

## PUBLIC HEARING NOTICE

A Public Hearing for the purpose of receiving comments on the proposed Title V draft permit for **Essex Group, Inc.** will be held at **6:30 p.m. Central Daylight Time on September 3, 2009 at the Franklin City Hall, 109, 3<sup>rd</sup> Avenue South, Franklin, Tennessee 37064.** This opportunity for public participation is a legal requirement of the 1990 Clean Air Act. After the hearing has ended, staff members will be available to discuss any other air quality issues.

This source has applied to the Tennessee Air Pollution Control Division (TAPCD) for renewal of their [major source Title V operating permit](#) subject to the provisions of paragraph 1200-3-9-.02(11) of the Tennessee Air Pollution Control Regulations (also frequently referred to as Title V regulations). The issuance of a major source (Title V) operating permit is required by both the Federal Clean Air Act and the Tennessee Air Pollution Control Regulations.

The applicant is **Essex Group, Inc. with a site address of 120 Southeast Parkway, Franklin, Tennessee 37064.** They seek to obtain a major source renewal operating permit for their Magnet Wire Manufacturing Operations. The Title V renewal permit would include some additional magnet wire processing machines and would reflect the removal of some older equipment. The permit renewal would also establish a lower emission limit for Volatile Organic Compounds (VOC) emissions, and would require additional monitoring, testing and recordkeeping.

A [copy of the application materials used by the TAPCD](#) and a [copy of the draft permit](#) are available for public inspection during normal business hours at the following locations.
