

The Department of Human Resources is **not currently accepting applications** (neither online or paper applications) for any job classification. We are in the process of converting to a new application system and are unable to process applications at this time. The new application system should be available some time during the month of November. However, we do not yet have a specific availability date. Please check back at a later time for updates on the availability of the new system. When the new system is available, the Department of Human Resources will begin taking applications for a limited number of Career Service job classifications.

Please note that with the implementation of the new system, it will be necessary for **all applicants** to set up a new online application account. The new application must include full and complete education and experience information regardless of whether or not you have previously supplied this information in an application to the Department of Human Resources.
