Independent Practice:**Directions:**

1. Read the quote. It is okay if you don't understand it yet.
2. Think of a question you have based on what you read. It might be a question you are curious about, or a question about a word or phrase that you do not understand.
3. Underline words you don't know or can't figure out. It is okay if you underlined a lot of words. It is good just to start noticing hard words!
4. Circle words that help you figure out possible answers to those questions.
5. Write possible answers to your questions using complete sentences.

Quote:	"The first drops plop down big, making dust dance all around us. Then a deeper gray descends and the air cools and the clouds burst, and suddenly rain is everywhere. 'Come on, rain!' we shout."
