TENNESSEE HIGHER EDUCATION FACT BOOK

amount of income tax paid by the state government. In fact, when you consider the amount of companies that pay income tax to individuals who do not have any other income, corporations are carrying a very heavy federal tax burden. As we noted earlier, corporations pay a tax rate of 35 percent on income over \$25,000, 22 percent on the next \$25,000, and 48 percent on everything else. In the case of giant corporations like GE, this adds up to an effective rate of 50 percent—almost half of the total income of multimillion-dollar corporations are paid in taxes!

Other important revenue taxes are the estate and inheritance tax, and the

ACKNOWLEDGMENTS

The Tennessee Higher Education Commission gratefully acknowledges the institutions and agencies that provided the data necessary to compile the *Higher Education Fact Book*. This and other THEC publications would be impossible without the timely submission of quality information by the following data providers:

- the Tennessee Board of Regents and its institutions;
- the University of Tennessee and its institutions;
- the Tennessee Independent Colleges and Universities Association;
- the THEC Division of Postsecondary School Authorization; and
- the Tennessee Student Assistance Corporation.

PRIVACY NOTICE

Throughout this report, THEC seeks to comply with Family Educational Rights and Privacy Act (FERPA) requirements to protect students' personally identifiable information. Therefore, when tables are presented, individual cells containing five observations or fewer are suppressed. The suppressed information is included in table totals.

History

The Tennessee Higher Education Commission was created in 1967 by the Tennessee General Assembly to coordinate and foster unity within higher education. The Commission coordinates two systems of public higher education: the University of Tennessee institutions, governed by the University of Tennessee Board of Trustees, and the state universities, community colleges, and colleges of applied technology governed by the Tennessee Board of Regents. There are currently nine public universities, 13 community colleges, and 27 colleges of applied technology in Tennessee that serve over 240,000 students collectively. Tennessee’s independent institutions (non-profit and for-profit) bring statewide enrollment for fall 2014 to more than 380,000 students.

The Commission is composed of nine lay members appointed by the Governor for six year terms who represent the state’s congressional districts, three Constitutional Officers who are ex-officio voting members (Comptroller of the Treasury, State Treasurer, and Secretary of State), two ex-officio student members who serve two year terms, and the Executive Director of the State Board of Education, who is an ex-officio non-voting member.

Current Context

In January 2010, the General Assembly passed the Complete College Tennessee Act (CCTA), a comprehensive reform agenda that seeks to transform public higher education through changes in academic, fiscal and administrative policies at the state and institutional levels. While the higher education landscape has been shaped by the CCTA, higher education is evolving to adopt Governor Bill Haslam’s statewide reform agenda, collectively known as the “Drive to 55.”

Calendar year 2015 will usher in a new long-range plan that will supplant the *2010-2015 Public Agenda for Tennessee Higher Education*, which helped set the stage for transformational change in Tennessee higher education. Stated succinctly, this plan seeks to: (1) make dramatic increases in degree production and efficiency; (2) within available resources (state operating appropriations plus tuition); (3) without diminishing educational quality; (4) thereby improving community, county, and statewide postsecondary attainment; (5) to support improvements in workforce capacity and quality as well as economic and community (i.e., workplace) development.

Tennessee Higher Education Commission

2014-2015 Commission Members

Mr. Evan Cope, **Chair**, Murfreesboro, 4th Congressional District

Mr. Robert Fisher, voting ex-officio, University of Tennessee at Chattanooga

Mr. Tre Hargett, Secretary of State

Ms. Sharon Hayes, **Vice-Chair**, Brownsville, 8th Congressional District

Dr. Sara Heyburn, non-voting ex-officio, Executive Director, State Board of Education

Mr. Jon Kinsey, Chattanooga, 3rd Congressional District

Ms. Pam Koban, Nashville, 5th Congressional District

Mr. Bill Lee, Franklin, 7th Congressional District

Mr. David Lillard, Jr., State Treasurer

Mr. Alex Martin, non-voting ex-officio, Tennessee Technological University

Ms. Pam Martin, Mt. Juliet, 6th Congressional District

Ms. Mintha E. Roach, Knoxville, 2nd Congressional District

Mayor A C Wharton, Jr., **Secretary**, Memphis, 9th Congressional District

Mr. Justin Wilson, State Comptroller

Mr. Keith Wilson, **Vice-Chair**, 1st Congressional District

Section 1:

STUDENT PARTICIPATION

Figure 1.1

Headcount by Sector Fall 2014

**Total Tennessee
Fall 2014
Enrollment:
383,722**

Source: THEC Student Information System (THEC SIS), THEC Postsecondary School Authorization, TN Board of Regents (TBR), TN Independent Colleges and Universities Association (TICUA)

Notes: Proprietary enrollment is reported annually. To isolate the proprietary sector's fall enrollment, the ratio of public institutions' fall enrollment to 12 month enrollment was averaged over three years (2011, 2012, and 2013). This percentage (84.39 percent) was then applied to the 2013-2014 headcount of the proprietary sector to derive the estimated fall headcount.

