Jesse Joseph presented the following Agree Final Order proposal:

Complaint #200501940 –

This complaint was opened in the spring of 2005 alleging unlicensed activity against an "unknown person" who allegedly determined the location of property lines in a rural county and prepared property descriptions, included within 3 quit claim deeds, and filed them in June, 2004. An investigation was concluded in 2006, wherein it appeared that a specific individual (now the named Respondent) divided a parcel of land he considered a family farm into five tracts amongst three family members – the Respondent and his two siblings.

This matter was presented to the Board previously in January, 2007, and the Board approved issuance to Respondent of a Consent Order assessing a \$1,000 civil penalty, with conditional authority to file a formal proceeding if the proposal was not accepted. The proposed Consent Order was mailed to Respondent's prior counsel in February 2007 and was not accepted.

The complaint has been assigned to five different attorneys since 2005 and was delivered to the litigation counsel in late 2010 for the filing of a formal notice of

hearing and charges. A formal proceeding was filed in early May of this year and Respondent now has agreed to settle the case and has indicated that he only has the ability to pay a civil penalty of \$300 and to reimburse the State for its hearing costs (filing fees) of \$200, for a total of \$500.

Respondent claims that he did not know he was engaging in activity that could be considered the practice of land surveying at the time, he has not engaged in these activities since 2004, and has agreed to cease and desist in the future. Through counsel, he also expresses doubt that the statutes defining the practice of land surveying necessarily apply to persons who divide their own family property between family members and who are not holding themselves out to the general public as offering this service. Thus, he desires to enter into this Agreed Final Order on a "no contest" basis.

Litigation counsel does not agree with the Respondent's legal position on the applicability of the statutes, but nonetheless would recommend acceptance of the Agreed Final Order as a fair resolution of this older complaint file where the Respondent has not engaged in further unlicensed activity which could harm the public, and where the Respondent has acknowledged the problem and has agreed to cease and desist from further unlicensed activity.

This matter was set for formal hearing on August 4, 2011, and the formal hearing has been continued until October 27, 2011 in case the Board decides not to approve this proposed Agreed Final Order.

RECOMMENDATION: Litigation counsel recommends that the Board approve the proposed Agreed Final Order.

Recommendation: Approve the Agreed Order and close the case.

RULING: Unanimously approved.

Robert Herndon, Staff Attorney for the board, then presented the following complaints for review:
