RE: Uninsured Motor Vehicle Coverage - Prohibition  
Against Rate or Premium Increase or Cancellation  
or Nonrenewal Due to Uninsured Coverage Claim

DA: October 2, 1989

It has been brought to the attention of the Department that some insurers may be canceling or nonrenewing automobile insurance policies due to the filing of uninsured motorist coverage claims by their insureds.

This practice is specifically prohibited by T.C.A. 56-7-1201(f). Violation of this statute will be considered an unfair trade practice and appropriate administrative sanctions will be applied.
