\$92,517,890.00

Disasters:**Declaration Number**

FEMA-1745-DR-TN

Narratives**Disaster Damage:**

On February 5-6, 2008, several counties in Tennessee were struck by severe storms, tornadoes, straight-line winds, and flooding. These counties included Benton, Fayette, Fentress, Hardin, Haywood, Hickman, Houston, Lewis, Macon, Madison, McNairy, Montgomery, Perry, Shelby, Sumner, Trousdale and Williamson Counties. Several people were killed across these counties. Homes and businesses were severely damaged and/or destroyed and many were left without power and other sustainable living needs during the following days, weeks and months. As a result, the President of the United States declared a major disaster under Title IV of the Stafford Disaster Relief Act (42 U.S.C. 5121 et seq.). The HUD guidance for funding was published February 13, 2009 in the Federal Register as Docket Number FR-5256-N-01.

Recovery Needs:**SHORT AND LONG TERM RECOVERY NEEDS**

(1) Short Term Actions -The State of Tennessee short term disaster recovery needs were addressed through a mechanism coordinated through the Tennessee Emergency Management Agency (TEMA). TEMA assisted the local jurisdictions that were responsible for first response to the emergency by coordinating with FEMA to supplement the efforts of the local teams through the establishment of Joint Field Offices. For Individual and Public Assistance, TEMA and other state agencies coordinated teams that included staffs from various state and federal agencies that assist citizens, businesses, local governments and other entities impacted by the disasters to provide immediate assistance with their short term needs.

For the February 5-6, 2008 disaster, the amounts of short term assistance totaled \$9,300,000.

i \$3,147,185 was approved through FEMA's Individuals and Households Program for housing assistance, including rental assistance and repairs to homes for eligible application. Of that, \$2,129,181 was for housing assistance and \$928,004 was to help applicants recover other essential disaster-related needs.

i \$6,249,500 in loans to homeowners, renters and businesses was approved by the U.S. Small Business Administration (SBA).

i 3,038 residents visited Disaster Recovery Centers operated jointly by FEMA and the State of Tennessee

i 2,289 home inspections were completed

i Of the 18 counties declared for individual assistance, 4,313 Tennesseans have registered.

Details are available at www.fema.gov/news/newsrelease.fema?id=43037

(2) Long Term Recovery Needs --In addition to the areas' short term needs which were generally addressed as outlined above, the affected jurisdictions also have long term recovery needs in the areas of unmet housing, infrastructure and economic revitalization needs which can be partially solved and leveraged through an emphasis on the CDBG activities outlined in the February 13, 2009 Notice. Based on the Notice and information received through eligible local governments planning documents and TEMA, the Department's Action Plan contains an emphasis on eligible CDBG activities that "support the repair, rehabilitation, and reconstruction of affordable rental housing stock" sufficient to meet the prorated threshold requirement of at least \$10,176,967. As outlined below in Section I, applicants are encouraged to include eligible activities in their applications that addresses the federal requirement to support affordable rental housing. In addition, other eligible activities may be undertaken that assist in the alleviation of unmet infrastructure and economic revitalization needs.

Progress Toward Activity Type Targets

Activity Type	Target	Actual
Affordable Rental Housing	\$10,362,003.68	\$10,200,000.00

Progress Toward National Objective Targets

National Objective	Target	Actual
Low/Mod	\$46,258,945.00	\$81,038,006.37

Overall Progress Narrative:

For the first round of awards, 26 projects have been closed out by ECD. Six projects were closed out during this quarter. Of the six remaining projects, two should close out in the up-coming quarter and the others are under construction or waiting for their equipment to arrive.

For the second round of awards, 50 were awarded. One has been closed out. One will be finalizing close out in the next quarter. Eight have had monitoring visits. Nineteen of the projects have had their bid tabs approved. Construction has started on thirteen of the projects. Bad weather has delays the others. Nine projects have equipment on order waiting for delivery.

For the rental projects, seven were awarded. All have completed the environmental reviews. Two have construction and they have begun. The other projects are in the process of purchasing properties to be used for rental for low and moderate income.

Activity Description:

Complete physical inspection and identify worst areas within collection system; clean and televise sewer lines; conduct physical survey of manholes to determine condition; smoke test lines to determine level of damage to service lines; and prioritize and develop an effective construction program.
 NUMBER OF LINEAR FEET WILL BE REPORTED AT A LATER DATE WHEN TESTING HAS BEEN COMPLETED.

Location Description:

Construction will occur in the Town of Adamsville.