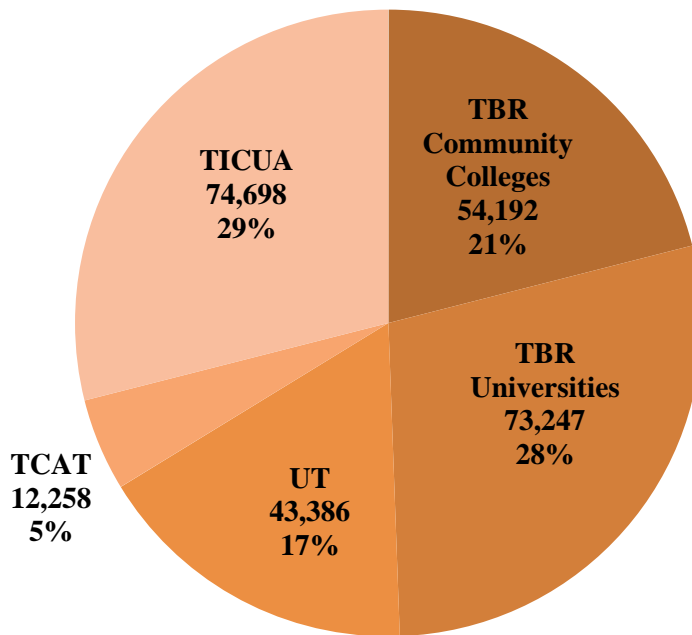

Excludes not-for-profit private institutions not participating in TICUA.

TCAT enrollment is preliminary. Public and TICUA institution headcount based on end of term data.

Percentages may not add to 100 percent due to rounding.

Figure 1.2

FTE by Sector Fall 2014

Source: THEC SIS, TBR, TICUA

Notes: Due to limitations in the data, this table does not report FTE for the proprietary sector.

Full-Time Equivalent (FTE) enrollment is calculated in a manner consistent with the Outcomes Funding Formula definition found in Section 4.

UT Health Science Center, UT Veterinary School, ETSU College of Medicine and College of Pharmacy FTE are equivalent to headcount.

TCAT FTE is preliminary. Public and TICUA institution FTE based on end of term data.

Percentages may not add to 100 percent due to rounding.

Public Higher Education Enrollment Total Trends Fall 2004-Fall 2014

Figure 1.3

Public Higher Education Enrollment Percent Changes Fall 2004-Fall 2014

Figure 1.4

Source: THEC SIS

Note: Public higher education enrollment excludes TN Colleges of Applied Technology. Based on end of term data. UT Health Science Center, UT Veterinary School, ETSU College of Medicine and College of Pharmacy FTE are equivalent to headcount.

Note: Based on end of term data.

Total High School Graduates and Postsecondary Enrollment 2009-2013

Figure 1.7

Source: THEC SIS, National Student Clearinghouse

Note: High school students graduated during the winter, spring or summer preceding the fall they enrolled in higher education. For example, high school students who graduated during the winter of 2012, spring of 2013, or summer of 2013, and enrolled in any college in the summer or fall of 2013 are included.

High school students were enrolled at any higher education institution (community college, university, in-state, out-of-state, public, or private).

Only public high school graduates are included in the college going calculations.

Count is unduplicated.

Source: THEC SIS, National Student Clearinghouse

Note: High school students graduated during the winter, spring or summer preceding the fall they enrolled in higher education. For example, high school students who graduated during the winter of 2012, spring of 2013, or summer of 2013, and enrolled in any college in the summer or fall of 2013 are included.

High school students were enrolled at any higher education institution (community college, university, in-state, out-of-state, public, or private).

Only public high school graduates are included in the college going calculations. Count is unduplicated.

Data elements were not available in 2009 for some counties.

Student Participation

Notes: "Other" consists of Alaskan Native, American Indian, and Asian or Pacific Islander. "Multiracial" consists of any students that selected more than one race. If a student identified their ethnicity as Hispanic, they appear in the "Hispanic" column as well as the column for their race designation, pursuant to Department of Education reporting guidelines. Based on end of term data.

Notes: East Tennessee State University includes the Medical and Pharmacy schools. Based on end of term data.

