

# Community Support Hotline

What guidance  
is available for  
COVID-19?

Who can help with  
information about  
vaccinations?

What are the  
health and safety  
concerns during  
emergencies?

Where can we find  
additional public  
health resources?

**You have questions.  
We have answers.**

Let's face it. Public health issues are tough to keep up with. A trained public health professional is ready to support you.
