

RTP APPLICATION PROCEDURE

1. Recreational Trails Program (RTP) applicants must submit one copy of the project application in a white three ring binder with a spine width of 2” to the Tennessee Department of Environment and Conservation, Recreation Educational Services Division (TDEC-RES) no later than February 5, 2010 at 4 p.m. CST. Applications should include all support documentation and environment review documents. Applicants must also include one color copy of topographic map, scale 1:24,000 or 1"=2,000' and two (2) copies (black and white or color), same scale, maximum size of 11"x 17" of the project identifying the location and boundaries of the project site and proposed trail route. Topographic map software may be used to create these maps, or the individual 7.5 minute USGS topographic quadrangle maps needed, can be identified at:
<http://www.state.tn.us/environment/tdg/county>.
2. All support documentation in the application must have numbered tab dividers separating the individual items of the application. ***Tab numbers should coincide with the numbered items on the RTP Application Checklist found on page 13.*** Please fold the topographic map so it will fit into the binder.
3. The project applications will be reviewed for eligibility, scored and ranked by TDEC-RES staff. The list of scored and ranked applications will be submitted to the Commissioner’s Council on Greenways and Trails for their review. The proposed projects are then submitted to the Federal Highway Administration for final approval.
4. Project applicants will receive approval or disapproval in writing.
5. Upon grant announcement, applicants will develop a budget for the amount of grant award. When budget is returned to TDEC-RES, a contract outlining the project scope, and other grant requirements will be sent from TDEC-RES for signatures. Grantees will not receive an executed contract until the environmental review document (*including all environmental clearances, required studies and permits*) has been approved. No work may begin until an executed grant contract is received by the grantee. Only expenditures from the approved project budget accomplished within the designated grant term are eligible for reimbursement.
