

ENTERTAINMENT ALONG THE WAY

As if riding all day isn't enough! We will have something else to do at camp and sometimes in route. These extra events may help to round out the week. These are subject to change dates due to weather and other concerns. There will also be a concert by Attila Horvath <http://www.bikerockmusic.com/> famous for bicycle centered music. Attila will be riding all week and playing informally around camp. Prepare for the **talent night** for you to show off your skills!

Saturday 12th. Arrive at Paris Landing

The Paris Landing Arts and Crafts Festival is going on all day. Booths and vendors with crafts, goods, food and more will be set up near our camp area. Plan to stroll through along the lake and see what the local area has to offer. Paris Landing also has a great Golf Course! Winery tours are close by also.
