

NOTICE OF PUBLIC MEETING

The Shelby County Division of Public Works will hold a public meeting regarding proposed widening of existing sections of Kirby Parkway, and constructing sections on new location. The project route is Kirby Parkway north of Split Oaks Drive to St. Elmo Road in Memphis, Shelby County, Tennessee. The proposed project also includes the extension of Sycamore View Road from Mullins Station Road to Kirby Parkway. The total length of these projects is 12.48 miles. The Sycamore View Road Extension will be entirely on new location. Representatives of the Tennessee Department of Transportation will be present to describe the proposed project and to answer questions.

The proposed project would alleviate traffic congestion and help to provide for safer operation of traffic.

This Public Meeting will be held November 15, 1984, 1:00 p.m. in the County Commission Chambers located in the lobby of the Shelby County Administration Building, 160 North Mid America Mall.
