Robert Caldwell, DMD
Phillip Kemp, DDS
Thao Kinsey, RDH
Airica Brooke Puckett, RDH
Edward Moody, DDS
David Travis, DDS
Maricela Rodriguez, DDS
Thomas Williams, DDS
Bettye Lynn Richert

Staff Present: Dea Smith, Executive Director
Ailene Macias, Administrative Manager
Paetria Morgan, Senior Associate General Counsel

The board meeting came to order at 9:05 a.m. via a WebEx meeting. Dr. Meadows introduced Ms. Paetria Morgan as the new attorney for the Board of Dentistry.

Ms. Morgan took a roll call to ensure that all members of the board were present. Ms. Martin was not in attendance, and it appeared that Dr. Kemp was not able to connect to the meeting properly at all times. Another roll call was taken to ensure that all board members could hear each other during the last roll call. All board members on the call confirmed they were able to hear each other. Another roll call was taken to confirm that all board members were alone at their location.

The purpose of the meeting was to ratify the approval of new licenses, renewals, reinstatements, courses, waivers, and other time sensitive matters. Due to COVID19, the meeting was held via a web meeting since a physical quorum was not possible. Ms. Puckett made a motion to continue the meeting for the purpose that was stated. Ms. Kinsey seconded the motion, and the motion carried following a roll call vote.

Dr. Williams made a motion stating the electronic meeting was necessary to be conducted in light of the COVID-19 pandemic. Dr. Travis seconded the motion, and the motion carried following a roll call vote. Another roll call was taken to confirm that all board members had received all needed materials before the meeting.

MINUTES

Dr. Rodriguez made a motion to approve the meeting minutes from the April 9, 2020 board meeting. Ms. Kinsey seconded the motion and the motion carried following a roll call vote.

Ms. Kinsey made a motion to approve the meeting minutes for the special board meeting on May 4, 2020. Dr. Travis seconded the motion, and the motion carried following a roll call vote.

INTERVIEWS/REQUESTS

1. Bishop, Amanda DH- was asked to come before the board due to having failed the SRTA exam 5 times before passing. She has been practicing for over 20 years as a dental hygienist in the state of Virginia. Ms. Bishop had started a remediation course before receiving her last exam results, and did not complete the course because she passed the 5th attempt. Dr. Williams asked if Ms. Bishop has ever had any issues with her license in her years practicing as a hygienist in Virginia. No other board members had any questions for Ms. Bishop. Ms. Puckett made a motion to approve the application for Ms. Bishop to obtain her license. Dr. Moody seconded the motion, and the motion carried following a roll call vote.
2. Dalton, Carrie RDA- Ms. Dalton was asked to come before the board due to some legal issues being reported on her application for licensure. She has completed all requirements of probation and paid all fines. Ms. Dalton had been in a store with someone who was shoplifting, and was also charged due to being with them. She had also received a charge separately for passing a bad check. Ms. Dalton stated that she has never had any issues with drugs or alcohol. Dr. Williams made a motion to approve the application for licensure. Dr. Travis seconded the motion, and the motion carried following a roll call vote.
3. Parker, Brooke RDA- was asked to come before the board due to legal issues being reported on application. Ms. Parker had a charge due to a domestic violence situation, resulting in her being on probation until August 2020. Dr. Travis made a motion to grant the license after probation completion in August. Ms. Kinsey modified the motion to have Ms. Parker withdraw her application and re-apply after completion of her legal probation to avoid having her dental assisting license be placed on probation with the board. The motion included allowing Ms. Parker to use the same fees from the original application for the new application to be submitted in August. Dr. Moody seconded the motion, and the motion carried following a roll call vote.
4. Smith, Sarah RDH- Ms. Smith was asked to come before the board due to legal and substance abuse issues being reported on her application for licensure. Ms. Smith has been sober for 5 years now, and has completed both counseling and rehab. She has been practicing as a hygienist in the state of Idaho since graduating from her dental hygiene school. Ms. Smith continues to go to counseling to ensure she doesn't go back to drugs or alcohol. Dr. Meadows requested to have Ms. Smith contact Dr. Sain from the TN Dental Wellness Foundation, who also joined the call to arrange a phone meeting with her. Ms. Kinsey made a motion to grant Ms. Smith her license. Ms. Puckett seconded the motion, and the motion carried following a roll call vote.
5. Masterson, Alexis RDA- Ms. Masterson did not join the meeting for her interview, and had not contacted the board concerning her attendance at the meeting.

RATIFICATIONS

Dr. Travis made a motion to approve the following:

1. New licenses, reinstatements/reactivations, and retirements
2. Specialties, certifications and permits
3. Administrative revocations

Dr. Rodriguez seconded the motion, and the motion carried following a roll call vote.

