# Table of Contents

The *2010-2011 Fact Book* reflects the recent policy reform agenda for higher education in the state of Tennessee. In order to provide the interested stakeholders and participants of higher education easier access to essential data and information, we have consolidated two annual reports in this year's edition of the Fact Book. All of the statistics previously reported in the *Statutory Data Report* are reported herein. The historical tables are cross-listed in parentheses in the table of contents below.

As a result, the *2010-2011 Fact Book* is prepared pursuant to T.C.A. § 49-7-210. As specified, this report provides information as required for public four-year institutions, public two-year institutions, and public technology centers.

## History

The Tennessee Higher Education Commission was created in 1967 by the Tennessee General Assembly to achieve coordination and foster unity with regard to higher education. The Commission coordinates two systems of public higher education: the University of Tennessee institutions governed by the University of Tennessee Board of Trustees, and the state universities, community colleges, and technology centers governed by the Tennessee Board of Regents. There are currently nine public universities, 13 community colleges, and 27 technology centers in Tennessee that serve over 256,500 students collectively.

The Commission is composed of nine lay members appointed by the Governor for six year terms representing congressional districts of the State, three Constitutional Officers who are ex-officio voting members (Comptroller of the Treasury, State Treasurer, and Secretary of State), two ex-officio student members who serve two year terms, and the Executive Director of the State Board of Education as an ex-officio non-voting member.

---

## Current Context

In January 2010, the General Assembly passed the Complete College Tennessee Act (CCTA), a comprehensive reform agenda that seeks to transform public higher education through changes in academic, fiscal and administrative policies at the state and institutional level. At the center of these reforms is the need for more Tennesseans to be better educated and trained, while also acknowledging the state's diminished fiscal capacity to support higher education.

The overarching goal of the Public Agenda for higher education is to have Tennessee meet the projected national average in educational attainment by 2025. The primary state policy levers for addressing the state's educational needs include promoting: (1) productivity and efficiency through an outcomes-based funding formula; (2) quality assurance through revised performance funding standards; (3) economic and workforce development through responses to a study of labor market supply and demand; (4) efficiency and effectiveness through purposeful reporting; (5) efficiencies through mission and sector differentiation; (6) efficiencies through inter-institutional collaboration and reduced duplication; and (7) efficiencies through incentives for extramural support.

# **STUDENT PARTICIPATION**

# Headcount by Sector Fall 2010

Sources: THEC Student Information System (SIS), THEC Postsecondary School Authorization, TBR TTCs, TICUA

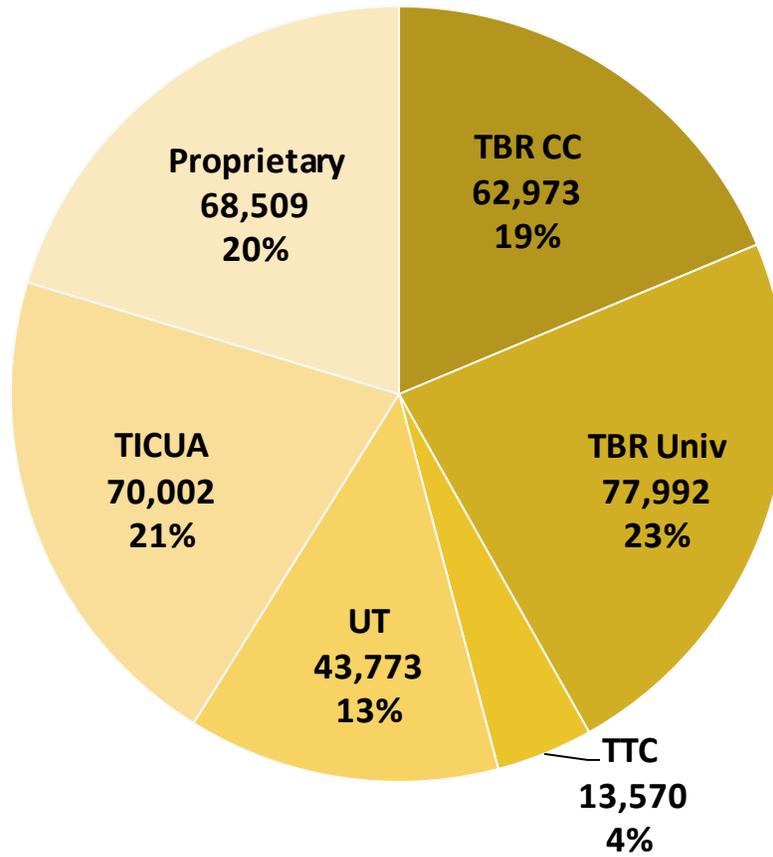

## Total enrollment in Tennessee higher education: 406,755 students

Beginning Fall 2010, institutions began reporting end-of-term data. However, these headcounts and FTE still reflect 14th day enrollment.

