Members Not Present: Vinay Dattu (Vice Chair); Comptroller Jason Mumpower; Representative Gary Hicks; and Hugh Hale.

Commissioner Jim Bryson, Chairman welcomed everyone to the meeting at 11:34AM. At the time, a quorum was not yet present, and the approval of minutes was postponed.

At 11:37AM, Commissioner Eley asked Gabrielle Authier (Strategic Technology Solution) to introduce the presentation of IT Status Reports. Authier shared that moving forward, STS would be bringing an executive status report that highlights several of the major projects being managed by STS – divided into three major categories: Agency IT project management, Enterprise IT project management, and STS Operational/Infrastructure project management. Technical display delays prevented the sample report from being displayed, and this agenda item was postponed until after Agency IT status reports were presented.

Beginning at 11:40AM, Authier introduced the Departmental Business and Technology Sponsors for each of the IT projects up for review. Each speaker presented current statuses to the ISC and answered their accompanying questions. The following projects were reviewed at the meeting: Human Services - DHS-CC: Child Care Modernization; Human Services - DHS-FA: FA Modernization; DIDD - Integrated Waiver Alignment & Modernization; TennCare – IRIS; TDH - Electronic Health Record System; Labor - UI Benefits System Replacement; TDEC – Modernization Project; and STS – ARPA Placemat. At 12:16PM, Authier presented the STS Executive Status report to the Council.