OTHER BUSINESS, RULE CHANGES, AND/OR POLICY CHANGES

1. Overview of SAS Visual Investigator for Complaint Management- Assistant Commissioner Brent Culberson joined the meeting with Mr. Jeremy Davis to discuss the new system being set up to help streamline the investigations process. The new system will allow the investigations process to go completely digital, instead of relying on paperwork. Digitizing the process should eliminate duplication of work by investigations staff members. The new system will also allow for reports to be run, ensuring efficient processing and monitoring of the investigative process. The plan is to have the software rolled out by the end of the year.
2. *Presentation by Vanderbilt University Medical Center for Advanced Mobile Healthcare Learning-* Dr. Kim Garvey joined the meeting to give the presentation. The presentation was called, “Preventing Opioid Deaths & Overdoses: An Opioid Education Initiative.” With their Opioid Education Project, there were 3298 participants between March and July 2019, and there were 13,500 CE credits awarded. There is a Quiztime demo available for anyone who is curious about how it works before starting the course. The majority of the participants stated that they found the Quiztime format to be extremely helpful with learning about opioid addiction and deaths. Enrollment for the initiative will stay open for the remainder of the year, and begins on July 31st. Dr. Garvey requested to have the board send information to the state’s dental professionals concerning the initiative, so they can participate for CE credit. One quiz question will be sent each day to a mobile device or laptop each weekday over a period of 4 weeks, and participants can earn up to 4 CE credits in the subject of chemical dependency if they answer enough questions. Ms. Kinsey made a motion to send the information out to licensees, and Dr. Williams seconded the motion. The motion carried following a roll call vote.

Dr. Kemp joined the meeting at 12:41 p.m., after experiencing technical and connectivity issues.

APPROVAL OR DENIAL OF CONTINUING EDUCATION, CPR COURSES AND/OR COURSES SUBMITTED BY INDIVIDUALS

1. *GO Orthodontics- “Extraordinary Service- A Dental Necessity!”* – Dr. Travis made a motion to approve the course, and Ms. Kinsey seconded the motion. The motion carried following a roll call vote.

CORRESPONDENCE

1. *From Associations*

- a. Communication from the National Commission Related to the Recognition of Orofacial Pain as a Dental Specialty- Dr. Moody is a member of that commission and stated that Orofacial Pain and Oral Medicine met the requirements to be recognized as a specialty. The American Dental Board of Anesthesiology is now the certifying agency for the specialty of Dental Anesthesiology. Dr. Meadows stated a rule change will be needed for the board to recognize both new specialties. Dr. Moody stated he would head up a committee to assist with the wording/verbiage of the rule changes for recognizing Orofacial Pain and Oral Medicine as a specialty. Dr. Rodriguez, Dr. Travis, and Ms. Morgan will all serve on the committee for the needed rule changes.
2. *From Accreditation and Testing Agencies*

The letters concerning CITA and ADEX were stating those testing agencies are allowing the DSE component meets the requirements for the periodontal component of the exam for ADEX, CITA, and the CDCA. The board rules do not specify whether the periodontal component has to be on a live patient or a mannequin .The testing agencies are able to determine competency on all portions of the exam, and the board will be able to accept the exam results for licensure. Dr. Meadows urged the board members to become board examiners for exams such as SRTA, CITA, and CDCA to see what goes on at the exams when they are given. He also discussed the idea of beginning talks of potential rule changes to allow dental students to take their board exams on either a mannequin or a live patient, in light of the current pandemic delaying live patient based exams.

Ms. Kinsey inquired about the possibility of licensees being able to do their CPR certification in an online course due to the pandemic. Dr. Meadows stated at this time waivers are being given for CPR certifications that are expiring, due to the fact that in-person CPR courses are not available at this time. At this time the board did not feel it necessary to allow for a rule change that would allow online CPR certification courses to be accepted.

3. *Sedation Education Academy*- request for guidance. Dr. Johnny Williams joined the meeting to request guidance concerning participants who want to come from out of state for the course who do not have a TN dental license. Due to out of state dentists not meeting any of the rule exemption requirements, so any out of state dentists would need to become licensed in TN before being able to attend the sedation course. Dr. Williams was advised to contact a local representative in order to request a bill be drafted to change legislation to allow out of state dentists to come in to take CE courses. Dr. Travis made a motion to deny the request from Dr. Williams to allow out of state dentists to take TN CE courses without becoming licensed first. Dr. Rodriguez seconded the motion, and the motion carried following a roll call vote.