### NOTES

1. Tennessee Technology Center (TTC) enrollment reflects fall 2010 FTE, not headcount.
2. Proprietary enrollment is estimated.
3. Excludes not-for-profit private institutions not participating in TICUA.

# FTE by Sector Fall 2010

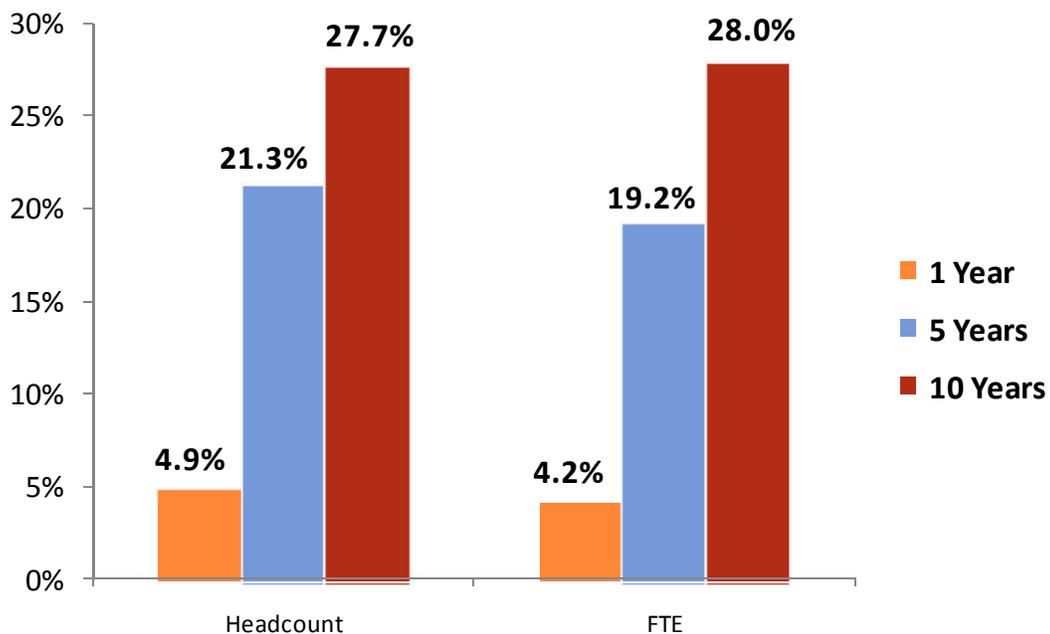

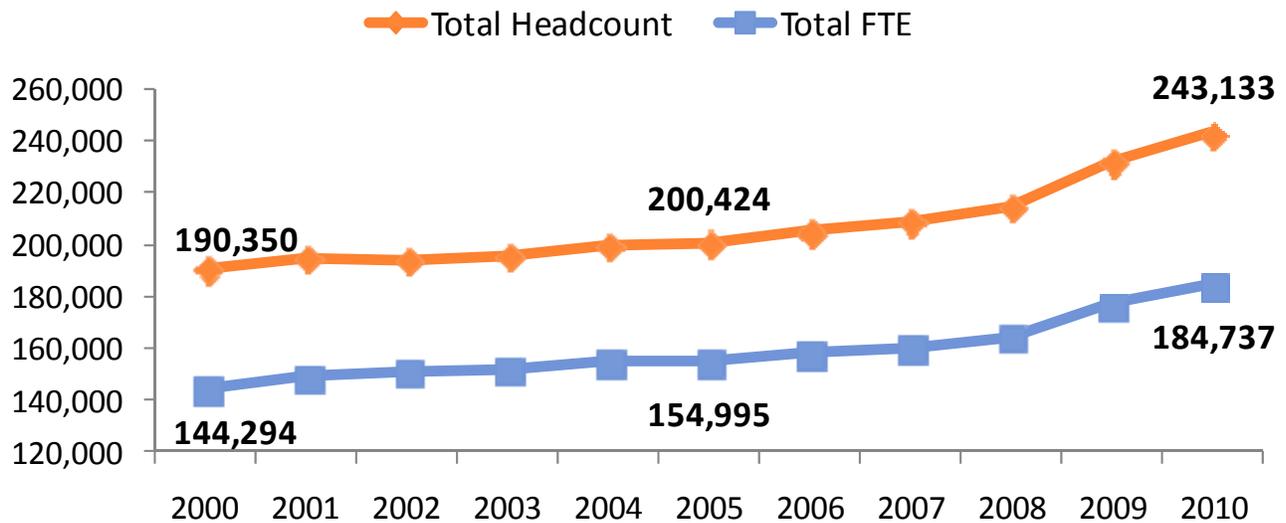

Sources: THEC SIS, THEC Postsecondary School Authorization, TBR TTCs, TICUA

**Total FTE in Tennessee higher education:  
336,819 students**

## NOTES

1. Full-Time Equivalent (FTE) Enrollment: For undergraduate students, total credits attempted divided by 15. For graduate students, total credits attempted divided by 12.
2. Proprietary FTE is estimated using IPEDS calculation method.
3. Excludes not-for-profit private institutions not participating in TICUA.

**NOTES**

1. Within the state's Performance Funding accountability program, institutions are required to evaluate undergraduate and graduate programs. The accreditation peer review process satisfies the Performance Funding requirements for programs that are eligible for accreditation. Other programs must undergo evaluation by external consultants or trained teams of auditors. Currently, 530 programs are eligible for accreditation. Eligibility is determined when all Tennessee institutions agree on a specific accreditor as best representing qualitative standards for each discipline. All programs are accredited except for two programs where institutions elected not to seek accreditation.

### NOTES

1. The state appropriations include funds for medical and health programs, state-level financial aid programs for students, state funds for private colleges and universities, and state funds for coordinating or governing boards of public colleges and universities. State appropriations exclude dollars for capital construction and debt payments. Also excluded are funds from sources other than state tax funds, including all funds from student fees, federal sources, and local sources. Seven SREB states, excluding Tennessee, also provide significant additional local funding for higher education operations.

### NOTES

1. State appropriations include recurring general operating revenues.
2. The American Recovery and Reinvestment Act (ARRA) provides non-recurring Federal funds to Tennessee higher education over the three year period from FY08-09 to FY 10-11. ARRA also includes a Maintenance of Effort (MOE) provision that requires states to maintain funding for FY08-09 to FY 10-11 at FY05-06 levels in order to qualify for ARRA funds.
3. Tuition and fees include all in-state and out-of-state tuition and mandatory fee revenues.
