Tennessee Department of Education
Focus Schools
August 13, 2012

Focus Methodology:

Focus Pathway 1) High schools with an average graduation rate less than 60% that have not otherwise been identified as “Priority”.

Focus Pathway 2) Schools with any subgroup with a success rate less than 5%.

- African American/Black
- Asian
- Hawaiian/Pacific Islander
- Hispanic
- Native American
- White
- Economically Disadvantaged
- Students with Disabilities
- Limited English Proficient

Focus Pathway 3) Schools with the largest within-school gaps between comparison groups.

- ALL Students vs. Black/Hispanic/Native American
- Non-Economically Disadvantaged vs. Economically Disadvantaged
- Non-Students with Disabilities vs. Students with Disabilities
- Non-Limited English Proficient vs. Limited English Proficient

There are two “safe harbors” that can exempt a school from focus identification:

- 1) Success rate of every subgroup in a school is at or above the State average success rate for all students for the most recent school year.
- 2) Each of the comparison groups as reduced its gap by at least 6% in the last year.

The data inputs for the calculation of the success rate include:

- 3-8 Math
- 3-8 Reading/Language Arts
- 3-8 Science
- Algebra I
- English II
- Graduation Rate

The success rate equals:

$$\frac{\begin{aligned} &\# \text{ Proficient/Advanced Students in Math + Reading/Language Arts + Science} \\ &+ \text{ Algebra I + English II + \# HS Graduates} \end{aligned}}{\begin{aligned} &\# \text{ Tested Students in Math + Reading/Language Arts + Science} \\ &+ \text{ Algebra I + English II + \# Students in HS Graduation Cohort} \end{aligned}}$$

Note:

The success rates used for calculating the gap index for determining pathway three focus schools include up to three years of data. Success rates and gaps are calculated for schools with at least 2011-12 data. Only schools that are active in the 2011-12 school year, with at least 2010-11 and 2011-12 data, are identified as focus.