REPORTS

1. *Executive Directors Report*- Ms. Smith reported that since January 1, 2020, there have been 160 new dentist applications, 98 new dental hygienist applications, 583 new dental assistant applications, and 125 new facility permit applications. Over 70% of license holders in each profession are now renewing their license online. As of July 1, 2020, there are 19, 884 active licenses with the Board of Dentistry.

2. *Office of Investigations Report*- Ms. Lori Leonard, the disciplinary coordinator, joined the meeting to give the report. Since the beginning of the year, there has been 119 new complaints opened on dentists, 7 opened on dental hygienists, and 10 opened on dental assistants. A new code has been added for complaints due to COVID19 type concerns. The new director of the Office of Investigations, Jaime Byerly, joined the meeting to introduce herself to the board members.
3. *OGC Report*- Ms. Morgan reminded the board members of the conflict of interest policy to ensure that their votes are bias-free.
4. *Legislative Update*: Patrick Powell joined the meeting to give the following update-
 - a. Public Chapter 573- this act amends the Tennessee Together statutes. It expands the definition of “alternative treatments” by adding “non-opioid medicinal drugs or drug products, occupational therapy, and interventional procedures or treatments.” This is primarily relevant to the treatments that must be disclosed and explained by a healthcare practitioner to a patient or the patient’s legal representative as a prerequisite to obtaining informed consent to treatment with an opioid. This took effect on March 19, 2020.
 - b. Public Chapter 594- This act was the Department of Health’s Licensure accountability Act. This bill allows all health related boards to take action against a license that has been disciplined by another state for any acts or omissions that would constitute grounds for discipline in Tennessee. The law also expands available emergency actions, allowing actions beyond simply a summary suspension. Finally, the act establishes that the notification of law changes to health practitioners can be satisfied by the online posting of law changes by the respective boards. Notice must be maintained online for at least 2 years following the charge. This act took effect March 20, 2020.
 - c. Public Chapter 724- While typical general supervision of hygienists by a dentist remains limited to three (3) at any one time, this public chapter allows a dentist to directly supervise no more than ten (10) dental hygienists while the dentist and each hygienist is providing dental services on a volunteer basis through a nonprofit provider of free mobile clinics. This act took effect July 1, 2020.
 - d. Public Chapter 738- This act amends prohibits a governmental entity from authorizing destruction of public records if the governmental entity knows the records are subject to a pending public record request. Prior to authorizing destruction of public records an entity must contact the public record request coordinator to ensure the records are not subject to any pending public records requests. Records may still be disposed of in accordance with an established records retention schedule/policy as part of an ordinary course of business as long as the records custodian is without knowledge the records are subject to a pending request. This act took effect on June 22, 2020.
 - e. Public Chapter 761- This act allows certain midlevel practitioners to prescribe buprenorphine when employed in a community mental health center (CMHC) or a federally qualified health center (FQHC). To be eligible under this law, the practitioner must be licensed, and practice as, a family, adult, or psychiatric nurse practitioner or physician assistant. They also must have a DATA waiver issued by SAMHSA/DEA. There can be no limitations or conditions imposed on the provider’s license within the previous three (3) years. Prescriptions by the practitioner must not exceed a sixteen (16) milligram daily equivalent. The practitioner also must not prescribe mono product or

buprenorphine without naloxone. The provider may only prescribe buprenorphine products to patients treated through the organization that employs the provider. Prescriptions can only be dispensed by a licensed pharmacy to ensure entry into the CSMD. The provider has a cap of fifty (50) patients at any given time. The law also requires the provider to initiate and lead a discussion regarding patient readiness to taper off medications in their treatment at any time upon the patient's request, but no later than one (1) year after initiating treatment, and then every (6) months thereafter. The facility must employ one or more physicians and have adopted clinical protocols for medication assisted treatment. The midlevel's collaborating physician must hold an active DATA waiver and be treating patients with buprenorphine at the same facility. The facility must employ providers that accept TennCare and are accepting new TennCare patients. The facility must verify identification of patients. The collaborating physician must review 100% of the charts of patients being prescribed a buprenorphine product and can only collaborate/supervise four (4) nurse practitioners or physician assistants. This act took effect July 1, 2020.

- f. Public Chapter 771- This act allows certain midlevel practitioners to prescribe buprenorphine when employed in a non-residential office-based opiate treatment facility (OBOT) licensed by the Department of Mental Health and Substance Abuse Services (MHSAS). To be eligible under this law, the practitioner must be licensed, and practice as, a family, adult, or psychiatric nurse practitioner or physician assistant. They must also have a DATA Waiver issued by SAMHSA/DEA. Prescriptions by midlevel providers under this statute are capped at a sixteen (16) milligram daily dose, and must not be for a mono-product or buprenorphine without naloxone, except when utilizing injectable or implantable buprenorphine products. Midlevel providers under this statute are capped at 100 patients.

