NASHVILLE, TENNESSEE

---

## Memo

**To:** All TennCare Providers  
**From:** Bureau of TennCare  
**Date:** March 5, 2007  
**Re:** Zoloft<sup>®</sup> and sertraline PDL Update

Currently, brand name Zoloft<sup>®</sup> is listed as preferred on the TennCare PDL and counts as a generic toward the prescription limits and co-pay. **Effective March 12, 2007**, brand name Zoloft<sup>®</sup> will become non-preferred and the generic formulation of Zoloft<sup>®</sup>, sertraline, will move to preferred status. Sertraline will count as a generic toward the prescription limits and will not require a co-pay. The brand name Zoloft<sup>®</sup> will count as a brand medication toward the prescription limits, require a co-pay (for those recipients who have a brand co-pay), and require a prior approval.

The updated PDL can be downloaded at the First Health / TennCare website at <https://tennessee.fhsc.com>.

**Please forward or copy the information in this notice to all providers who may be affected by these processing changes.**

<p><b>Thank you for your valued participation in the TennCare program.</b></p>
