Commercial Laboratories Approved for Drinking Water Analyses

Section 1200-5-.14 of the Regulations states that for the purpose of determining compliance with the regulations regarding maximum contaminant levels, samples may be considered only if they have been analyzed by a laboratory certified by the Department.

The Department has given approval for the following laboratories to provide the analyses of certain contaminants as designated. Please pay close attention to the laboratory certification expiration dates. Analyses WILL NOT BE ACCEPTED from those laboratories whose certifications have expired!

Any questions concerning this list should be directed to the laboratory certification program at (615) 532-0191.
