Re: July 2006 Jail Report

Attached is the July 2006 Jail Report. I would like to bring your attention to some changes in this report that will allow us to more accurately represent the Tennessee jail population.

Policy, Planning and Research staff are now accessing jail data directly from each individual jail. Each jail's capacity is now cross-referenced with a monthly Tennessee Correction Institute (TCI) document that provides details of their jail reviews of secure facilities. Upon review of the July 2006 report, we determined that information about a facility that TDOC does not contract with TDOC to house convicted felons had been inadvertently included in the report in the past. This facility, Davidson County – Offender Re-Entry Center (OCR) has been removed. Additionally, we noted that we had previously received incomplete data from one county jail site. Complete information is now included.

The outcome of these changes and some increases in population during the month across quite a few jails is that as of July 31, 2006 a deficit of thirteen beds existed. It is our estimate these individuals (13) are likely being housed in special purpose beds.

Finally, it should be noted that we have begun receiving separate jail count numbers for each facility in Knox and Montgomery Counties. In previous reports, multiple jails for these counties were listed as one facility.

If you have any questions regarding the changes implemented in this month's jail report, please don't hesitate to contact us for further details.

Thank you.
