1. INTRODUCTION

1.1. State of Procurement Purpose

The State of Tennessee Department of Safety and Homeland Security, an agency of the State, hereinafter referred to as "the State," has issued this Request for Qualifications ("RFQ") to define the State's minimum service requirements, solicit responses, detail response requirements, and outline the State's process for evaluating responses and selecting a TACN Site Development company ("TSD") to install communication towers as outlined in this RFQ.

Through this RFQ, the State seeks to contract for the requested services and to give ALL qualified businesses, including those that are owned by minorities, women, service-disabled veterans, persons with disabilities, and small business enterprises, opportunity to do business with the State as contractors and subcontractors.

1.2. Project Description

License Classifications must cover 60% of the scope of work of the Project.

The State of Tennessee is seeking to qualify a company who can effectively partner with the State to expand TACN by erecting and/or modifying approximately 22 radio communications sites to a public safety standard across Bledsoe, Coffee, Cumberland Dickson, Grundy, Marion, Morgan, Putnam, Rhea, Sequatchie, Sevier, Van Buren, and Warren Counties. Planned site expansions include erecting new towers, modifying existing towers, installation of new equipment shelters, and/or modifying existing facilities. The State is seeking a company with experience in developing, implementing, and managing public safety grade communications site infrastructure, including site development services, towers, equipment shelters, emergency power systems, grounding, and site security.

The company will qualify through this RFQ, and the company that qualifies will enter a subsequent contract with the State and will be eligible to provide TSD services to TACN. The selected company will commit to the State's TSD guidelines.

1.3. Project Budget

Project Budget is \$31,000,000.00

Notwithstanding the foregoing, the State reserves the right to waive, at its sole discretion, minor variances from full compliance with this RFQ. 4.14. Joint Ventures

The State will not allow joint ventures for this procurement.

5. PROCUREMENT PROCESS & CONTRACT AWARD

5.1. Evaluation Categories & Maximum Points

The State will consider qualifications, experience, and technical approach in the evaluation of proposals and award points in each of the categories detailed below (up to the maximum evaluation points) to each apparently responsive proposal. Each category is weighted as follows and 100 points is the maximum total number of points which may be awarded:

EVALUATION CATEGORY	MAXIMUM POINTS POSSIBLE
General Business Requirements Refer to RFQ Attachment 6.2., Section A	Pass/Fail
General Qualifications & Experience Refer to RFQ Attachment 6.2., Section B	40
Technical Qualifications, Experience & Approach Refer to RFQ Attachment 6.2., Sections C	60

- 5.1.1. This competitive BV1 selection process is separated into two phases: a response (containing Qualifications, Experience, and Project Approach), and a bid submitted by qualified Respondents at a later date.

Phase One - Qualifications, Experience, and Project Approach: The Qualifications, Experience, and Project Approach response must attain a Total Response Evaluation Score of **seventy (70) points or greater** to move on to Phase Two – Bidding and be offered the opportunity to submit a bid. Total Response Evaluation Score will be calculated using the following formula as noted on RFQ Attachment 6.4.

Total Response Evaluation Score will be totaled by adding the Section B Respondent Average to the Section C Respondent Average. That formula is:

$$\text{Section B Respondent Average} + \text{Section C Respondent Average} = \text{Total Response Evaluation Score}$$

Phase Two - Bidding: Bids will be submitted through a separate process and only Respondents qualified during Phase One will be invited to bid. Refer to RFQ Section 2 for anticipated bid date.

- 5.1.2. Contractors shall address the bidding requirements provided in the project documents, and the State of Tennessee's bidding procedures.
- 5.1.3. The Contractor submitting the lowest bid during Phase Two will be considered the apparently low bidder for contract award, pending review by the State.
- 5.1.4. The State reserves the right, at its sole discretion, to request clarification of response documents or to conduct clarification discussions with any or all Contractors responding to the RFQ. Any such clarification or discussion may be limited to specific sections of the

responses identified by the State. The subject Contractor must submit any resulting clarification in writing as may be required by the State.

- 5.1.5. The State reserves the right to receive an oral presentation from, or conduct interviews with, Contractors responding to the RFQ. Oral presentations and the number of firms interviewed are at the sole discretion of the State. Presentations or interviews will be scheduled by the State and included as a component of response documents.
- 5.1.6. The evaluation of responses concludes with determination of the responses having the highest total scores.
- 5.1.7. The State will issue an Evaluation Notice to identify the apparently high scoring responses on the date detailed in the RFQ Schedule of Events. The Evaluation Notice shall not create rights, interests, or claims of entitlements with any RFQ participant.
- 5.1.8. RFQ files will be available for public inspection as detailed in the RFQ Schedule of Events. The files remain open for public review from that date. Bid result information will be available upon opening of bids (Bid Date), as detailed in the RFQ Schedule of Events.
