

Members,

It is time for the Tennessee County Commissioners Association regional meetings! This is your opportunity to meet with fellow commissioners and talk about issues that concern you, which is especially helpful to newly elected members.

If you plan to attend, please let your county mayor know so that we can estimate attendance for catering purposes. RSVP to our office at tcsa.association@tncounties.org or call 615-532-3767 with the total number attending from your county. Please invite your members of the General Assembly and Congress.

While we are doing everything we can to spread the news about this year's regional meeting schedule, I ask for your help in urging your legislative body counterparts to attend the meeting closest to you. In fact, I would ask you to announce the meetings during your next commission meeting to make sure everyone in your county knows about it.

All the regional meetings are formatted the same, with registration at 5:30 p.m. local time. Dinner will begin at approximately 6 p.m., with the meeting beginning shortly thereafter. The meeting is expected to wrap up by 8:30 p.m. Please note: If you cannot attend the meeting in your region, you are welcome to attend any other meeting that is convenient. The meetings will help you meet your annual 7-hour training requirement for newly elected county commissioners.
