*Total includes population to other racial groups or race not stated.

#Note: Tennessee population estimates used to calculate the rates in this report were based on estimates and projections prepared from the 2000 census data for 1990-2000 and 2000-2010 by the Division of Health Statistics in August 2003 and revised in February 2008. These population figures may result in rates that differ from or may be somewhat disjointed from those rates previously published.
