The meeting was called to order at 9:04 a.m.

Due to the COVID-19 pandemic, Ms. Dea Smith and all board members joined the board meeting via teleconference. Ms. Jennifer Putnam from the Office of General Counsel, and Ms. Ailene Macias from the Board of Dentistry staff joined the meeting from the conference room located at 665 Mainstream Drive.

Ms. Putnam began the meeting with a roll call to confirm that all board members were present on the call. All board members confirmed that they were present. A second roll call was taken, to confirm that each of the board members could hear the responses of their peers. All board members confirmed they could hear each other. The board members were then asked by a third roll call to state if anyone else was present at their location during the teleconference. All board members stated that they were alone at their location during the meeting.

Ms. Putnam stated the purpose of the meeting was to ratify meeting minutes, new licenses, permits, reinstatements, reactivations, retirements, specialties, certifications, dental assistant programs, certification courses, out of state certification courses, continuing education courses, facility inspector requests, agreed citations, consent orders, continuing education waivers, and administration revocations.

The emergency meeting was needed due to the CDC recommendation to avoid in person meetings for the next 8 weeks. A motion was made by Dr. Travis made a motion to move forward with the meeting. Dr.

Rodriguez seconded the motion. A roll call vote was taken with all board members confirming they would like to move forward with the meeting.

Ms. Putnam reminded the board members that only certain matters are proper for a teleconference: the subject matter requires timely action, the physical presence of all members is not practical considering the period of time required for action, and the participation by some of all of the members of the Board by electronic means is necessary. A motion was made by Ms. Puckett that the meeting met all of the requirements necessary for a teleconference. Ms. Kinsey seconded the motion. A roll call vote was taken, confirming all board members agreed with the teleconference meeting the requirements.

The board members were asked if prior to the meeting they had received all materials that would be discussed during the teleconference. All board members confirmed they had received all materials prior to the meeting.

Before the agenda topics were discussed, Dr. Kemp wished to know why the subject of COVID-19 or questions regarding the Executive Orders were on the agenda for the meeting. Ms. Putnam responded, stating the purpose of the meeting was to handle the business that would be discussed at the regularly scheduled board meeting. A meeting with updates regarding COVID-19 will be scheduled by the Commissioner and the Department in the near future to address those concerns and questions. The regularly scheduled meeting was needed to maintain the ratifications of license approvals, facility inspector requests, and course approvals. Ms. Putnam stated the directive the boards were given was to continue with the board meetings via teleconference to conduct regular board business, that would have been handled at the regular board meeting. When asked by Dr. Kemp who the authority was that gave the directive, Ms. Putnam stated it came from the Commissioner's office, and above.

Dr. Terryl Propper, the TDA President, asked whether the topic of COVID-19 and Executive Order 25 could be discussed under "new business." Ms. Putnam reiterated the topic of COVID-19 was not included in the limited agenda for the meeting, therefore it could not be discussed. She stated there would be a meeting scheduled to discuss COVID-19 questions and concerns, and that meeting would be dedicated specially to that topic. Ms. Putnam let the individuals on the teleconference call know that she would be happy to discuss any questions regarding Executive Order 25 that was just signed on April 8th, but she could not discuss the topic of COVID-19. Dr. Kemp expressed concern regarding a letter received from the Dean of UT School of Dentistry with questions about how his students would be able to graduate. Dr. Kemp requested again to discuss COVID-19 and those questions from dental professionals from across the state are asking about the pandemic. He requested that the information or letter from the Commissioner limiting the board meeting to ratifications and regular board business, be sent to the board members. Ms. Putnam addressed these questions reminding Dr. Kemp the Governor's office will address the letters from the school of dentistry regarding graduation and exam requirements, and the board does not have the authority make those necessary changes to assist the schools. Ms. Putnam reminded the board members that only items listed on the public notice for the agenda were allowed to be discussed at board meetings, therefore COVID-19 could not be discussed during the teleconference. Ms. Putnam offered to pass on to the Commissioner's Office the concern of board members of only having the limited agenda for regular board business to be discussed during the teleconference. Dr. Kemp expressed frustration with the board's inability to take action during the pandemic. Ms. Putnam reminded the board members and those joining the meeting that there was a lack of authority for the board to take action concerning COVID-19, and it was not a lack of action or lack of concern on behalf of the board.
