Life and AD&D insurance

Group term life insurance provides a cost-effective way to prepare for the unexpected by adding an extra level of protection during your working years. Your loved ones may benefit from life insurance to cover medical bills, funeral costs and estate management expenses. It can also be a critical resource in helping with your family's ongoing expenses. As a state employee, you have access to basic term life and basic AD&D coverage, voluntary term life coverage and voluntary AD&D insurance.

Voluntary accidental death and dismemberment insurance provides additional financial protection should you or your family die or become dismembered due to a covered accident, whether it occurs at work or elsewhere. The value of AD&D insurance is twofold.

- Double indemnity is a term you may have heard. It refers to the fact that in the event of death resulting from a covered accident, this benefit is paid on top of your term life insurance benefit, not in place of it. Your beneficiary would receive both the life and AD&D benefit amounts.
- The second aspect of the program is dismemberment. A percentage of the benefit amount is paid to the insured person if a covered accident results in the loss of a limb, eye or hearing, or in partial or full paralysis.

Consider an accident rendering an insured person paraplegic (for which the percentage of benefit paid is 75 percent); there will likely be expenses such as home and vehicle modifications to accommodate a wheelchair.

Additional payouts may be available with your AD&D benefits

Additional benefits may be paid if the insured experiences one or more of the below events.

Basic AD&D

- Seat belt
- Repatriation
- Paralysis or stroke

Voluntary AD&D

- Adaptive home and vehicle
- Coma
- Repatriation
- Plegia

Please refer to the certificate of insurance for specific information regarding these additional payouts.

More information about AD&D insurance

Basic and voluntary AD&D definition and exclusions

Accidental death or dismemberment by accidental injury means that the insured's death or dismemberment results, directly and independently of all other causes, from an accidental bodily injury which is unintended, unexpected and unforeseen. The bodily injury must be the sole cause of death or dismemberment.

The injury must occur while the insured's coverage under the group policy is in force. The insured's death or dismemberment must occur within 180 days after the date of the injury.

In no event will Securian pay the accidental death or dismemberment benefit where the insured's death or dismemberment results from or is caused directly or indirectly by any of the following:

1. Any disease or infirmity of mind or body, and any medical or surgical treatment thereof; or
2. Suicide or attempted suicide, while sane or insane; or
3. Any intentionally self-inflicted injury; or
4. War, declared or undeclared war, whether or not you are a member of any armed force; or
5. Commission of, participation in, or any attempt to commit an assault or felony; or
6. Being under the influence of any narcotic, hallucinogen, barbiturate, gas or fumes, poison or any other controlled substance as defined in Title II of the Comprehensive Drug Abuse Prevention and Control Act of 1970, as now or hereafter amended, unless as prescribed by the insured's licensed physician. Conviction is not necessary for a determination of being under the influence; or
7. Intoxication as defined by the laws of the jurisdiction in which the accident occurred; or
8. Active participation in a riot. "Riot" means all forms of public violence, disorder or disturbance of the public peace, by three or more persons assembled together, whether with or without a common intent and whether or not damage to person or property or unlawful act is the intent or the consequence of such disorder.

Voluntary group term life insurance during an unpaid leave

Action required for continuation of coverage.

1. Premium payment is required to maintain voluntary coverage. If premium is not paid to Securian, the following will occur:

For all employees on unpaid leave: An employee who is out on unpaid leave of absence may notify Securian by telephone stating they are on leave without pay requesting to be placed on direct bill immediately. If the employee does not do this, then after three consecutive months of missed payroll deductions a bill will be sent from Securian directly to the employee's home address.

- **Employees who do not pay for coverage during their leave will lose their voluntary life coverage. Voluntary life coverage will lapse.** Upon returning to active employment, the employee will have no voluntary coverage in force. An employee who again wants voluntary group term life insurance coverage may only choose coverage during annual enrollment or if there is a family status change. Evidence of insurability will be required.

2. Returning to active employment

Employees must call Securian Financial and notify them of their return to work and request to restart payroll deductions.

Important notes:

- Upon return to active employment, those who are paying for their coverage on a direct bill basis will need to inform Securian Financial of their return to work date and request to restart payroll deductions.
- Upon return to active employment, those employees who did not pay for coverage during their leave will have no voluntary coverage.

Naming a beneficiary

Choosing a beneficiary

Designating a beneficiary is an important right of life insurance ownership. It lets you determine who receives your policy benefits. Under current tax law, life insurance benefits paid to a beneficiary are generally not taxable income.

Common terminology

- **Primary beneficiary:** The person(s) named will receive the benefit. If a primary beneficiary is not alive at the time of a claim, the benefit will be split among any remaining primary beneficiaries before it is paid to a contingent beneficiary.
- **Contingent beneficiary:** If the primary beneficiaries are no longer living, the benefit is paid to this person or persons.
- **Irrevocable beneficiary:** Once you designate an irrevocable beneficiary, you may not change it without the beneficiary's written permission.
- **Default beneficiary:** If you do not name a beneficiary, policy benefits will be paid to the default beneficiary listed in the certificate of insurance.

For basic term life and basic AD&D insurance, you may designate a beneficiary in Edison Self-Service.

For voluntary AD&D insurance, you may designate a beneficiary in Edison Self-Service. This beneficiary designation is separate from the beneficiary designation under the basic term life and basic AD&D insurance.

Once logged in, follow this path: Self Service > Employee Work Center > Life Insurance Beneficiaries > Update Beneficiaries.

