## NOTICE OF AVAILABILITY CLEAN STREAM GRANTS FY 09

### TWRA AQUATIC HABITAT PROTECTION PROGRAM

July 2008

Tennessee Wildlife Resources Agency (TWRA) announces the availability of grant dollars to assist cities, schools, community organizations, civic groups, watershed organizations, and conservation groups, etc., with stream clean-up projects. This money could be used to buy supplies—such as rakes, work gloves, and garbage bags; to pay disposal fees for solid waste and tire removal; or to provide promotional items like project advertisement or T-shirts and refreshments for volunteer support.

Five grants—\$1,000 each—are available for each of TWRA’s four regional Aquatic Habitat Protection projects (a total of \$5,000 per region). The funds will be obligated as grants, so the grantee must have a nonprofit tax number. The projects are to be completed, the money spent, and a report submitted by June 30, 2009. In order to meet this deadline, TWRA would need to receive the proposals as soon as possible.

**Grant proposals should include the applicant organization’s name, tax ID number, address, phone, and name of a contact person authorized to enter into contractual agreement on behalf of the organization. The proposal should also include the name of the stream, county or counties involved, and the project area and description.**
