Shelby	312	132	38.3	161,441
Davidson	361	144	32.7	101,348
Knox	335	159	37.9	74,123
Hamilton	306	120	35.1	56,479
Madison	299	140	36.6	15,879
Sullivan	262	132	47.1	35,957

¹ Number of respondents who answered YES.

² Weighted risk is the estimated percentage of adult population who have been told that their blood cholesterol is high.

³ Population at risk is the estimated population with high blood cholesterol based on the survey. Note: The sum of regional estimates in this column will not add up to statewide total.

⁴ Statewide estimates include additional survey coverage by cell phone and different weighting methodology.