Activity Progress Narrative:

Phase II PCC conducted on February 5, 2014 and project start-up date set for March 3, 2014. Phase II is under construction and is set for completion on June 12, 2014.

Activity Description:

Big Sandy will make improvements to the Wastewater Treatment Plant including replacing the lagoon's baffle curtains and anchors, replacing damaged aerators, restabilizing lagoon banks, removing sludge from the lagoon and replacing a generator.

Location Description:

Construction will occur in the Town of Big Sandy.

Activity Progress Narrative:

Previously approved change orders have extended the project's contract time. The work associated with these change orders is nearing completion. Additionally, permitting issues related to underground tank closure have arisen and they are working with the TDEC Jackson Environmental Field Office to resolve these issues.

Activity Description:

Commission a comprehensive study of the storm drainage system, implement storm drainage improvements and install a siren (warning) system.

Location Description:

Construction will occur in the City of Brownsville.

Utility customers in the City of Brownsville were surveyed. A survey was sent to each customer and the return rate was sufficient to establish a random survey.

Activity Progress Narrative:

Plans and specifications are completed and awaiting submittal to ECD until acquisition is completed. They need 2 easements in the City and 4 easements in the County. The City/County Attorney is working on the easements.

Activity Description:

Installation of new influent pump/primary treatment system including new influent pumps, screen, grit removal, and influent flow monitor; relocation of electrical components above top-of-berm elevation of wastewater treatment plant; and the installation of an emergency power generator for continued plant operations in the event of a power outage.

Location Description:

Construction will occur in the City of Camden. City of Camden sewer system customers were randomly surveyed through surveys mailed to them and door-to-door surveys.

Activity Progress Narrative:

The project consists of a combination of CDBG and SRF Loan Funds. CDBG approved plans and specifications on 12/13/13. SRF recently approved plans and specifications in March 2014. Advertisement for bid is planned for April.

Total Funds Expended	\$0.00	\$0.00
Town of Centerville/Hickman County	\$0.00	\$0.00
Match Contributed	\$0.00	\$0.00

Activity Description:

Funds will be used to purchase three emergency generators, a portable by-pass pumping station, a mobile communication system and for the relocation of an existing water storage tank.

Location Description:

Construction will occur in the Town of Centerville. Residents of the Town of Centerville were randomly surveyed.

Activity Progress Narrative:

They met in January 2014 with the Mayor Jacobs to discuss the generators and to get a bid date once we have approval from ECD for the generators. The Town of Centerville has a new mayor and they are working with him to catch him up on the CDBG Disaster grant and the process. Bid opening for Contract B: Emergency Generators took place on March 11, 2014 for the generators at City Hall and the raw water intake. Two bids were received and engineer Buddy Koonce with Goodwyn, Mills and Cawood is working on the bid package to submit to the administrator so she can submit to ECD. The amount of remaining funds after bidding the generators will determine what to do regarding water tank relocation.

Total Funds Expended	\$0.00	\$0.00
City of Collierville	\$0.00	\$0.00
Match Contributed	\$0.00	\$0.00

Activity Description:

Funds will be used for drainage improvements in the City that are needed because of the storm and flooding.

Location Description:

Drainage improvements will occur in the City of Collierville. Census data were used to determine the number of low and moderate income people that would be affected by the project.

Activity Progress Narrative:

Issues with the debris site because of inadequate backfilling and compaction of the site will require that no construction can take place until the site has had time to dry and natural compaction of the site has been accomplished. The railroad has now decided that they do not want to be in a contract with the contractor. The Town's attorney told them to rebid the project the drainage and railroad work with one contractor. The project has been bid and bids are going to be rejected and will be repackaged into one construction contract. Regarding the storm debris storage area, the preliminary site plan has been reviewed and approved by Collierville Public Works. A formal submittal of plans and specifications to Collierville purchasing has not been done.

Match Contributed	\$0.00	\$0.00

Activity Description:

Repair damages to the City water system from the 2008 storm and flooding events, install emergency generators at 4 booster stations, and install 12,200 linear feet of new water line.

Location Description:

Construction will occur in the City of Erin. Residents of the City of Erin were randomly surveyed to determine the number of low and moderate income people that would be served.

Activity Progress Narrative:

Contract B is nearing the end of design and the bid document should be submitted for approval shortly. This contract involved coordination with the USACE and therefore has taken longer to get to the bidding stage.

Activity Description:

Demolition of a detention center to construct a new public facility with a storm resistant basement to serve residents of Somerville and surrounding Fayette County.

