PRESENTER

President Randy Boyd
Assistant Chief of Engineering Jay McClellan
State Architect Ann McGauran

Lieutenant Governor McNally stated that the purpose of this meeting was to consider the items on the agenda for the October meeting of the State Building Commission. Tennessee Code Annotated §8-44-108 provides that if a quorum of members is not physically present at the meeting, other members may be retained for a vote via electronic or other means of communication if certain statutory requirements are met.

A determination had been made that the electronic communication in this meeting by the members is a necessity based on the following facts and circumstances:

1. The Commission has regularly scheduled monthly meetings around which agencies and institutions plan, and a delay will cause an operational hardship for certain of the agencies and institutions having time sensitive matters on today's agenda.
2. The current public health crisis resulting from the COVID-19 virus has resulted in declarations of a "State of Emergency" by the State and local governments.
3. Meeting electronically is necessary to protect the health, safety and welfare of Tennesseans in light of the COVID-19 outbreak.

Let the minutes reflect that Lt. Governor McNally, Secretary Hargett, Comptroller Wilson, Treasurer Lillard and Commissioner of Finance & Administration Eley are participating electronically; that Governor Lee is absent; and Speaker Sexton has not yet joined the meeting. At a roll call vote the five members present voted aye and approved the use of electronic communication for this meeting.

Comment: A portion of the funding (\$805,000 – \$579,600 Federal Funds and \$225,400 TWRA Op Funds) is contained within a FY 20/21 line-item project in the capital budget. The balance of funding (\$600,000 – \$474,150 Federal Funds and \$125,850 TWRA Op Funds) is being provided by the agency outside of the budget cycle. TWRA performed the programming for this project ahead of submittal in the capital budget. STREAM performed programming for this project after the budget request was submitted, revealing the need for additional funding.

Previous Action: 10/08/2020 SBC State Architect McGauran presented the item. Lieutenant Governor McNally stated that TWRA performed the program ahead of submitting the capital budget to STREAM and asked if the process had been fixed. Not only for TWRA but for other agencies as well. State Architect McGauran stated that in speaking with STREAM they feel that TWRA and STREAM are working well together going forward. There has been a change in leadership in TWRA and a change in terms of the way they budget their items, so they feel good about these items coming forward in the future and that this was a holdover to a previous methodology. Lieutenant Governor McNally confirmed the additional cost and State Architect McGauran stated that was correct.

Lieutenant Governor McNally asked State Architect McGauran to contact TWRA letting them know that they need to make an effort to be at the meeting and to check their communication equipment.
