BUDGET AND STAFFING

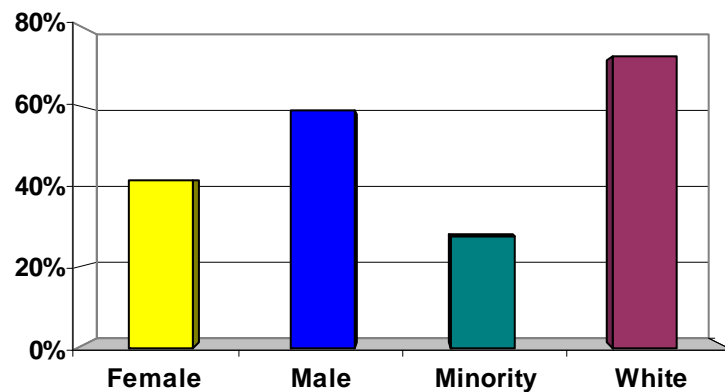

The Central Office Human Resources section provides technical assistance and advice and ensures compliance with Civil Service Rules, EEOC/Affirmative Action, state law, and policies. This section also implements and monitors personnel-related programs such as employee relations, recruitment and retention, training, performance evaluations, employee transactions, and employee benefits, including accommodations under the Americans with Disabilities Act.

STAFFING TRENDS

Correctional facility staffing trends are presented in the graph above. They include data on total facility staffing (expressed in FTEs or full time equivalents) and uniformed security staffing levels as compared to the average daily inmate population.

Between FY 2005 and FY 2014:

- Inmate average daily population increased by 8.6%
- Total facility staffing increased by 4.3%
- Total uniformed security staffing decreased by 9.2%.

SALARY COMPARISONS

The ability to recruit and retain qualified staff continues to be a concern for the Department. Because salary levels are critical in recruitment and retention of staff, the Department closely monitors other correctional and law enforcement agencies to compare its salaries with those offered by agencies performing similar functions.

State DOC	Average Starting Salary
Arkansas	\$30,135
North Carolina	\$28,826
Missouri	\$28,746
Alabama	\$28,517
Virginia	\$27,485
Tennessee	\$25,776
Georgia	\$24,322
Kentucky	\$23,346
Mississippi	\$22,006

When compared to neighboring state correctional departments, TDOC ranks 6th in the average starting salary for correctional officers. Of the 15 states participating in the Southern Legislative Conference, Tennessee places 8th – with an average starting salary below the SLC average of \$26,438.

Source: Southern Legislative Conference – July 2013

Federal Bureau of Prisons	\$39,012
Shelby County Sheriff's Office	\$34,450
Hamilton County Sheriff's Office	\$32,090
Davidson County Sheriff's Office	\$32,036
Knox County Sheriff's Office	\$30,294

TDOC also ranks low when compared to other correctional and law enforcement agencies located near some of our facilities. These are some of the agencies with whom we compete directly in the recruitment and retention of uniformed staff.

TURNOVER RATES FY 2013 - 2014

Institution		Correctional Officer Series Turnover Rate
Bledsoe County Correctional Complex	BCCX	29.1%
Charles Bass Correctional Complex	CBCX	35.1%
DeBerry Special Needs Facility	DSNF	36.9%
Mark Luttrell Correctional Facility	MLCC	25.2%
Morgan County Correctional Complex	MCCX	20.0%
Northeast Correctional Complex	NECX	10.9%
Northwest Correctional Complex	NWCX	35.7%
Riverbend Maximum Security Institution	RMSI	49.1%
Tennessee Prison for Women	TPFW	47.5%
Turney Center Industrial Complex	TCIX	33.0%
West Tennessee State Penitentiary	WTSP	26.2%
System-wide		29.6%

In FY 2014, the correctional officer turnover rate was 29.6% systemwide. The turnover rate includes all officers leaving positions, but excludes those occurring when an employee is transferred or promoted within the TDOC system in the correctional or probation/parole officer series.

Fiscal Year-End Incarcerated Felon Population Trends

Over the past 13 fiscal years (2002 - 2014), the incarcerated felon population (including TDOC backup and locally sentenced felons) has increased 23.3% (from 24,235 to 29,885). The male and female felon population increased 19.7% (from 22,637 to 27,087) and 75.1% (from 1,598 to 2,798) respectively during this same period.

