

BOARD OF SOCIAL WORKER LICENSURE

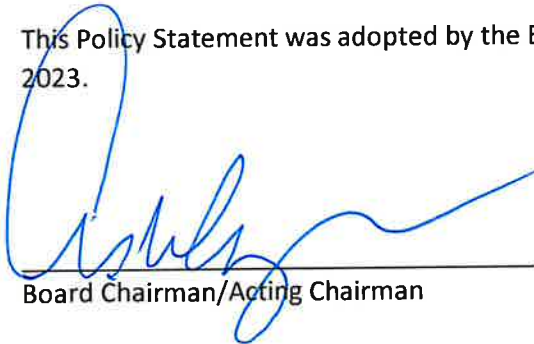

POLICY STATEMENT

REGARDING PERCENTAGE OF INDIVIDUAL SUPERVISION VIA TELEHEALTH

The Board of Social Worker Licensure has determined that the language in definition (11) regarding Individual Supervision conflicts with Rule No. 1365-01-.08(2)(a)(3) regarding the percentage of individual supervision that may be in person vs. telehealth.

It is the policy of the Board that because the definition of individual supervision contemplates one hundred percent (100%) of individual supervision may be conducted via telehealth, Rule No. 1365-01-.08(2)(a)(3) shall be interpreted to mean one hundred percent (100%) of supervision hours in that section may be via live, synchronous conferencing. It does not include telephone only supervision.

This Policy Statement was adopted by the Board of Social Worker Licensure on the 24th day of August, 2023.