To designate a beneficiary for voluntary term life insurance, please visit [LifeBenefits.com/stateoftn](https://lifebenefits.com/stateoftn). Once logged in, follow this path: Forms & Documents > Beneficiary Designation and Change Request

For spouse voluntary term life insurance, you may designate a beneficiary. If no beneficiary is designated, the employee will be the default beneficiary for this coverage. If the employee is no longer living, the benefits will be paid to the estate of the spouse.

For the voluntary child term life rider, the employee is automatically the beneficiary. If the employee is no longer living, the benefits will be paid to the estate of the child.

How to designate multiple beneficiaries

After determining whom you want to select as your beneficiary or beneficiaries, you may then choose what percentage of the benefit each individual should receive.

For example:

Primary:

Jane Doe, daughter; John Doe, son

Jane and John will equally share the proceeds. If any additional children are born, they will not be eligible to receive a portion of the proceeds. (While minors cannot directly receive life insurance proceeds, there are a number of ways they can be used and managed for minor children. To determine the best approach for your life insurance benefits, you should consult an estate planning attorney.)

Primary:

Susan Doe, spouse

Contingent:

Jane Doe, daughter, 75 percent;
John Doe, son, 25 percent

The proceeds will be paid to Susan Doe. If Susan is not living, then the proceeds will be paid 75 percent to Jane Doe and 25 percent to John Doe.

Primary:

William Doe, trustee, his successors or successor in trust under the William Doe Revocable Trust Agreement. Executed by the insured on June 1, 2017.

The proceeds will be paid to a formal trust. If the trust is an institution, the address of the institution should be included.

Your plan features

Beyond paying a benefit in the event of your death, your group life insurance plan has other important features.

Portability and conversion

What are portability and conversion?

Porting your coverage means continuing the voluntary term life coverage you had as an active employee. Conversion means changing the basic term life and/or voluntary term life coverage you had as an active employee to a different, individual policy.

Can I continue, or port, or convert my coverage?

If you are no longer eligible for coverage as an active employee, you may be eligible to port or convert your life insurance. Premium rates will be higher than the rates for active coverage.

More about conversion

Conversion is available for employee basic term life and employee and dependent voluntary term life. Rates are higher than those paid by active employees and higher than voluntary term life portability rates. Premium payments will be paid directly to Securian Financial.

More about porting

Porting is available for employee and spouse voluntary term life along with any affiliated child term riders. The ported amount is up to 50 percent of your voluntary group term life insurance under the group plan with a minimum of \$5,000 and a maximum of \$250,000. Insurance will be on a direct bill basis. Continued, or ported, coverage ends at the end of the year you reach age 70. Rates are higher than those paid by active employees. Child term rider coverage may only be ported if the employee or spouse elects to port their own coverage.

Employee/Spouse Ported Voluntary Term Life rates per \$1,000 (effective 1/1/2023)

Age	Employee/Spouse
Under 25	\$0.057
25-29	\$0.057
30-34	\$0.062
35-39	\$0.076
40-44	\$0.115
45-49	\$0.194
50-54	\$0.328
55-59	\$0.512
60-64	\$0.797
65-69	\$1.322
70-74	N/A - ported coverage terminates at age 70
75-79	N/A - ported coverage terminates at age 70
80 and over	N/A - ported coverage terminates at age 70

Securian will mail a letter to former employees upon separation from active service, advising the employee of the options to port or convert coverage. The letter will also explain the steps needed to apply for ported or converted coverage.

Waiver of premium benefit

If you become totally disabled according to the terms of your certificate, life insurance premiums may be waived.

Accelerated death benefit

If an insured person becomes terminally ill with a life expectancy of 12 months or less, you may request early payment of up to 80 percent of basic and voluntary term life insurance.

Child conversion and notification requirements

Once a child reaches age 26 and you wish to convert that child's coverage, Securian Financial must be contacted within 31 days. Also, you must notify Securian when the last child covered under the voluntary term life reaches age 26.

Annual calculation of coverage level

For basic term life coverage, increases and decreases due to a change in salary will be based upon the employee's salary as of Sept. 1 of each year with the effective date of the recalculated coverage to be on Jan. 1 of the next calendar year.

Decreases due to a change in age will be:

1. For semi-monthly paid employees, the age reductions will be based on the employee's age as of the prior pay period end date and will be effective the first of the next month.
2. For monthly paid employees, the age reductions are based on the employee's age at the end of the prior month and will be effective the first of the next month.

Voluntary term life premium adjustments are effective each Jan. 1 based upon employee and/or spouse's age as of the same Jan. 1.

Basic life/basic AD&D and voluntary AD&D effective date

Basic life/basic AD&D for a new hire and voluntary AD&D for a new hire, spouse and/or children, will become effective on the first day of the month following one full calendar month of employment or date of status change.

Voluntary term effective date

Voluntary term life coverage for new hire, spouse and/or children will become effective on the first day of the month following completion of three full calendar months of eligible employment if you enrolled during your first 30 days of initial eligibility.

Voluntary group term life exclusion

Suicide - If an insured, whether sane or insane, dies by suicide within two years of the effective date of that insured's insurance, our liability will be limited to an amount equal to the premiums paid. If there has been an increase in an insured's amount of insurance for which you were required to apply or for which we required evidence of insurability, and that insured dies by suicide within two years of the effective date of the increase, our liability with respect to that increase will be limited to the premiums paid and attributable to such increase.