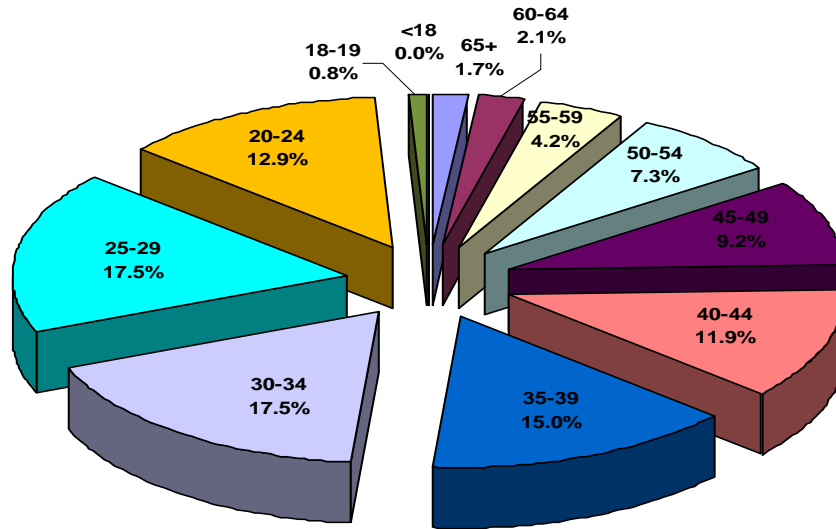

During the past fiscal year, the total incarcerated felon population increased from 29,775 in June 2013 to 29,885 in June 2014, an increase of 0.4%. The male felon population decreased 1.7% and the female felon population increased 7.6% during FY 2014.

DRUG SCREENS: FY 2013 – 2014

Random drug screens are conducted monthly on 2.5% of the inmate population. These screens are necessary to identify the use of substances frequently used in prison. Substance abuse program participants are given an initial urine screen at the beginning of the program and are subject to facility random and reasonable suspicion testing throughout the program. All positive screens are confirmed through additional testing, and graduated sanctions are used for any positive drug screen.

*Note that the Department began offering the HiSET exam in 2014. Due to the transition from GED to HiSET, there were fewer exams administered after December 31, 2013. The high school equivalency pass rate increased from 63% in FY13 to 66% in FY14.

CLINICAL SERVICES DIVISION

The Office of Clinical Services is operated under the leadership of the Director of Clinical Services. The mission of the Department of Correction is to operate safe and secure prisons. The Division of Clinical Services accomplishes this mission by providing quality healthcare in the most efficient, cost effective, and ethical manner possible to its more than 21,000 inmates, while protecting the public health interest of the citizens of Tennessee. Upon intake into our prison system, all offenders receive extensive medical, mental health, dental and substance abuse screening and testing to identify their health status and treatment needs. Each of the Department's facilities provides an on-site health clinic that offers a full range of healthcare services (e.g., daily sick call visits, chronic disease clinics, dental care, pharmacy, utilization management, substance use treatment, inpatient services, infirmary services, suicide crisis intervention and emergency care).

Health Services

Health Services strives for the effective provision of essential medical and dental care. This is achieved by the elimination of costly expenditures attributed to unnecessary procedures through extensive inpatient as well as facility utilization management efforts, statewide nursing skill assessment and development and clinical case management. The goal of utilization management is to encourage the highest quality, in the most appropriate setting, from the most appropriate provider. Through the utilization management program the Department seeks to avoid overuse of medical services by making clinical decisions based on available evidence based guidelines. Additionally, the Department aggressively manages the medication formulary to control costs.

The Nursing Skills training ensures that all TDOC nurses are both competent and up to date in their ability to utilize each facility's infirmary to its full potential, thus decreasing the number of inmates needing costly emergency room treatment and hospitalization to manage minor acute illness and uncontrolled chronic conditions. This also allows for shorter inpatient days when hospitalization is medically indicated. The Department has established regional sub-acute centers to facilitate follow up care being performed on site, i.e. completion of IV antibiotics. Control measures have been established to track hospital admissions and transfers to the emergency room.

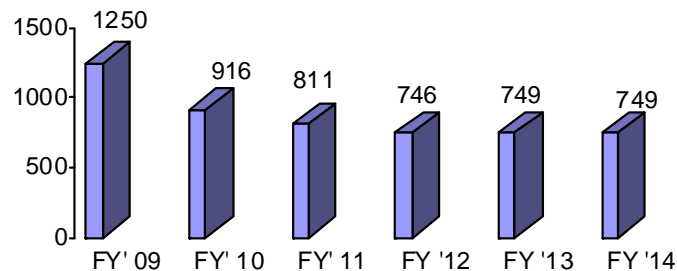

As part of its mission, the Department continues the effective management of chronic diseases among our inmate population (See Table 1).