The University of Tennessee, Knoxville includes the Veterinary school and the UT Space Institute.

Foreign students are those classified as having a "foreign" residency status or "foreign citizen with U.S. residency" citizenship status as reported by the institutions.

Notes: "Other" consists of Alaskan Native, American Indian, and Asian or Pacific Islander. "Multiracial" consists of any students that selected more than one race. If a student identified their ethnicity as Hispanic, they appear in the "Hispanic" column as well as the column for their race designation, pursuant to Department of Education reporting guidelines. Retention rates are inter-institutional within the public system.

Source: THEC SIS

Notes: "Remedial and Developmental Success" uses the definition set forth in the funding formula, and refers to the number of full-time and part-time students who were enrolled in any remedial or developmental course who then successfully completed college-level courses in a subsequent semester within three years of their initial enrollment. Census date is used instead of end-of-term date because THEC does not collect course level data. For example, if a student is enrolled for 15 credit hours at the census date and finishes the semester with 12 credit hours, THEC is unable to determine which class the student did not complete.

The Complete College Tennessee Act enacted in January 2010 requires that Tennessee public universities stop delivering remedial and developmental courses by July 1, 2012.

Notes: **Total Grads** were first-time, full-time freshmen (FTFTF) who enrolled summer of 2008 and returned that fall, or enrolled fall 2008 and graduated from either their admitting institution or another institution by spring or summer of 2014. Graduates from the summer of 2014 were included along with traditionally reported spring graduates to align with IPEDS reporting. The grad rate for the **Total Grads** category is a distinct count of students and includes all in-and out-of-state graduates. The graduation rate for the **Grads from Admitting Institution** category consists of students who began at their admitting institution and graduated from that same institution within six years. Graduates in the **TN Public or TN Private Institutions** columns may be duplicated; students graduated from either their admitting institution or another institution, or *both* their admitting institution and another institution.

Diplomas are awarded to students who have demonstrated the competencies required for a program and have been awarded the appropriate diploma upon completion, usually in programs of at least 900 clock hours.

Certificates are awarded to students who have demonstrated the competencies required for a program and have been awarded the appropriate certificate upon completion, usually in programs of less than 900 clock hours.

Supplemental Certificates are non-preparatory awards, usually related to a special industry or special interest.

Sufficient Credential is for students who leave a program without a credential before graduation, but have acquired sufficient competencies for employment in the field of instruction or related field.

Notes: **Calculated Enrollment** is the difference between total enrolled during the period less students still enrolled.

This is the definition developed by the Council for Occupational Education, the TCAT accreditation body.

Completers Available for Placement are those that are not enlisted in the military or seeking additional education, as well as any that are not documented to be unavailable for employment because of situations such as pregnancy, other serious health-related issues (physical/mental/behavioral), caring for ill family members, incarceration, death, etc.

Notes: Calculated Enrollment is the difference between total enrolled during the period less students still enrolled-defined by the Council for Occupational Education, the TCAT accreditation body.

Completers Available for Placement are those that are not enlisted in the military or seeking additional education as well as any that are not documented to be unavailable for employment because of situations such as pregnancy, other serious health-related issues (physical/mental/behavioral), caring for ill family members, incarceration, death, etc.

Note: The written portion of the Dental Hygiene Exam was discontinued in 2012.

Bar exam passage rates reflect the number of students who took and passed the Tennessee Bar Exam during that calendar year (February & July Bar Exam).

Passage rates reflect the students' first attempt at passing the exam.

Source: THEC Academic Affairs, Performance Funding Reports 2013-14

Notes: Within the state's Quality Assurance program, formerly Performance Funding, institutions are required to evaluate undergraduate and graduate programs. The accreditation process satisfies the Quality Assurance requirements for programs that are eligible for accreditation. Other programs must undergo evaluation by external consultants or trained teams of auditors. Currently, 587 programs are eligible for accreditation. Eligibility is determined when all Tennessee institutions agree on a specific accreditor as best representing qualitative standards for each discipline.

West Virginia	10.7%	0.1%	21.0%	0.6%

Source: SREB "State Data Exchange: 2013-2014 Indicators Report" pgs. 4 & 12.

Notes: Courses are termed "e-learning" when more than 50 percent of the content is delivered electronically.

Four-year institutions in Florida use an 80 percent rule to define e-learning. Two-year colleges in Florida and Mississippi use a 75 percent rule to define e-learning; therefore, figures for those states are lower than they would have been had they used the 50 percent rule.

Georgia did not report in 2013-14.

