Policy Statement:

Resource parents providing residential care for children in state custody or in guardianship shall be paid a board rate fairly and efficiently. This rate shall be based on the needs of the child and the funding made available by the Tennessee Legislature. TN approved Resource parents providing residential care for children in TN state custody or guardianship who move to another state during the period of placement continue to receive the negotiated resource home board rate through TN DCS. The "placement" must be in compliance with the Interstate Compact on the Placement of Children (ICPC).

TN DCS approved resource parents providing residential care for children in another state's custody or guardianship pursuant to the ICPC who are eligible for a board payment shall receive the board rate established by the State of jurisdiction over the child.

Purpose:

The Board Rate payments are designed to help resource parents defray the cost of caring for children in the custody or guardianship of DCS. This policy is to help inform DCS staff and DCS resource families of the rates, the payment process, and the process of requesting rates above the regular rate. It should also help resource families understand some of the expected utilization of the board payments. Policy and procedure established herein is applicable to children in the custody or guardianship of TN DCS who are placed with approved resource families out-of-state pursuant to the ICPC. Details are outlined in the ICPC Practice and Procedure Manual.