Table 1: Chronic Disease Caseload

Hepatitis C	2735
Seizures	382
Diabetes	1142
HTN	4101
Asthma	887
COPD	349
HIV	239
Cancer	121
TB/INH	118

Due to extensive inpatient utilization management efforts the Department continues to achieve a significant decrease in hospital admissions. Hospital admissions have decreased approximately 500 encounters (see Table 2) since fiscal year 2009 and while population numbers continue to increase, hospital admissions remain constant for the last three years.

Table 2: 5-Year Analysis of Hospital Admissions

Behavioral Health Services

Behavioral Health Services sets policy standards for the delivery of mental health and substance abuse treatment services and evaluates the care provided throughout the TDOC system. The goals are to (1) reduce the debilitating effects of serious mental illness and maximize each inmate's ability to participate in programs while maintaining a safe prison environment for inmates and staff, and (2) help prepare inmates with mental illness and/or substance abuse treatment needs to successfully transition from incarceration back to the community. Behavioral Health Services collaborates with mental health and substance use treatment vendors to provide specialty services (e.g., psychology, psychiatry, and substance abuse treatment). A continuum of services is provided including psychological assessment, case management, medication management, crisis intervention, individual/group therapy, substance abuse treatment services, and Sex Offender Treatment Program. During this last fiscal year, the TDOC Office of Behavioral Health Services has managed the following accomplishments:

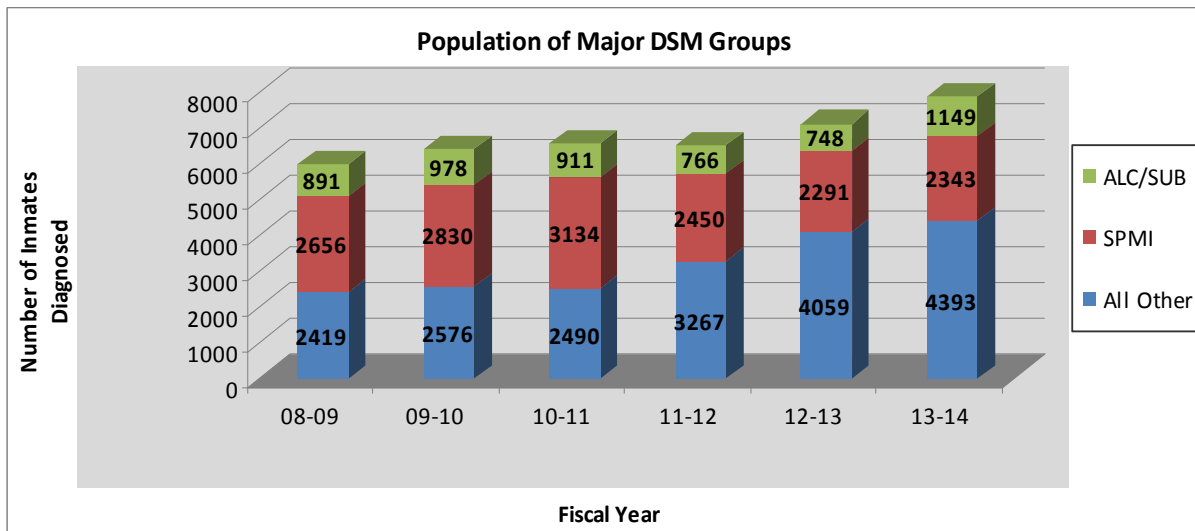

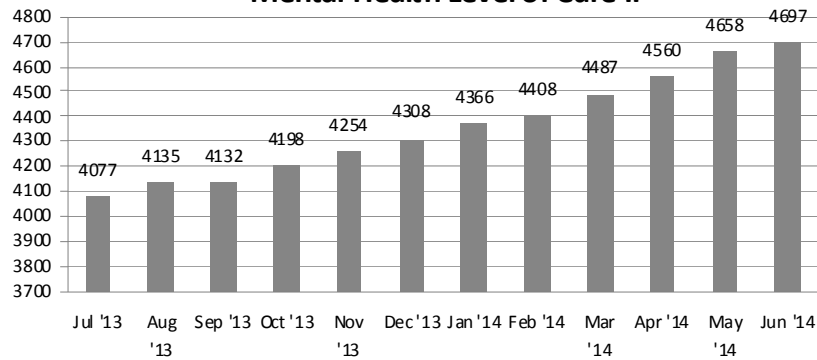

- Expanded the creation of Centers of Excellence Level III and Level IV Supportive Living Units (SLU) at DeBerry Special Needs Facility, Morgan County Correctional Complex, Riverbend Maximum Security Institution, South Central Correctional Facility, and West Tennessee State Prison
- Treatment for co-occurring disorders
- Clinical case management to address the special reentry needs of offenders with significant mental health issues
- Integrated community-based forensic social workers into the treatment planning and delivery of mental health treatment needs for offenders under parole supervision
- In collaboration with our mental health vendor, maintained a web-based reentry portal to identify community resources such as housing, transportation, medical care, etc., that are available throughout the state to assist offenders in overcoming barriers that commonly pose a challenge to successful transition back to the community.