The OBOT in these situations must employ the midlevel's collaborating physician (who also must hold an active DATA waiver and be treating patients with buprenorphine at the same OBOT) and the OBOT must not have the authority to dispense buprenorphine products. The collaborating/supervising physician under this statute cannot supervise more than two (2) midlevel practitioners. The OBOT also must employ providers that are credentialed and contracted to accept TennCare patients and bill TennCare for services for treatment of opioid use disorder with buprenorphine. Finally the OBOT must be accepting new TennCare patients. This act took effect August 1, 2020.

5. *Tennessee Dental Wellness Foundation Update*- Dr. Sain joined the meeting and requested access to a list of email addresses for Tennessee licensed dental professionals, to assist with the foundation's work. Burnout appears to be a concern of many dental professionals, and burnout may lead to substance abuse in the future. Two dentists recently successfully completed their treatment with the Wellness Foundation. The foundation wishes to conduct a survey on burnout as well as email newsletters to dental license holders. Ms. Morgan reminded the board members of email addresses of licensees not being subject to public record, and cannot be provided to the foundation. Dr. Meadows suggested that Dr. Sain contact the TDA and Pan-Dental Group to find out if their member's email address information can be shared with them for the purposes of sending out a survey.

6. *Update from Schools of Dentistry-* Dr. Farmer-Dixon from Meharry School of Dentistry joined the meeting to give the update from their school of dentistry. The Fall EFDA course will have 30 students, and all students must be tested for COVID19 before they can attend class. Dr. Ragain joined the meeting from UT School of Dentistry to give an update from their school. On March 16th, students weren't allowed back on campus anymore, so they had to move to virtual learning in order to finish out the school year. The limitation of group size created challenges for testing the dental students getting ready to graduate. They are working to get the D2 students caught up with their technique that was delayed due to COVID previously. The clinics are being opened back up shortly for the D4 students. Dr. McKinney from UT School of Dentistry EFDA program joined the meeting to give an update for their program. Typically the EFDA course format is 2 days of lecture and 2 days in the lab. They are asking the board for permission to conduct the lecture courses via Zoom Meeting to follow social distancing guidelines for a period of 1 year from the date of approval. A motion was made by Dr. Kemp to approve the Zoom meeting method of lecture delivery for 1 year. Ms. Puckett seconded the motion, and the motion carried following a roll call vote.
7. *CE Broker Update-* only 4,000 accounts have been created in CE Broker by dental professionals licensed in TN.

COMMITTEE AND TASKFORCE UPDATES

CSMD Update- Dr. Williams gave an update for the CSMD. Dr. Wu, the Chief Medical Officer from TennCare highlighted the necessity for the CSMD and gave a lot of data concerning data sharing between the Department of Health and TennCare. The partnership between the two has assisted with a reduction of 50% in new acute opioid addiction since 2016. The committee approved an additional 5 years for the agreement between TennCare and the Tennessee Department of Health. Protocols are being discussed for how to deal with security breaches that may occur in the database. Research is being conducted for alternatives to opioids being prescribed for treatment. Information is available on the Department of Health website to educate prescribers finding alternatives to opioids to prescribe to patients.

- c. Phillips, Ashley RDA
- d. Sanford, Rebecca RDH

Dr. Williams seconded the motion, and the motion carried following a roll call vote.

CONSENT ORDERS/AGREED ORDERS

Stinson, Warren DDS- Dr. Moody recused himself from this order. Dr. Stinson was placed on probation in April 2018 for pre-signing prescription forms and failing to take adequate safeguards and security measures to ensure about loss, destruction or theft of prescription slips in his possession. An unannounced on-site visit was made to Dr. Stinson's office by the Office of Investigations, due to allegations of using unsterile dental equipment. Several infractions were noted in the office including: lack of hand hygiene in the office, medications not being stored in a locked cabinet after hours, no sharps containers available in treatment rooms, staff beverages being present in the reprocessing room, inappropriate storage of medical waste, and a general lack of cleaning/disinfection/sterilization of dental instruments. The consent order proposes extending the current probation on Dr. Stinson's license for one year from the effective date of entry of the order. As part of the order, Dr. Stinson must obtain a certified infection preventionist coordinated through the TN Department of Health Healthcare Associated Infections Program. He will also have to pay 5 Type B civil penalties for a total of \$2,500.00. Dr Travis Made a motion to approve the order, and Ms. Puckett seconded the motion. The motion carried following a roll call vote.

Dr. Travis made a motion to adjourn the meeting, and Ms. Kinsey seconded the motion. The motion carried, and the meeting adjourned at 2:12 p.m.
