ADMINISTRATIVE REPORT-

Application for a new barber school "Excel Barber & Style College" was previously presented to the Barber Board for review. The Board voted to have the Board Member and Inspector visit the school for the required inspection for approval to open. The facility was inspected twice by the Board Member and issues with operating a school of barbering in Tennessee were apparent. The proposed school owner visited the board office to advise he was cancelling his application for a new barber school for several reasons. He stated he was not aware of the finances needed to operate a barber school and several of the laws and rules relating to operating a school. After cancelling the application for a school he will be placing an application for a barber shop for that location.

Application for a new barber school and floor plan for "Genesis Career College" Nashville downtown campus presented to the Barber Board for review.

MOTION made by Ralph Payne and seconded by Larry High to request Rick Bundy the owner of Genesis Career College to appear before the Board at the next schedule meeting to discuss his application for a new barber school. Motion carried unanimously.

Application for master barber instructor examination from Timmy Perry who has a felony submitted and required information from the applicant has been submitted along with letter of examination recommendation from the barber school attended.

MOTION made by Donald Collins and seconded by Larry High to approve the application for examination with signed agreed order. Motion carried unanimously.

Application for master barber examination from Anthony Carter who completed hours of instruction in the master barber curriculum at the Michigan Barber School in Detroit, Michigan in 2001. Applicant did not obtain barber license Michigan.

MOTION made by Larry High and seconded by Donald Collins to request applicant to appear before the board to discuss his application. Motion carried unanimously

Barber Instructor Willie C. Flakes submitted a letter to the board proposing a change to the barber laws. The change would allow master barber instructors to place the instructor portion of their license in an inactive status. If the instructor portion of the license is allowed to be placed in an inactive status the instructor is not required to obtain sixteen (16) hours of continuing education every two (2) years. For this to become available a change in the current law would be required. Law changes/additions are made by legislation.