Behavioral Health Services has continued to utilize standardized protocols and guidelines for community transition of inmates with mental illness. The focus is treatment team effectiveness, case management, and transition/reentry of offenders with special mental health needs. Behavioral Health Services supports the use of behavioral and cognitive-behavioral interventions as an alternative to the exclusive reliance on psychotropic medication in addressing offenders' mental health issues.

Approximately 16% of the offender population is receiving psychotropic medication for a mental illness. All inmates are assessed for their level of mental health functioning in accordance with a Level of Care system. The Level of Care is an inmate's need for mental health services based on the ability to function in general population. Data in Table 3 indicates the number of offenders in the category (Level II) increased 15% over the past fiscal year. While this continues to reflect an increase in the number of offenders receiving mental health treatment since implementation of the Level of Care system, the rate of growth is significantly lower than the previous year (29%). We believe the increase in the number of offenders identified as Level II reflects both a more accurate assessment of the true mental health needs of the offender population, as well as the enhanced mental health treatment resources that are now available to offenders with the continued implementation of the mental health contract

Table 3:

Mental Health Level of Care II

*Denotes violent incidents

Please note that incidents reported may include more than one participant while other incidents are by definition about a single participant (ex: death or suicide). Incident rates (per 100 inmates) are calculated on the basis of the average inmate population by facility and system wide.

SOURCE: This report summarizes data entered by Facility Operations' personnel in accordance with TDOC policy 103.02.

STATISTICAL ABSTRACT USER'S GUIDE

Population, Capacity, & Trends

TDOC Backup: Felons sentenced to TDOC custody and held in local jails while awaiting transfer to a TDOC institution.

Local or Locally Sentenced: Convicted felons sentenced to serve their time in a local jail. As felony offenders, these persons are under TDOC jurisdiction.

Other Convicted Felons: Convicted felons awaiting sentencing or not yet ready for transfer to TDOC because of other pending charges. Includes technical violators awaiting probable cause/revocation/rescission hearing or adjudication of pending charges.

Convicted Misdemeanants: Inmates serving time because of a misdemeanor conviction.

Pre-Trial Felony Detainees: Inmates charged with a felony but not yet convicted.

Pre-Trial Misdemeanant Detainees: Inmates charged with a misdemeanor but not yet convicted.

Others: Inmates held in local facilities for federal crimes, city ordinances, etc.

Community Corrections: A grant program created in 1985 as an alternative to incarceration. Programs are developed based on the individual needs of the area served.

Probation: Felons subject to conditions imposed by the court and subject to community supervision without incarceration.

Parole: Felons originally sentenced to an incarceration period and released to serve the remainder of their sentence under community supervision.

Offender Accountability, Programs & Services

Level of Care: An inmate's need for mental health services based on their ability to function in general population.

Level I: No mental health services are indicated for the inmate. Adjustment and function in the general population is not impaired by mental illness.

Level II: Mental health outpatient services are indicated when an inmate's ability to function in general population is mildly impaired due to mental illness and/or mental retardation or is not currently impaired but he/she needs monitoring.

Level III: Supported living unit services are indicated when an inmate's ability to function in general population is moderately impaired due to a serious mental illness. This designation reflects a tenuous mental status that is easily overwhelmed by everyday pressures, demands, and frustrations.

Level IV: Supported living unit services are indicated when an inmate's ability to function in general population is severely impaired due to serious and persistent mental illness. This level reflects active symptoms of a major mental illness and impaired reality testing.

Demographics

Class A Incidents: Events which involve life threatening matters and breaches of security that are likely to cause serious operational problems, imminent threat to the control and order of a facility and/or to the community

Selected other incidents: Less serious events where injury to staff, visitors and/or inmates may or may not have occurred that cause the disruption of the normal facility operation, or which pose a possible risk to the health or safety of the general public that did not require the involvement of outside agencies in institutional functions, as well as events that pose no threat to the local community, or to the safe and secure operation of the institution.

Please note that most incidents reported in the monthly summary may include more than one participant or infraction while other incidents are by definition about a single participant (ex: death or suicide).
