints and providing notification of receipt of complaints as in complaint procedure included in Policies 24.10 or 24.14
- Training the staff relative to complaint procedures
- Providing ongoing training and technical assistance on Titles VI & IX

36

### An Effective Title IV or IX Coordinator Should Have

- In-depth knowledge of the Title VI and/or IX regulations
- General knowledge of federal and state non-discrimination laws
- Knowledge of the DCS's Title VI and/or IX complaint procedures
- Ability to diagnose, clarify, and mediate differences of opinion

- Each region must designate one individual as the Title VI or Title IX Coordinator to be responsible for compliance with Title VI or Title IX regulations. (According to DCS Titles VI & Title IX Implementation Plans)
- Titles VI & Title IX posters **MUST** be displayed in a conspicuous place and accessible to **ALL** service beneficiaries.
- Residential service providers must ensure that room/housing assignments and transfers are made without regard to race, color, or national origin.
- All DCS employees **MUST** adhere to DCS Policy 24.10; Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d-4; Tennessee Attorney General's Opinion # 92.47; and Tennessee Code Annotated (TCA) 4-21-904; DCS Policy 24.14; Title IX Civil Rights Act of 1964, as Amended in 1972 (20 U.S.C. § 1681).

- Inability of DCS to maintain current staffing patterns and high quality of professionalism
  - Reduction of Force (RIF)

  - Negative economic impact on the communities where RIF has affected.

47