Location Description:

Construction will occur in Fayette County. Somerville utility customers were randomly surveyed door-to-door to meet the required response rate of 24%; a 24.1% survey rate was obtained.

Activity Progress Narrative:

On February 12, 2014 a letter was sent to Mayor Taylor approving rehabilitation of the jail due to SHPO restrictions on demolition. A2H reviewed feasibility of rehabilitating the former jail. A review was submitted to Mayor Taylor on March 21, 2014 for consideration prior to submittal to ECD. Response is expected early next quarter.

Activity Description:

Funds will be used to replace 60' of undersized culvert under highway 194; enlarge retention basin and add emergency spillway; construct floodwall around wastewater pump station; and repair 48" drainpipe.

Location Description:

Construction will occur in the Town of Oakland.
Used Urgent need national objective.

Activity Progress Narrative:

Eight of the twelve easements required have been donated. One easement is awaiting signature of family that has agreed to donate. Three remaining properties will require appraisals. Somerville Bank and Trust and the Marks Property are only temporary easements, but owners requested appraisals and declined donation. One remaining property, John Tracy, requires a permanent and temporary easement. The Tracy family has refused to cooperate in any capacity and this property may require condemnation. Appraisals and offers to purchase are expected to be completed in April.

Total Funds Expended	\$0.00	\$0.00
City of Williston	\$0.00	\$0.00
Match Contributed	\$0.00	\$0.00

Activity Description:

Funds will be used for the construction of a fire hall.

Location Description:

Constuction will occur in the City of Williston. Volunteer firefighters went to every 4th house in the service area. If no one was home, then they went to the next house to determine the number of low and moderate income people that would be served by the project.

Activity Progress Narrative:

Construction start notice was given for February 2014. Wet weather delayed actual start. A stop work order was given in March due to mucky soil conditions found in the area for the building footprint. The stop work order was issued to allow time for the site to sufficiently dry out.

Activity Progress Narrative:

They opened bids on February 18, 2014 for Phase 2 of this project. Phase 2 is another drainage control project. Bids are higher than available funds. They are working with Brooxie Carlton and Karla Nicodemus to attain funds from the 2010-D Stanton grant that the city received and have not yet designed. They should be awarding the final phase by April 18, 2014. The project should be complete by the end of 2014.

Activity Description:

Funds will be used to purchase equipment for the Emergency Operations Center.

Location Description:

Equipment will be purchased for use in Hartsville/Trousdale County. Residents were randomly surveyed using the list of water customers to determine number of low and moderate income people served by the project.

Activity Progress Narrative:

The property owner the county was originally working with had backed out the day the closing was scheduled. He has changed his mind again and has agreed to sell, so the deal is back on. The County Executive decided the entire acquisition process for this property should go before the County Commission. They approved it at their regular meeting on March 24, 2014. The county attorney is in the process of scheduling a new date for the closing of the property. Geotechnical work is to begin next week. The engineer is now ready to commence design. Overall, acquisition of the site has been resolved.

Total Funds Expended	\$0.00	\$0.00
Macon County	\$0.00	\$0.00
Match Contributed	\$0.00	\$0.00

Activity Description:

Funds will be used to purchase an extrication/rescue vehicle, CAD system and radios, fire truck, sirens, and water rescue equipment(atv)/training.

Location Description:

Equipment will be purchased for Macon County. The 911 service list was used to randomly survey the households in the county to determine the number of low and moderate income people to be served.

Activity Progress Narrative:

They are awaiting delivery of the fire tanker truck which is anticipated in May. Warning Sirens: Properties have been identified for the 14 sirens. The 911 Director located 7 sites on county-owned property. The acquisition of all easements required for the other 7, which are on private property, was completed 3/27/14. The 911 Director is working on finalizing the specifications for the sirens.

Delay on Water Rescue Training: The training had been planned and arrangements were underway with TARS. Training was to occur onsite on the Ocoee River. However, the Ocoee River is controlled by the TVA, and they have lowered the water level for the remainder of the season which means the training must be postponed. This is out of control of the TARS. It appears now that it will be spring before they can do any training. Steve Jones, Macon 911 Director, is coordinating with Stacy Rhodes, Director of TARS, to see what they are going to have to do.

Narrow band capable digital radios and CAD system: These 2 components are on hold until all other project activities have been bid. The County deems it prudent to wait until the balance of funds is established before bidding these final 2 components.
Rescue Squad Truck: This truck has been delivered.