Average Full-Time Faculty Salary, All Ranks Public Universities

Figure 3.1

Community Colleges

Figure 3.2

Source: THEC Fiscal Affairs

Note: The formula for calculating weighted average salaries changed in 2012-13 because IPEDS changed the categories of contract length in its HR survey. Nine-month equivalent salaries are now calculated by dividing the total salary outlay by the total number of service months and multiplying by 9. As such, 2012-13 and subsequent years are not directly comparable to prior years. Dollars are unadjusted for inflation. Data includes all institutions.

Source: THEC Fiscal Affairs

Note: 1- The tuition rates for students admitted to UTK in the fall of 2013 and later are flat rates for 15 semester credit hours, regardless of the number of credit hours taken by the student. This policy ("Fifteen in Four") was approved in 2012 by the UT Board for introduction in fall 2013. Under this new initiative, tuition and fees are now being structured around cohorts.

2- The maintenance fees reported for 2013-14 and 2014-15 are weighted averages of the fees charged across all three cohorts. The percent increase in maintenance fees for sophomores at UTK is the increase from 2013-14 to 2014-15 for the cohort of students admitted in fall 2013, spring 2014 or summer 2014. However, if the total tuition and fee rate for 2013-14 sophomores is compared to the rate for 2014-15 sophomores, mandatory and maintenance fees increased by 19.6 percent. This comparison reflects the second of a four year phase-in of the UTK initiative.

Average Undergraduate Resident Annual Tuition and Mandatory Fees by Institution Type 2004-05 to 2014-15

Source: SREB; "Appropriations of State Tax Funds for Operating Expenses Related to Higher Education as Percentages of State Taxes"; Updated December 2014

Notes: State appropriations include funds for medical and health programs, state-level financial aid programs for students, state funds for private colleges and universities, and state funds for coordinating or governing boards of public colleges and universities. State appropriations exclude dollars for capital construction and debt payments. Also excluded are funds from sources other than state tax funds, including all funds from student fees, federal sources, and local sources. Seven SREB states, excluding Tennessee, also provide significant additional local funding for higher education operations.

Source: THEC Fiscal Affairs

Notes: State appropriations are recurring general operating revenues.

The American Recovery and Reinvestment Act (ARRA) provided non-recurring federal funds to Tennessee higher education over the three year period from FY 08-09 to FY 10-11. ARRA also included a Maintenance of Effort (MoE) provision that required states to maintain funding for FY08-09 to FY10-11 at FY05-06 levels in order to qualify for ARRA funds.

Tuition and fees include all in-state and out-of-state tuition and mandatory fee revenues.

Dollars are adjusted for inflation using the Commonfund Institute Higher Education Price Index (HEPI).

Source: The Institute for College Access & Success "Project on Student Debt," College InSight, <http://www.college-insight.org>.

Notes: Most college-level data are taken directly from U.S. Department of Education sources and the Common Data Set (CDS). Student debt and undergraduate financial aid data are licensed from Peterson's Undergraduate Financial Aid and Undergraduate Databases, (c) 2014 Peterson's, a Nelnet company, all rights reserved. Average debt includes four-year public and private institutions.

Percent of Pell Grant recipients reflects the percentage of 12 month enrollment receiving Pell Grants.

Cost of Attendance reflects the costs for a student living on-campus.

State rankings are from 1 (highest debt) to 50 (lowest debt).

Source: U.S. Department of Education "Official Cohort Default Rates for Schools" www2.ed.gov accessed February 12, 2014.

Note: A school subject to loss of eligibility to participate in the Federal Family Education Loan (FFEL) Program, William D. Ford Federal Direct Loan (Direct Loan) Program, and/or Federal Pell Grant (Pell Grant) Program has FY 2009, FY 2010, and FY 2011 official cohort default rates that are 25% or greater. Default rates for the 2012 cohort were not available at time of publication.

Note: Totals represent a distinct count of students and are not always a sum of the numbers in the section. Students can attend multiple institutions throughout an academic year, but these students are only counted once in each section total.

Section 4:

OUTCOMES FUNDING FORMULA

THEC Outcomes Funding Formula Definitions

Outcome	Definition
University and Community College Outcomes	
Student Progression	The number of students reaching 24, 48, or 72 credit hours at a University (12, 24, or 36 at a Community College).
Transfers Out	The number of students who, after accumulating 12 credit hours, transferred to another institution.
Awards per 100 FTE	The combined total of associate's and bachelor's degrees (associate's and certificates for community colleges) conferred, in an academic year, for every 100 undergraduate FTE.
University Outcomes	
Bachelor's and Associate's Degrees	The total number of bachelor's and associate's degrees conferred in an academic year.
Master's and Ed Specialist Degrees	The total number of master's and education specialist degrees conferred in an academic year.
Doctoral and Law Degrees	The total number of doctoral and law degrees conferred in an academic year.
Research and Service	Expenditures on activities eligible for indirect cost allocation. Primarily externally generated funding for research, service, or instruction.
Six-Year Graduation Rate	The six-year graduation rate of first-time, full-time freshmen who begin in the summer or fall semester.
Community College Outcomes	
Dual Enrollment	The number of high school students taking degree-credit courses in an academic year.
Associate's Degrees	The total number of associate's degrees conferred in an academic year.
1 to 2 Year Certificates	The total number of certificates, requiring 24 or more credit hours, granted during an academic year. General education certificates are excluded from this metric.
Less than 1 Year Certificates	The total number of certificates, requiring less than 24 credit hours, granted during an academic year if certificate is the highest credential earned.
Job Placements	The number of placeable graduates who obtain employment in a related field over the course of a full academic year.
Remedial and Developmental Success	The number of full-time and part-time students who were enrolled in any remedial or developmental course or instruction who then successfully completed college level courses in a subsequent semester within three years of initial enrollment.
Workforce Training	The total number of technical training contact hours in an academic year. These activities provide technical or soft skills without carrying institutional credit.

Note: Detailed definitions and other formula information can be found on THEC's website: www.tn.gov/thec.

Section 5:

GLOSSARY

Definitions

Auxiliary Enterprise: An entity that exists to furnish goods or services to students, faculty, or staff, and that charges a fee directly related to the cost of the goods or services (essentially self-supporting). Examples include: residence halls, food services, college stores, parking garages, etc.

Census Date: The traditional date on which the first degree credit headcount and full-time equivalent enrollment reports are generated for all Tennessee public institutions. Beginning fall 2010, institutions also report end-of-term data. Table 1.3 provides an end-of-term enrollment figure.

Degree Credit: Credit that the institution designates as regular, occupational, certificate, extension or co-op.

Formula Units: Academic entities that derive their operating funds from the public higher education funding formula. Includes public universities, community colleges, and colleges of applied technology.

Full Time Equivalent (FTE) Enrollment: For undergraduate students, fall term FTE is the total number of credits attempted divided by 12. For graduate students, the fall term FTE is the total number of credits attempted divided by 9. For students in clock hour courses, the academic year FTE is the total number of clock hours divided by 900.

University of Tennessee Health Science Center (UT HSC) FTE: At UT HSC, the number of full time students cannot be reliably calculated based on credit hours due to the high (and variable) number of credit hours taken by students in the health professions. Many programs are year round, with 'semesters' lasting 6 months, and students are enrolled in a number of sequential courses during this period. In addition, many of the courses involve clerkship experiences requiring 40 hours per week for 4 or more weeks such that credit hours accumulate quickly. Since the curriculum is fixed for most of these programs and students proceed in a lock step manner without options to pursue coursework part time, UT HSC reports FTE based on the number of students enrolled in each of the professional programs. Exceptions that allow for part time students (e.g. in the graduate school and in Nursing) occur in some programs and are tracked for THEC reports.

Full-Time Student: A student who is enrolled for 12 or more hours of degree credit in a semester.

Mandatory Fees: A required fee for all students, as opposed to a fee attached to specific course.

Non-Formula Units: Non-academic entities that derive their operating funds from public higher education funding other than the outcomes based formula. Includes all entities other than universities, community colleges, and technology centers. Examples are the UT Veterinary School, the Space Institute, and the Centers of Excellence.

Part-Time Student: A student who is enrolled for less than 12 hours of degree credit in a semester.

Restricted Current Funds: Funds expendable for operating purposes but restricted by donors or other outside agencies as to the specific purposes for which they may be expended.

Southern Regional Education Board (SREB): The nation's first interstate compact for higher education, the Atlanta based SREB is a coalition of educators, government officials, and civic leaders interested in advancing knowledge and improving the social and economic life of the South.

Special Student: At the undergraduate level, a student who does not hold a Bachelor's or advanced degree and who is not working toward a certificate or degree. At the graduate level, a student who holds a bachelor's degree or higher, is not working toward a degree and is not a post-doctoral student.

Tennessee College of Applied Technology (TCAT): There are 27 colleges of applied technology across the state that are governed by the Board of Regents. The workforce development mission of the TCATs is to give Tennessee residents the opportunity to obtain the technical skills and professional training necessary for advancement in today's competitive job market. The non-credit bearing Regents Online Continuing Education Program (ROCE), the non-credit bearing Special Interest Course, and the Continuing Education Unit (CEU) are excluded from TCAT total headcount.

Institutional and System Abbreviations
