ANESTHESIA COMMITTEE The Anesthesia Committee met July 1, 2015, and made the following recommendations to the Board which were accepted on motion made by Dr. Hall and seconded by Dr. Jubran.

Questions / Responses:

- 1.a. **Is an online course sufficient for adding pediatric sedation to a comprehensive permit?**
 - i. While an online course may be part of the training for a pediatric permit, it is insufficient –in and of itself—to allow for granting of a pediatric sedation permit.
 - ii. The committee indicated unanimously that an approved course for comprehensive sedation certification that includes pediatric training would be required.
 - b. **Is nitroglycerin required to be available if only sedating patients under age 13?**
 - i. The committee voted unanimously voted that YES-NITROGLYCERIN IS REQUIRED.
 1. The committee felt strongly that exceptions to the required medication list should not be allowed because this could lead to confusion and complexity that would potentially risk patient safety.
 2. Pediatric practices will potentially see older patients, possibility inadvertently (i.e., special needs patients) who may require nitrate treatment.
 3. Care givers who accompany the 13 and under patient may be of need. For example, if the parent is incarcerated and the child is under the legal custody of grandparent, the grandparent (“personal and societal lifesaver”) could experience myocardial ischemia in the office and require intervention. The same is true for the dentist and staff.
 - c. **Can King tubes in multiple sizes be substituted for “laryngoscope” (i.e., endotracheal tube)?**
 - i. The committee response was NO.
 - ii. The committee was of the unanimous opinion that multiple airway rescue options should be available including supra-glottic and endotracheal tubes.
2. Lutheran Medical Center - The application for approval of “IV Sedation for the General Dentist: A Competency Course in Moderate Parenteral Sedation” offered by Lutheran Medical Center was reviewed by the committee and noted to be satisfactory. The committee voted unanimously to recommend approval.

CLINICAL ISSUES COMMITTEE Ms. Vaughn reviewed with the Board the Program and Curriculum Content Requirements for Tennessee Board Approved Dental Assisting Programs revised by the Committee on June 12, 2015. Suggested changes included 1) changing the word “Requirements” to “Guidelines” in the title; 2) on pages 2 & 3 Item 3, second sentence should read “Students must have attained the age of 18 years before exposing radiographs”; and 3) the word “student” on pages 2 & 3 should read in the plural. Dr. Hall made a motion to approve with changes and send to rulemaking. Second was given by Dr. Jubran. Motion carried.

ETHICS AND JURISPRUDENCE Ms. Warner discussed with the Board the available options for implementation of the jurisprudence exam. Based on the information available, it was the consensus of the Board that the most efficient route to implementing the exam was to proceed with the RFI option. Dr. Hall made a motion authorizing Ms. Warner to do what was necessary to get the process started. Second was given by Dr. DeWald. Motion carried.

OTHER BUSINESS Ms. Warner made a motion requesting purchase of the January 2016 AADB Composite when released. Second was given by Dr. DeWald. Motion carried.

Second was given by Dr. Hall. Motion carried.