4. All dollars are adjusted for inflation to 2009-2010 dollars.

## Section 4:

# **GLOSSARY**

## Definitions

**Auxiliary Enterprise:** An entity that exists to furnish goods or services to students, faculty, or staff, and that charges a fee directly related to the cost of the goods or services (essentially self-supporting). Examples include: residence halls, food services, college stores, parking garages, etc.

**Census Date:** The date on which all degree credit headcount and full-time equivalent enrollment reports are generated for all Tennessee public institutions. Beginning Fall 2010, institutions reported end-of-term data. However, all headcount and FTE enrollment reports are showing the historical 14th day census. The table Term Withdraws (pg. 15) provides an end-of-term enrollment figure.

**Degree Credit:** Credit that the institution designates as regular, occupational, or certificate, extension or co-op.

**Formula Units:** Includes public universities, community colleges, and technology centers.

**Full Time Equivalent (FTE) Enrollment:** For undergraduate students, fall term FTE is the total number of credits attempted divided by 15. For graduate students, the fall term FTE is the total number of credits attempted divided by 12. For students in clock hour courses, the academic year FTE is the total number of clock hours divided by 900.

**Full-Time Student:** A student who is enrolled for 12 or more hours of degree credit.

**Mandatory Fees:** A required fee for all students.

**Non-Formula Units:** Includes all entities other than universities, community colleges, and technology centers. Examples include the UT Veterinary School, the Space Institute, and the Centers of Excellence.

**Part-Time Student:** A student who is enrolled for less than 12 hours of degree credit.

**Restricted Current Funds:** Funds expendable for operating purposes but restricted by donors or other outside agencies as to the specific purpose for which they must be expended.

**Southern Regional Education Board (SREB):** The nation's first interstate compact for higher education, the SREB is a coalition of educators, government officials, and civic leaders interested in advancing knowledge and improving the social and economic life of the South.

**Special Student:** At the undergraduate level, a student who does not hold a Bachelor's or advanced degree and who is not working toward a certificate or degree. At the graduate level, a student who holds a bachelor's degree or higher, is not working toward a degree and is not a post-doctoral student.
